The Aftermath of the Battle of Little Bighorn W.A. Wallace, 2025-08-05 The second volume Wallace's work seeks to shine light on the cover up of the murder conspiracy of Generals Sheridan and Sherman to kill G A Custer as well as go over the aftermath of the battle itself and the resulting Reno Court of Inquiry Lt Col George Armstrong Custer died at the hands of Native Americans by the banks of the Little Bighorn in Montana 25th June 1876 This is an established undisputed fact What is disputed is the real reason that he died So forget all you have been led to believe and begin to learn the truth George Custer was anathema to his superiors but the populace loved him If he were to stand for president in the coming elections there was a strong possibility that he would win Neither William T Sherman nor Little Phil Sheridan could allow that to happen Thus they conspired to put Custer in a position in the field where the opposing Sioux and Cheyenne were stronger and could deliver the Coup de Gras This is the second of two books dealing with the circumstances that arose leading the Native Americans on a collision course with the US Army that fateful day and the death of a national hero

Subsequently the conspiracy is uncovered and shows how these men used their powers and positions and so deftly covered their tracks Perhaps but not quite 30 years of diligent research has uncovered the truth in this groundbreaking history Unmissable and shocking dare you not read this surprising revelation
