Goode,1968 **The American Lover** Rose Tremain,2014-12-16 A seductive new collection from a magnificent story teller Independent on Sunday Trapped in a London flat Beth remembers a transgressive love affair in 1960s Paris The most famous writer in Russia takes his last breath in a stationmaster s cottage miles from Moscow A father finally free of his daughter s demands embarks on a long swim from his Canadian lakeside retreat And in the grandest house of all Danni the Polish housekeeper catches the eye of an enigmatic visitor Rose Tremain awakens the senses in this diverse collection of short stories In her precise yet sensuous style she lays bare the soul of her characters the admirable the embarrassing the unfulfilled the sexy and the adorable to uncover a dazzling range of human emotions and desires

Contemporary Poets James Vinson,D. L. Kirkpatrick,1985 **Speculation and Revelation** Lev Shestov,1982 **Early Joys** Konstantin Fedin,1973 Portable Prairie M. J. Andersen,2025-09-23 In a moving and bittersweet story M J Andersen chronicles her childhood and adolescence in South Dakota her departure to forge her own life and her persistent longing for the landscape she left behind Her hometown given the fictional name of Plainville is so quiet that one local family regularly

parks by the tracks to watch the train pass through Yet small town life and especially the prairie prove to be fertile ground for Andersen s imagination Exploring subjects as seemingly unrelated as Roy Rogers and Tolstoy s beloved Anna Karenina she repeatedly locates a transcendent connection with South Dakota s broad horizon Andersen introduces us to her hardworking newspaper family which produces one of Plainville s two competing weeklies to Job s Daughters a Christian association intended to prepare young women for adversity Plainville s chapter assumes the added responsibility of throwing the town s best teen dances and even to a local variety of hardy alfalfa to which her best friend has a surprising kinship Leaving behind her physical home Andersen travels East for college remaining to begin a journalism career With her husband she eventually settles into her first house a beautiful Victorian that though loved somehow does not feel like home in the way she had anticipated Through subsequent travels memories and a meditation on Tolstoy s complex relationship to his ancestral home she arrives at a new idea of what home is one that should resonate with every American who has ever had to pull up stakes

psychobiographical framework Sethness Castro uncovers profoundly queer dimensions in Tolstoy's life experiences and art. Deftly contributing to the progressive and radical analysis of gender and sexuality, this book examines how Tolstoy's erotic dissidence informed his anarchist politics, anti-militarist ideals, and voluminous literary production. Sethness Castro analyzes the influence of Buddha, Socrates, Jesus, Cervantes, Rousseau, Kant, Herzen, Proudhon, Chernyshevsky, and his mother Marya Volkonskaya on the artist's writings. Furthermore, he details Tolstoy's emblematic linking of LGBTQ desire with moral and erotic self-determination and resistance to Tsarist despotism, especially in *War and Peace*. This book is vital reading for those interested in the intersection of literature, psychoanalysis, queer studies, and Russian history. A Rosicrucian Soul Russell Pooler, 2009-03. Written 1904-1908. CW 11. Rudolf Steiner shows that the insoluble link between humanity and cosmos is the fundamental basis of evolution. As human beings have participated in the development of the world we know today, so their achievements are directly connected with the ultimate destiny of the universe. In human hands rests the freedom to shape the future course of creation. Knowledge of our exalted origins and of the path we have followed is indispensable if we are to evolve a future worthy of responsible human beings. Through a study of Steiner's writings, one can come to a clear, reasonable, comprehensive understanding of human beings and their place in the universe.

Paul Marshall Allen. In the best tradition of ancient wisdom literature, *Cosmic Memory* reconstructs from the akashic record events that span the time between the origin of the Earth and the beginning of recorded history. This spiritual research includes a profound investigation of the origins, achievements, and fate of the Atlanteans and Lemurians, the remarkable lost root races that developed the first concepts of good and evil, manipulated natural forces, laid the foundation for human legal and ethical systems, and defined and nurtured the distinctive yet complementary powers of men and women that brought humankind many centuries ago to its highest artistic, intellectual, and spiritual attainments. Through this discussion of our true origins, *Cosmic Memory* offers a genuine foundation for our lives, allowing us to realize our real value, dignity, and essence. The reader is shown our human connection with the world around us, as well as our highest goals and true destiny. This is a key volume for understanding Rudolf Steiner's early development as a Theosophist and how his ideas, terminology, and formulations during that time fit into the development of his anthroposophic epistemology and Christology. This volume is a translation of *Aus der Akasha Chronik* Rudolf Steiner Gesamtausgabe 11. Rudolf Steiner Verlag, 1986.
