The Future of Scholarly Publishing Peter Weingart, Niels Taubert, 2017-10-10 The formal scientific communication system is currently undergoing significant change This is due to four developments the digitisation of formal science communication the economisation of academic publishing as profit drives many academic publishers and other providers of information an increase in the self observation of science by means of publication citation and utility based indicators and the medialisation of science as its observation by the mass media intensifies Previously these developments have only been dealt with individually in the literature and by science policy actors *The Future of Scholarly Publishing* documents the materials and results of an interdisciplinary working group commissioned by the Berlin Brandenburg

Academy of Sciences and Humanities BBAW to analyse the future of scholarly publishing and to make recommendations on how to respond to the challenges posed by these developments As per the working groups intention the focus was mainly on the sciences and humanities in Germany However in the course of the work it became clear that the issues discussed by the group are equally relevant for academic publishing in other countries As such this book will contribute to the transfer of ideas and perspectives and allow for mutual learning about the current and future state of scientific publishing in different settings

Studies in the Harley Manuscript Susanna Fein,2000-09-01 *Studies in the Harley Manuscript* is the first comprehensive examination of a manuscript that is of supreme value to literary scholars of medieval English literature In an Introduction and fifteen essays a team of scholars considers many aspects of the 140 folios of this trilingual miscellany that preserves 121 items or 122 depending on how one counts from which we get a strange and privileged glimpse into the rich literary heritage that existed in England prior to the flourishing of vernacular poetry in the Richardian era As the Contents indicates the history and composition of the manuscript are considered as are the Anglo Norman English and Latin compositions that it preserves This is a companion volume to the three volume complete edition of Harley 2253

Modern Indian Literature, an Anthology: Surveys and poems K. M. George,1992 This Is The First Of Three Volume Anthology Of Writings In Twenty Two Indian Languages Including English That Intends To Present The Wonderful Diversities Of Themes And Genres Of Indian Literature This Volume Comprises Representative Specimens Of Poems From Different Languages In English Translation Along With Perceptive Surveys Of Each Literature During The Period Between 1850 And 1975

Lovable Losers Mikael S. Adolphson,Anne Commons,2015-09-30 *Lovable Losers* is the first substantial piece of English language scholarship to examine the actions and the memorization of the Heike Ise Taira a family of aristocratic warriors whose resounding defeat at the hands of the Seiwa Genji in 1185 resulted in their iconic status as tragic losers The Tale of the Heike and the many other works derived from it set in place the depiction of the Heike as failed upstart aristocrats whose spectacular downfall was due to neglect of their warrior heritage and the villainy of the family head Taira no Kiyomori *Lovable Losers* aims to contextualize and deconstruct representations of the Heike not only to show how such representations were created in specific contexts in response to specific needs but also to demonstrate that the representations themselves came to create and sustain a particular kind of culture Drawing on the expertise of scholars in a variety of disciplines this volume explores the Heike in their own time and their depiction as cultural figures in the centuries that followed Their portrayal in literature and the arts spans more than eight hundred years and a wide range of genres and media including n plays picture scrolls early modern comic books novels and film In texts from the sixteenth to twentieth centuries the Heike serve as catalysts for miracles and vectors for subtle criticisms of the Tokugawa government Over time Kiyomori became an emblem of postwar democracy and economic progress today he is a powerful symbol of modern citizens dissatisfaction with politics The Heike s ambiguous moral standing allowed them to be reimagined reconstructed and

repurposed by different authors in different contexts as both heroes and villains Rather than assuming their failure Lovable Losers repositions the Heike within the larger phenomenon of the Genpei War and its aftermath demonstrating how they took advantage of their station as nobles and warriors The new research it presents seeks to transcend categorization and blur the lines between different approaches to the Heike to give a well rounded depiction of a family who has played a defining role in Japanese culture in action in memory and somewhere in between

Global Perspectives on Quality Assurance and Accreditation in Higher Education Institutions Magd, Hesham, Kunjumammed, Siraj

Kariyilaparambu, 2021-09-17 Quality accreditation in higher education institutions HEIs is currently a buzzword The need to maintain high quality education standards is a critical requirement for HEIs to remain competitive in the market and for government and regulatory bodies to ensure the quality standards of programs offered From being an implicit requirement that is internally addressed quality assurance activities become an explicit requirement that is regularly audited and appraised by national and international accreditation agencies HEIs are voluntarily integrating quality management systems QMS institutional and program specific in response to the political and competitive environment in which it exists Through its higher education department or by creating non profitable accreditation bodies many governments have implemented a quality framework for licensing HEIs and invigilates its adherence based on which accreditation statuses are granted for HEIs Global Perspectives on Quality Assurance and Accreditation in Higher Education Institutions provides a comprehensive framework for HEIs to address quality assurance and quality accreditation requirements and serves as a practical tool to develop and deploy well defined quality management systems in higher education The book focuses on the critical aspects of quality assurance the need to develop a concise and agile vision mission values and graduate attributes and to develop a system that effectively aligns the various activities of the HEI to the attainment of the strategic priorities listed in the institutional plans The chapters each cover the various facets of the quality assurance framework and accreditation agencies requirements with practical examples of each This book is useful for HEI administrators quality assurance specialists in HEIs heads of academic departments internal auditors external auditors and other practitioners of quality along with stakeholders researchers academicians and students interested in quality assurance and accreditation in higher education
