Astrology And The Hoax Of Scientific Temper:

Astrology and the Hoax of Scientific Temper Gayatri D. Vasudev,1998-12-31 This book is an inspired collection of writings that expose the fraud of Scientific temper in its attacks on Astrology Astrology has always had its critics criticism in indeed healthy for the growth and proper understanding of any science But unfair and unjust criticism made up of distortions lies and bias must be forcefully met and nipped in the bud Otherwise it can be a dangerous enemy of all honest intellectual inquiry and examination

An Unique and Scientific Study of Rahu and Ketu Saket Shah,2020-03-29 Astrology is an integral part of Indian culture It is as old as the vedas It explains the celestial phenomena and the corresponding terrestrial events It explains the cause and effect of events The main basis of astrological thought is that the celestial phenomena effects the life and events on the earth It does not permit anyone to conclude any event just as an accident Celestial bodies generate a lot of energy in their movements and astrology shows us how we can use these energies operative in our lives in the best possible way Astrology is a science which helps the mankind to put their life in the right path Astrology was tested and experienced for many centuries and its knowledge was handed down the ages to new generations A study of the civilizations flourished in different parts of the world shows that Astrology played an important role in their life The places where astrology does not flourish are mostly barbarous lacking in knowledge and they don't have any communication with the universe In India astrology has been considered as the best guide to achieve the fourfold objectives of life and they are Dharma Artha Kama and Moksha All the activities of human being are directed towards the achievement of these goals and astrology helps us to achieve them in a organized manner Astrology has reached this stage after nullifying the criticisms which it has to face from the beginning itself Astrology has the seven visible grahas Sun Moon Mars Mercury Jupiter Venus and Saturn along with the two lunar nodes Rahu and Ketu Rahu and Ketu are accepted as grahas in Indian astrology only They are considered as shadowy grahas The details available about Rahu and Ketu are confusing Astrological texts don't have a unanimous opinion about Rahu Ketu These opinions create confusion in the mind of astrologers as well as astrology followers So there is a need of study on Rahu Ketu Rahu Ketu are considered as recent developments by many scholars But this is not true Their references are available in vedas itself So with a view to give some clear opinion on Rahu Ketu I have chosen this subject for study Further we know that astrology is the most criticized subject and research in this field are very less So I have tried to answer these criticisms and I hope that my study will encourage more researches in this field

A Philosophy for the Future Carlo Cellucci,2025-09-26 This book offers an alternative to the present prevailing approach to philosophy For there have never been so many professional philosophers as there are today yet philosophy has never been so irrelevant This is because

according to today's dominant philosophy namely analytic philosophy philosophy does not advance knowledge but only aims to understand what we already know As a result philosophy deals with artifactual puzzles of no abiding significance This contrasts with the fact that at some stages of its historical development philosophy has played a significant role in the advancement of knowledge To overcome the present impasse of philosophy this book proposes a view of philosophy as acquisition of knowledge according to which philosophy can open new ways to knowledge and lead to the birth of new sciences *Pointers to Profession* Mridula Trivedi, T. The Art of Matching Charts Gayatri Devi Vasudev, 2002-01-01 Matching of charts for marriage is a very important area of astrology Matching becomes indispensable if we realise that there are more factors than meet the eye that go to make a marriage not only happy but also lasting This volume on the important subject of horoscope matching is meant to give a correct idea of the complex process involved in it It is a complete and comprehensive guide to the intricate art of matching charts Nowhere in the world except perhaps in India have marriages survived lifelong for generations This is solely because marriages are made on astrological factors For the first time ever this book tells you what actually constitutes matching of charts and how to go about it It shows you how to overcome the situation when charts show marriage breakdown due to premature death severe incompatibility mental and psychological aberrations loss of spouse infidelity It contains practical examples from the author's case studies on good matching poor matching dosharidden matching dosha free matching This book is a compilation of author's editorials that have appeared earlier in *The Astrological Magazine* The illustrations and the questions and answers are additional and aimed at clearing some common doubts usually encountered while matching charts will help in removing many misconceptions on the subject amongst the laymen and in educating the students on the complex art of matching *Prabuddha Bharata*, 1991 *The Vedanta Kesari*, 1990 *Reference India*, 2005 *Stars of India* Peter Holt, 1998 Astrology and fortune telling are big business in India Many Indians regularly consult an astrologer and even government decisions are swayed by the position of the planets In this exuberant travelogue journalist Peter Holt traverses the country in search of the prediction experts He begins his journey at the Temple of Somnath in Gujarat the place where Hindus believe man first arrived on earth In Ladakh he is physically attacked by a Tibetan oracle for being an unbeliever In Ujjain he interviews a silent guru who has not spoken for 40 years and in Delhi he meets Indira Gandhi's former clairvoyant At journey's end Holt finally meets B V Raman said to be the greatest living astrologer in the world who gives the author his predictions for the future of the world *Indian Books in Print*, 2003 *Indian Book Industry*, 1990 **Asian Women**, 2007 **Beyond the Hoax** Alan Sokal, 2010-02-11 In 1996 Alan Sokal a Professor of Physics at New York University wrote a paper for the cultural studies journal *Social Text* entitled *Transgressing the Boundaries Towards a transformative hermeneutics of quantum gravity* It was reviewed accepted and published Sokal immediately confessed that the whole article

was a hoax a cunningly worded paper designed to expose and parody the style of extreme postmodernist criticism of science The story became front page news around the world and triggered fierce and wide ranging controversy Sokal is one of the most powerful voices in the continuing debate about the status of evidence based knowledge In Beyond the Hoax he turns his attention to a new set of targets pseudo science religion and misinformation in public life Whether my targets are the postmodernists of the left the fundamentalists of the right or the muddle headed of all political and apolitical stripes the bottom line is that clear thinking combined with a respect for evidence are of the utmost importance to the survival of the human race in the twenty first century The book also includes a hugely illuminating annotated text of the Hoax itself and a reflection on the furore it provoked *How British Intelligence Plotted to Read Hitler's Mind* James Parris,2021-06-01 In the darkest days of the Second World War as Europe fell under Nazi domination and Britain faced invasion Louis de Wohl a 36 year old refugee from Germany made a curious offer to British Intelligence Based on the widely held belief that Hitler s every action was guided by his horoscope de Wohl claimed he could reveal precisely what advice the F hrer s astrologers were giving him Rather than dismissing de Wohl out of hand as a crank senior intelligence officers and chiefs of staff of the three armed services took him at his word De Wohl was made an army captain and quartered in the Grosvenor House Hotel from where his one man Psychological Research Bureau passed astrological readings and assessments to the War Office before his deployment to the United States by the highly secret Special Operations Executive on a propaganda mission Was it possible that Military and Naval intelligence officers could take the ancient and arcane practice of astrology seriously Was de Wohl genuine or merely a charlatan Did his astrological readings contribute to the downfall of Hitler and Nazi Germany In *How British Intelligence Plotted to Read Hitler s Mind* the first fulllength study of Louis de Wohl James Parris examines the evidence including material from MI5 Military and Naval Intelligence files at the National Archives and reaches remarkable conclusions about this bizarre aspect of the Second World War *International Social Science Journal* ,2002 **Pahacāna** **pareḍa** Prakāśa Upādhyāya,2005-01-01 Politicization of cultural conflict and group identity in India a study
