County's brutal racial history Patricia Michelle Boyett debunks the myth of moderation by exploring the mob lynchings police brutality malicious prosecutions and Klan terrorism that linked Forrest and Jones Counties since their founding She traces how racial atrocities during World War II and the Cold War inspired local blacks to transform their counties into revolutionary battlefields of the movement Their electrifying campaigns captured global attention forced federal intervention produced landmark trials and chartered a significant post civil rights crusade By examining the interactions of black and white locals state and federal actors and visiting activists from settlement to contemporary times Boyett presents a comprehensive portrait of one of the South's most tortured and transformative landscapes Class Unknown Mark Pittenger, 2012-08-13 How well meaning intellectuals helped develop our understanding of the American underclass Since the Gilded Age social scientists middle class reformers and writers have left the comforts of their offices to pass as steel workers coal miners assembly line laborers waitresses hoboes and other working and poor people in an attempt to gain a fuller and more authentic understanding of the lives of the working class and the poor In this first sweeping study of undercover investigations of work and poverty in America award winning historian Mark Pittenger examines how intellectuals were shaped by their experiences with the poor and how despite their sympathy toward working class people they unintentionally helped to develop the contemporary concept of a degraded and other American underclass While contributing to our understanding of the history of American social thought Class Unknown offers a new perspective on contemporary debates over how we understand and represent our own society and its class divisions **Campus Hate Speech on Trial** Timothy C.
