Black Lives, White Lives Bob Blauner, 2022-02 The oral history of 16 blacks and 12 whites who fought for racial change and civil rights

Black Lives, White Lies: The Need for White Christians to Fight Racism in America Dr. Eugene G. Akins III, 2021-08-10 Most of us at one time or another have experienced or even told a White Lie We may tell one to keep from hurting someone we care about We may tell one to hurt someone Whatever the source or the reason a White Lie is always inaccurate information Unfortunately when it comes to Race in America White Lies have been a staple of the narrative White lies have been told to Black people about Black people and believed by Black people White lies have been told to White people about Black people and believed by White people Lies lies and more lies and as our nation s history tells us this has not been a recipe for success when it comes to Blacks and Whites understanding each other Because of all the lies many Whites in America are puzzled by the phrase Black Lives Matter Some are offended and think Black people suddenly think they are better than Whites Nothing could be further from the truth This book is an attempt to provide a glimpse into the reason that phrase came into being It provides information for Black readers that has not been provided by mainstream history in the U S It will shed light on things that all Black Americans should understand about how we arrived at this point It hopes to enlighten White readers in a very small way about the Black Experience in America It seeks to answer some of the questions White readers may have about what led to the use of the phrase and encourage White Christian readers to consider taking up this Cross in an effort to be more like Christ

Implications of Race and Racism in Student Evaluations of Teaching LaVada U. Taylor, 2021-05-07 Implications of Race and Racism in Student Evaluations of Teaching The Hate U Give highlights practices in higher education such as using student evaluations of teaching to inform merit increases contract renewals and promotion and tenure decisions The collection deconstructs student course feedback to reveal implications of race and racism inherent in student responses mirroring learned behavior situated within the social political context of US culture and K12 schools Learned behavior fostering racial hate given to students informing and shaping classroom experiences with BIPOC faculty To this end the work speaks to systemic racial inequity in higher education learning spaces and possibilities of reimagining student evaluations as a cry for a more just and equitable society
