crises in the very financial markets on which that assertion was based Both trends unsettled certainties about the rule of law and institutional economics Meeting legal origins theory in its main areas of political science sociology and economics the book extends the interdisciplinary reach to neglected aspects of comparative law legal history dynamic econometric analysis and quasi natural experiments with counterfactual evidence of different institutional regimes in divided countries These combined methodological tools make tests of the economic impact of different legal origins much more reliable This is shown for developed and newly industrialized countries as well as developing transforming and emerging countries with or without financial center advantage affected or not by financial crises The Asian financial crises and the American subprime crisis have been or could have been resolved using the resources of common law or civil law These cases and data on access to justice in Africa Asia and Latin America reveal the problem of substantive law remaining law on the books without efficient procedural rules and judicial structures The single most striking common law civil law divide is that lawyer dominated common law procedure is slower and costlier than judge managed civil law procedure Countries as diverse as the Netherlands Japan and China show functional interaction between culture and law in legal reforms Such interaction can reduce the occurrence of legal disputes as well as facilitate their resolution It can use economic crises as catalysts for legal reforms or rely on regional integration and it should replace the discredited method of legal transplants by sustained dialogue between legal advisors and all actors involved in legal reforms

European Comics in

English Translation Randall William Scott, 2002 European comic authors produced a steady stream of comic material throughout the twentieth century but gained the world's notice in 1975 when the French magazine *Métal Hurlant* was founded. A new generation of artists and writers had begun. Soon publishers were producing translations of the new comics into other languages including English and comics creators everywhere were inspired to innovation. This is a reference work arranged by artist or writer to European comics from the last quarter of the twentieth century that have been translated from any European language into English. It contains a variety of material from the innocent imperialism of Herge's Tintin to the sadistic murder for hire in Bernet's Torpedo. Albums by a single creator or artist and writer team of European origin are the focus; comics in periodicals and anthologies with multiple contributors are excluded. Each entry provides a plot abstract and various notes about the original comic. An author index provides brief biographical information. There is a comprehensive general index.

Asterix The Gaul René Goscinny, 2014-01-02 The latest action-packed adventure from our indomitable Gauls Asterix and the Griffin is out now. The year is 50 BC and all Gaul is occupied. Only one small village of indomitable Gauls still holds out against the invaders. But how much longer can Asterix, Obelix and their friends resist the mighty Roman legions of Julius Caesar? Anything is possible with a little cunning plus the druid Getafix's magic potions. Their effects can be truly hair-raising.

Asterix in Switzerland René Goscinny, 2014-05-01 Quaestor Vexatius Sinustitis who is about to expose the Roman governor's creative accountancy has been poisoned. Can Getafix brew an antidote? Only if Asterix and Obelix find a certain flower for the druid's potion in Helvetia. What with bank safes, cuckoo hourglasses, yodelling and holes in the cheese, they're soon on a real Helvetian roll.

Asterix in Spain René Goscinny, 2014-05-01 The brave Iberians are holding out against Julius Caesar like Asterix and his friends. So when Chief Huevos y Bacon's son is taken hostage, who better to rescue him than the Gauls? Taking him home to Hispania, now Spain, they tangle with the tourist industry and flamenco and face a wild aurochs in the arena or bullring. And can it be true? Cacofonix finds a fan in little Pepe.

Asterix in Corsica René Goscinny, 2014-06-05 Vendetta's fierce family pride resistance fighters dodging the enemy in the maquis. We're in Corsica in 50 BC. Asterix and Obelix help Chief Boneywasawarriorwayayix to foil the evil designs of Praetor Perfidius and oppose Julius Caesar's army. For the only emperor the proud Corsicans will ever accept, so they say, must be a Corsican himself.

Asterix in Belgium René Goscinny, 2014-07-03 Who are bravest, the Belgian tribes or the Gauls? And who can destroy more fortified Roman camps?
