Whitaker's Books in Print ,1998 Racing Pigeon Bulletin ,1986 The Vikings on Film Kevin J. Harty,2014-01-10

Factual and fanciful tales of the Nordic warriors known as Vikings have proven irresistible to filmmakers for nearly a century. Diverse prominent actors from Kirk Douglas, Richard Widmark and Sidney Poitier to Tim Robbins and John Cleese and noted directors including Richard Fleischer, Clive Donner and Terry Jones have all lent their talents to Viking related films. These fourteen essays on films dealing with the Viking era discuss American, British and European productions. Analyzed in detail are such films as *The Vikings* 1958, *The Long Ships* 1964, *Alfred the Great* 1969, *Erik the Viking* 1989 and *Outlander* 2008 as well as two comic strip adaptations: the 1954 and 1989 films of *Prince Valiant* and the animated *Asterix and the Vikings* 2006. A comprehensive filmography is also included.

In this comprehensive introduction, Henriette Walter provides the reader with a panoramic view of the development of the French language in the past, present and future. She takes the reader on a rapid and lively journey through the historical development of the language from its Latin origins to the present day. She goes on to set the language in its linguistic context by surveying its surviving and vanished dialects and regional variations of the language within France. Widening her focus, Walter examines French throughout the world, giving examples of the pronunciation and vocabulary of each region or nation. Finally, she looks at French today, its structure, the effects of social change on the language and its future in an increasingly English dominated world. This stimulating and entertaining account offers students of French a clear and accessible introduction to the language. The wealth of information it provides is reflected in the extensive bibliography, four indices and numerous word lists, maps and diagrams.
