The Karabakh Conflict Between Armenia and Azerbaijan M. Hakan Yavuz,Michael M. Gunter,2022-11-29 This book focuses on Post Soviet ethnic conflicts and Russia s involvement in them In light of its significant importance for general ethnic conflict specifically the post Soviet Caucasus along with the most recent war just fought over the area from September November 2020 this book appropriately argues that it is time to reconsider Karabakh This project deals with the historical social and political aspects of the Karabakh issue regarding its origins development and the current status of the conflict subsequent to the war in the autumn of 2020 Thus the main themes will stress these points as well as the importance of the Karabakh issue for the future by considering its precedents and implications for other secessionist wars This book also explores how such wars begin and end the international legal precedents of self determination versus territorial integrity its implications for post Soviet developments and conflicts and the latest successful weapons developments lessons from the recent war involving drones among others such as Azerbaijan s rich oil reserves War and Peace in the Caucasus Vicken Cheterian,2011-03-12 After the collapse of the Soviet Union the Caucasus was wracked by ethnic and separatist violence as

the peoples of the region struggled for self determination Vicken Cheterian who spent many years as a reporter and analyst covering the region s conflicts asks why nationalism emerged as a dominant political current and why of the many nationalist movements that emerged some led to violence while others did not He explains also why minority rebellions were victorious against larger armies in mountainous Karabakh Abkhazia and in the first war of Chechnya and discusses the ongoing instability and armed resistance in the North Caucasus He concludes his book by examining chapters the great power competition between Russia the US and the EU over the oil and gas resources of the Caspian region

Negotiating Armenian-Azerbaijani Peace Ohannes Geukjian,2016-04-22 Conflict resolution conflict management and conflict transformations are major themes in this unique book which examines explores and analyses the mediation attempts of the Organization for Security and Cooperation in Europe in the Nagorno Karabakh conflict Ohannes Geukjian shows the most striking characteristic of a protracted internal conflict such as this is its asymmetry and explains that without meeting basic human needs like identity recognition security and participation resolving any protracted social conflict is very difficult The Armenian Azerbaijani case demonstrates how official diplomacy may not be able to solve protracted internal conflicts as without addressing the real causes of the problematic relationship attempts at peace making will always be sporadic and the space for mutual understanding and compromise shrink Geukjian shows that conflict transformation has a particular salience in asymmetric conflicts such as this where the goal is to transform unjust relationships and where a high degree of polarisation between the disputants has taken root Using the Nagorno Karabakh case this book focuses on the anatomy and causes of deadlock in negotiations and highlights the many difficulties in achieving a breakthrough

Nagorno-Karabakh T. J. Petrowski,2022-09-08 The Azerbaijani attack on the de facto independent Republic of Artsakh formerly the Nagorno Karabakh Republic in September 2020 shattered the illusion that this conflict is frozen The forty four day war in 2020 was the bloodiest outbreak of violence over the separatist region since the conflict began in the late 1980s and threatened to embroil Turkey and Russia in a dangerous proxy war in the volatile South Caucasus Despite the publication of several works on the conflict since the 1990s many aspects of the conflict remain poorly understood or distorted in Western scholarship due to US NATO political influence Are the origins of the conflict found in Soviet nationalities policy and Joseph Stalin s divide and rule methods Do the Armenians in Artsakh have a right to self determination as enshrined in treaty and customary international law What role do Russia and Turkey have in the conflict Did Kosovo s 2008 declaration of independence establish a precedent for Artsakh and other separatist states such as Abkhazia and South Ossetia By breaking with the dominant US NATO political paradigm this book strives to answer these and many other questions to provide a long overdue reassessment of the Armenian Azerbaijani Conflict

Countries and Territories of the World , 'Tis Some Poor Fellow's Skull Patrick Wilson Gore,2008 Seeking to fragment any possible source of resistance to Moscow s authority Stalin split the Armenian nation between Armenia and Azerbaijan When the USSR fell apart the outlook seemed bleak for the Nagorno

Karabagh Armenians locked uncomfortably into Azerbaijan Random pogroms were followed by systematic ethnic cleansing And armed resistance Oil rich Azerbaijan cracked down and a bloody conflict ensued in which elements of the old Soviet military machine were put to the test in unexpected ways Afghan Mujahidin Chechen terrorists and missing nuclear weapons all played roles in Nagorno Karabagh s struggle to survive **De Facto States in the Post-Soviet Area** Agnieszka

Miarka,2023-11-24 This book provides an insightful analysis and holistic account of the process of the formation of de facto states in the post Soviet area Looking beyond the stereotype of mere puppet subjects the author explores the contemporary operation of separatist regions in Abkhazia and South Ossetia Transnistria Nagorno Karabakh and Donbas to understand the motives and mechanisms for their emergence and their instrumentalization in the politics of great powers Using policy documents quantitative data and political statements she explores the historical origins of the area and its operation during the Soviet era armed separatist conflicts and their implications and the actions of the United Nations the Organization for Security and Co operation in Europe the European Union the Commonwealth of Independent States and the role of powers such as the Russian Federation and the US The research contributes to the debate on the significance of de facto states for regional security and their potential for national identity building It will be of interest to scholars and students of Russia and the Post Soviet Area in International Relations and Nation Building **A Human Security Doctrine for Europe** Marlies

Glasiu,Mary Kaldor,2006-01-16 A Human Security Doctrine for Europe explores the actual needs of individual people in conflict areas rather than using a conventional institutional or geo political perspectives This new volume proposes that Europe should develop a new kind of human security capability that involves the military the police and civilians all working together to enforce law rather than to fight wars It argues that threats such as weapons of mass destruction or terrorism can only be countered if we address the insecurity of people in all parts of the world Many people in the world lead intolerably insecure lives In large parts of Africa the Balkans Central Asia and the Middle East men and women live in daily fear of violent attacks kidnapping rape extortion robbery or trafficking The existence of large military apparatuses does not create security indeed as in Iraq the use of regular military forces may only make things worse This stimulating study includes two chapters setting out the changed global context and proposing new approaches to security five regional studies on the Balkans the Great Lakes Region the Middle East the South Caucasus and West Africa four studies on different aspects of EU security policy including the legal setting the role of women operational principles and the role of the new member states four operational studies on capabilities resources and institutional embedding Written by a diverse team of international experts this book will be of strong interest to students and researchers of security studies peace studies human rights and international relations Ethnicity, Nationalism and Conflict in the South Caucasus Ohannes Geukjian,2016-05-13 This book

politics of the conflict and the historical territorial and ethnic dimensions which contributed to the dynamics of the war The impact of Soviet policies and structures are also included pinpointing how they contributed to the development of nationalism and the maintenance of national identities The book firstly explores the historical development of the Armenian and Azerbaijani national identities and the overlapping claims to the territory of Nagorno Karabakh The author goes on to assess the historical link between ethnicity and territorial location as sources of ethnic identification and conflict He examines how identity differences shaped the relationsa between Armenians and Azerbaijanis during the different phases of conflict and presents a detailed historical account of Soviet nationalities policy and ethno territorial federalism the basis of which ethnic relations were conducted between governing and minority nations in the south Caucasus This invaluable book offers students and scholars of post Soviet politics and society a unique insight into the causes and consequences of this long standing conflict
