Astrology and Alchemy Mark Graubard,1953 **Astrology and Alchemy** Mark A. Graubard,1989-06-01 Science and Religion Harold K Schilling,2013-04-15 Originally published in 1963 This volume provides a rigorous interpretation that portrays science and religion in their actualities as personal communal and cultural phenomena involving different concerns conceptions and modes of inquiry The role of key aspects of their life and thought are investigated They are found to be remarkably alike and their basic differences far from making them mutually exclusive reveal them as potentially complimentary and mutually helpful **Astrology and Alchemy, Two Fossil Sciences. Mark Graubard,...** Mark Graubard,1953 **AETS Yearbook** ,1979 **Basilus Valentinus and his tinctures from Antimony** David A. Schein,2010 BASILIUS VALENTINUS AND HIS TINCTURES FROM ANTIMONY began as a doctoral thesis of Dr Schein with the University of Munich and was originally published in German in 1977 It reproduces the procedures set out in the famous alchemical manuscript The Triumphal Chariot of Antimony by basil Valentine Dr Schein proves that modern day alchemists should not shun the growing body of knowledge available since days of old while on the other hand science based investigations of alchemical text would do good not to ignore the alchemists viewpoint as outdated and irrelevant Ideally interest in Alchemy will neither remain in the past nor disregard the past but will help translate alchemical concepts and results into languages used today *An Anarchitectural Body of Work* Friederike Schäfer,2025-05-19 The artist dancer and educator Suzanne Harris 1940 79 was a protagonist of the downtown New York City artists community in the 1970s With her boundary transgressing practice she played a decisive part in avant garde projects such as the Anarchitecture group 112 Greene Street FOOD and the Natural History of the American Dancer Harris furthermore participated in the Heresies editorial collective Nevertheless her own oeuvre fell into abeyance Friederike Sch fer reconstructs Harris s dispersed postminimalist body of work which broke the mold of art categories art practices art spaces and the common notion of space The author draws on post Marxist feminist theory to trace how Harris transcended both sculpture and dance to create site specific ephemeral installations Second revised edition Recipient of the Terra Foundation for American Art International Publication Grant 2021 Look Inside **Folktales of the Jews, V. 3 (Tales from Arab Lands)** Dan Ben Amos,2011-05-01 Thanks to these generous donors for making the publication of the books in this series possible Lloyd E Cotsen The Maurice Amado Foundation National Endowment for the Humanities and the National Foundation for Jewish Culture Tales from Arab Lands presents tales from North Africa Yemen Lebanon Syria and Iraq in the latest volume of the most important collection of Jewish folktales ever published This is the third book in the multi volume series in the tradition of Louis Ginzberg s timeless classic Legends of the Jews The tales here and the others in this series have been selected from the Israel Folktale Archives IFA named in Honor of Dov Noy at The University of Haifa a treasure house of Jewish lore that has remained largely unavailable to the entire world until now Since the creation of the State of Israel the IFA has collected more than 20 000

tales from newly arrived immigrants long lost stories shared by their families from around the world The tales come from the major ethno linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs especially rich in Jewish content and context Each of the tales is accompanied by in depth commentary that explains the tale s cultural historical and literary background and its similarity to other tales in the IFA collection and extensive scholarly notes There is also an introduction that describes the culture and its folk narrative tradition a world map of the areas covered illustrations biographies of the collectors and narrators tale type and motif indexes a subject index and a comprehensive bibliography Until the establishment of the IFA we had had only limited access to the wide range of Jewish folk narratives Even in Israel the gathering place of the most wide ranging cross section of world Jewry these folktales have remained largely unknown Many of the communities no longer exist as cohesive societies in their representative lands the Holocaust migration and changes in living styles have made the continuation of these tales impossible This series is a monument to a rich but vanishing oral tradition This series is a monument to a rich but vanishing oral tradition
