**REMODEL YOUR SOOTHSAYER** JAYANTA BHAUMIK, 2018-12-26 Remodel Your Soothsayer is not about why you should or should not believe in astrology or any subject dealing in predictive faculties This book has tried to document the fact that the way you respond to the perception of the unseen can very much be extended or expanded through other far easier more comfortably active logical sets already present in you creating thus a useful stress free relation between you and the riddling awe for the unseen The book has tried to search how the prefixed factors can be seen waiting to be unravelled and accepted with some interesting flexibility of reasonings Which ultimately should help develop the very sense that the tenet of destiny does no way encourage man s limitational thought for life world or himself
