Asterix the Warrior Goscinny, Uderzo, 1993 **Asterix the Warrior** Goscinny, 1993 Omnibus edition includes Asterix the Gaul Asterix and the Goths Asterix the gladiator Asterix the legionary Asterix and the big fight Asterix and the chieftain's shield **The Vikings on Film** Kevin J. Harty, 2014-01-10 Factual and fanciful tales of the Nordic warriors known as

Vikings have proven irresistible to filmmakers for nearly a century Diverse prominent actors from Kirk Douglas Richard Widmark and Sidney Poitier to Tim Robbins and John Cleese and noted directors including Richard Fleischer Clive Donner and Terry Jones have all lent their talents to Viking related films These fourteen essays on films dealing with the Viking era discuss American British and European productions Analyzed in detail are such films as The Vikings 1958 The Long Ships 1964 Alfred the Great 1969 Erik the Viking 1989 and Outlander 2008 as well as two comic strip adaptations the 1954 and 1989 films of Prince Valiant and the animated Asterix and the Vikings 2006 A comprehensive filmography is also included

Masters of the Ninth Art Matthew Screech, 2005-01-01 In English speaking countries Francophone comic strips like Hergé's Les Aventures de Tin Tin and Goscinny and Uderzo's Les Aventures d'Asterix are viewed and marketed as children's literature But in Belgium and France their respective countries of origin such strips known as bandes dessinées are considered a genuine art form or more specifically the ninth art But what accounts for the drastic difference in the way such comics are received In Masters of the Ninth Art Matthew Screech explores that difference in the reception and reputation of bandes dessinées Along with in depth looks at Tin Tin and Asterix Screech considers other major comics artists such as Jacques Tardi Jean Giraud and Moebius assessing in the process their role in Francophone literary and artistic culture Illustrated with images from the artists discussed Masters of the Ninth Art will appeal to students of European popular culture literature and graphic art

Animation in Europe Rolf Giesen, 2022-08-24 There is a lot one could say about animation in Europe but above all there is no consistent European animation It is as disparate as the various countries involved Audiences will certainly recognize American or Japanese animation but in Europe it can range from Czech Polish and Hungarian to Greek Italian Spanish Portuguese French and British Animation in Europe provides a comprehensive review of the history and current situation of animation in over 20 European countries It features numerous interviews with artists and producers including rare documents and firsthand accounts that illustrate the rich history of animation in Europe Additional features include An extensive chronology with key events in European animation A Who's Who of producers directors writers and animators working in Europe An examination of the origin of European animation and its influence Animation in Europe is the first book devoted entirely to this topic and therefore will be of value for animation buffs as well as practitioners and researchers

Sommers, 2004-12-15 The land The people The languages of France French myths and legends French festivals and ceremonies of antiquity and today The religions of France throughout its history The art and architecture of France The literature and music of France Famous foods and recipes of France Daily life and customs in France France at a glance An Introduction to Discourse Analysis and Translation Studies Michela Canepari, 2014-05-15 Comics in Translation Federico Zanettin, 2015-12-22 Comics are a pervasive art form and an intrinsic part of the cultural fabric of most countries And yet relatively little has been written on the translation of comics Comics in Translation attempts to address this gap in the literature and to offer the first and most comprehensive account of various aspects of a diverse range of social practices subsumed under the label comics Focusing on the role played by translation in shaping graphic narratives that appear in various formats different contributors examine various aspects of this popular phenomenon Topics covered include the impact of globalization and localization processes on the ways in which translated comics are embedded in cultures the import of editorial and publishing practices textual strategies adopted in translating comics including the translation of culture and language specific features and the interplay between visual and verbal messages Comics in translation examines comics that originate in different cultures belong to quite different genres and are aimed at readers of different age groups and cultural backgrounds from Disney comics to Art Spiegelman's Maus from Katsuhiro Tomo's Akira to Goscinny and Uderzo's Asterix The contributions are based on first hand research and exemplify a wide range of approaches Languages covered include English Italian Spanish Arabic French German Japanese and Inuit The volume features illustrations from the works discussed and an extensive annotated bibliography Contributors include Raffaella Baccolini Nadine Celotti Adele D'Arcangelo Catherine Delesse Elena Di Giovanni Heike Elisabeth J. ngst Valerio Rota Carmen Valero Garc's Federico Zanettin and Jehan Zitawi **Crossing Borders** Anne Schröder, 2004 This book shows new approaches to the African continent and its various cultures explores different facets of African cultures as they exist or undergo changes and illustrates how and where African and European cultures come or have

come into contact interact and create something new The contributors are social cultural and literary scientists linguists and artists of various cultural backgrounds who investigate topics on an African country and who use novel and often interdisciplinary methods Their joint interest is a better understanding of the multifaceted character of the African continent which is still often depicted as a cultural monolith by exploring contemporary African literature theatre film music and the use of linguistic methods as well as the experience of Africans in diasporas

Representations of Classical Greece in Theme Parks Filippo Carlà-Uhink, 2020-04-16 Theme park studies is a growing field in social and cultural studies

Nonetheless until now little attention has been dedicated to the choice of the themes represented in the parks and the strategies of their representation This is particularly interesting when the theme is a historical one for example ancient Greece Which elements of classical Greece find their way into a theme park and how are they chosen and represented What is the entertainment element in ancient Greek history culture and myth which allows its presence in commercial structures aiming to people's fun How does the representation of Greece change against different cultural backgrounds e.g. in different European countries in the USA in China This book frames a discussion of these representations within the current debates about immersive spaces uses of history and postmodern aesthetics and analyses how ancient Greece has been represented and made enjoyable in seven different theme parks across the world providing an original and ground breaking contribution to theme park studies and classical reception
