To Be a Problem (LARGE PRINT EDITION) Dara Baldwin, 2024-07-09 A searing critique of the disability rights movement from within and a call for collective liberation that is pro Black and centers disabled people of color For over twenty years Dara Baldwin has often been the only person of color in the room when significant disability policy decisions are

made Disenfranchisement of people of color and multi marginalized communities within the disability rights community is not new and has left many inside the community feeling frustrated and erased In To Be a Problem Baldwin candidly shares her journey to becoming a disability activist and policymaker in DC while critiquing the disability rights community She reveals the reality of erasure for many Black people and people of color in the disability movement and argues that in turn many white disabled people center themselves within the work without addressing their own white privilege Disability rights groups have been centering white straight cisgender people while racial justice groups often fail to center disabled people leading many Black and Brown disabled people to start their own Disability Justice organizations Drawing from her unique vantage point Baldwin calls readers to understand the shortcomings of the disability rights movement while inspiring us to push all movements towards a more inclusive and authentic liberation

The Summer of 2020 Andre E. Johnson, Amanda Nell Edgar, 2024-03-11 In the wake of George Floyd's murder in May 2020 protests broke out in Minneapolis and quickly spread across the United States National unrest led to the resurgence of the Black Lives Matter movement and added to calls for justice in other American cities including Los Angeles Atlanta Tulsa and Louisville Kentucky where only months earlier Breonna Taylor was killed by police By some estimates BLM protesters numbered between fifteen million and twenty six million in the US and abroad The Summer of 2020 George Floyd and the Resurgence of the Black Lives Matter Movement spotlights the perspectives of individual participants who contributed to the movement's revived impact and global success throughout 2020 Authors Andre E Johnson and Amanda Nell Edgar interview the movement's activists from seasoned organizers to first time protesters to discover what Black Lives Matter meant to those who participated in one of America's largest social movements Johnson and Edgar's fieldwork reveals the complexity of taking a stand especially in the face of increasing threats from white supremacist groups continuing police aggression and a persisting global pandemic In a time with unprecedented levels of political polarization the wave of support for the Black Lives Matter movement powerfully disrupted that expectation Without a clear sense of what led to the surge in support for Black Lives Matter racial justice advocates are left ill equipped to maintain and harness the political momentum necessary to achieve lasting equity and justice In delving beyond a conventional focus on leaders and figureheads this volume bolsters social movement research by accounting for the increasing numbers of Black Lives Matter supporters and demonstrators and the lasting power of their message
