Paris and the Marginalized Author Valérie K. Orlando, Pamela A. Pears, 2018-10-15 This volume of essays explores what it is that has brought marginalized and often exiled writers seen as treacherous alienated and or queer by their societies and nations together by way of Paris Spanning from the

inter war period of the late 1920s to the present millennium this volume considers many seminal questions that have influenced and continue to shape the realm of exiled writers who have sought refuge in Paris in order to write Additionally the volume's essays seek to define alienation and marginalization as not solely subscribing to any single denominator sexual preference gender or nationality but rather as shared modes of being that allow authors to explore what it is to write from abroad in a place that is foreign yet freed of the constrictions of one's home space What makes Paris a particularly fruitful space that has allowed these authors and their writings to cross national ethnic racial religious and linguistic boundaries for over a century What is it that brings together writers such as Moroccan Abdellah Taïa Americans James Baldwin Richard Wright and most recently Ta Nehisi Coates and Shay Youngblood Algerian Nabile Farès Franco Algerian Leila Sebbar Canadian Nancy Huston French Jean Genet and French Vietnamese Linda L How do their representations and understanding of transgression and marginalization transcend national linguistic and ethnic boundaries leading ultimately to revolution both literary and literal How does their writing help us to trace the history of Paris as a literary and artistic capital that has been useful for authors exploration of the Self race and home country These are but a few of the many questions explored in this volume This book relies on an inherently intersectional approach which is not based in reified identities whether they be LGBT postcolonial ethnic national or linguistic Instead we posit that for example queer theory and a politics of difference can help us investigate the dynamics of these multiple identity positions and hence provide a broader understanding of the lived experiences of these writers and perhaps their readers from the early 1940s to the present

Black Bourgeois Candice M. Jenkins, 2019-10-15 Exploring the forces that keep black people vulnerable even amid economically privileged lives At a moment in U S history with repeated reminders of the vulnerability of African Americans to state and extralegal violence *Black Bourgeois* is the first book to consider the contradiction of privileged presumably protected black bodies that nonetheless remain racially vulnerable Examining disruptions around race and class status in literary texts Candice M Jenkins reminds us that the conflicted relation of the black subject to privilege is not solely a recent phenomenon Focusing on works by Toni Morrison Spike Lee Danzy Senna Rebecca Walker Reginald McKnight Percival Everett Colson Whitehead and Michael Thomas Jenkins shows that the seemingly abrupt discursive shift from post Civil Rights to Black Lives Matter from an emphasis on privilege and progress to an emphasis on vulnerability and precariousness suggests a pendulum swing between two interrelated positions still in tension By analyzing how these narratives stage the fraught interaction between the black and the bourgeois Jenkins offers renewed attention to class as a framework for the study of black life a necessary shift in an age of rapidly increasing income inequality and societal stratification *Black Bourgeois* thus challenges the assumed link between blackness and poverty that has become so ingrained in the United States reminding us that privileged subjects too are classed This book offers finally a rigorous and nuanced grasp of how African Americans live within complex intersecting identities

Gaines Josephine Humphreys Randall Kenan Reynolds Price Alice Walker and Tom Wolfe illuminate the complexities of the color line and the problems in defining racial identity today While an earlier generation of black and white southern writers challenged the mythic unity of southern communities in order to lay bare racial divisions Jones finds in the novels of contemporary writers a challenge to the mythic sameness within racial communities and a broader definition of community and identity Closely reading these stories about race in America Race Mixing ultimately points to new ways of thinking about race relations We need these fictions Jones writes to help us imagine our way out of the social structures and mind sets that mythologize the past fragment individuals prejudice people and divide communities
