Savage,1999 Tells how Blacks used radio Whiteness of a Different Color Matthew Frye Jacobson,1999-09-01 America s racial odyssey is the subject of this remarkable work of historical imagination Matthew Frye Jacobson argues that race resides not in nature but in the contingencies of politics and culture In ever changing racial categories we glimpse the competing theories of history and collective destiny by which power has been organized and contested in the United States Capturing the excitement of the new field of whiteness studies and linking it to traditional historical inquiry Jacobson shows that in this nation of immigrants race has been at the core of civic assimilation ethnic minorities in becoming American were re racialized to become Caucasian **Reconstructing the Fourth Amendment** Andrew E. Taslitz,2009-03 The modern law

of search and seizure permits warrantless searches that ruin the citizenry s trust in law enforcement harms minorities and embraces an individualistic notion of the rights that it protects ignoring essential roles that properly conceived protections of privacy mobility and property play in uniting Americans Many believe the Fourth Amendment is a poor bulwark against state tyrannies particularly during the War on Terror Historical amnesia has obscured the Fourth Amendment s positive aspects

and Andrew E Taslitz rescues its forgotten history in *Reconstructing the Fourth Amendment* which includes two novel arguments First that the original Fourth Amendment of 1791 born in political struggle between the English and the colonists served important political functions particularly in regulating expressive political violence Second that the Amendment s meaning changed when the Fourteenth Amendment was created to give teeth to outlawing slavery and its focus shifted from primary emphasis on individualistic privacy notions as central to a white democratic polis to enhanced protections for group privacy individual mobility and property in a multi racial republic With an understanding of the historical roots of the Fourth Amendment suggests Taslitz we can upend negative assumptions of modern search and seizure law and create new institutional approaches that give political voice to citizens and safeguard against unnecessary humiliation and dehumanization at the hands of the police

Black San Francisco Albert S. Broussard,1993 This work explores race relations in the city of San Francisco where whites for the most part were outwardly civil to blacks while denying them employment opportunities and political power The author argues that it is essential to understand the nature of the racial caste system
