Black September to Desert Storm Claude Salhani, 1998 From exclusive travels with former U S Secretary of State Henry Kissinger to intimate moments with combatants in the battle for Beirut to the forbidden world of drug smugglers in Lebanon to the Iranian Revolution and finally to the rise of Desert Storm Salhani transports readers behind the scenes of many groundbreaking news stories

Humanitarian Rackets and their Moral Hazards Rayyar Marron, 2016-04-14 The humanitarian crisis in the Palestinian refugee camps of Lebanon has become one of the most populist causes in the world yet the causes of the crisis have been misrepresented whilst on going humanitarian assistance could arguably be said to amplify problems that exist in the camps Shedding light on the disturbing occurrence of corruption rent seeking and racketeering together with the emergence of zones of privatised territory based on self enrichment this book challenges the conception of refugees in camps as helpless vulnerable individuals Based on detailed and sustained research at the camp of Shatila in Beirut Humanitarian Rackets and their Moral Hazards reveals that even the access of humanitarian agencies to the camp is determined by payment to certain refugee groups whilst the degree of humanitarian interaction has created a sense of entitlement amongst some based on a belief in their own exceptionalism as a displaced ethnic group Detailing the everyday economic transactions that transpire in refugee camps this book shows that far from being helpless victims with no power over their circumstances many Palestinian refugees have created lucrative ventures from humanitarian assistance A rich yet troubling study of refugee life and the cartelisation of camp space this book will be of interest to sociologists anthropologists and political scientists working in the fields of humanitarian intervention development criminology and informal economies

A New Understanding of Terrorism M.R. Haberfeld, Agostino Hassell, 2009-07-09 Terrorism is a complex phenomenon that cannot be understood through reading of a number of unrelated academic articles or a dry overview of the history of terrorism or the investigative techniques For *A New Understanding of Terrorism* the Editors have chosen a different paradigm They have selected numerous case studies from actual events that illustrate various typologies of terrorist actions be it from a separatist nationalist lone wolf individual terrorist religious fanatics or environmentalist orientation and they present these cases within the context of following the trajectories of the terrorist activity the terrorist act itself and the response to the event from the relevant authorities Some chapters concentrate on terrorist attacks that actually took place others speculate about the possibilities of an attack occurring sometime in the future such as the chapters on the Olympic Games Aviation or Rail Security When possibilities rather than a specific event are discussed the authors of these chapters draw the attention of the reader towards the same direction the reasoning the actual event and the response that followed The thorough analysis of the presented case studies and the applied counter measures will hopefully if not curtail then

possibly at least mitigate the operational and ideological strength of terrorist groups or individual actors A New Understanding of Terrorism will enable the reader to make the connection between the emotional charge inherent in any terrorist activity the cold blooded tactics that lead to the terrorist event itself and the pragmatic and very straightforward but at the same time very simplistically designed strategic response that has to come from a synergy between academics military and law enforcement brainstorming design in order to be more effective in the future ABOUT THE EDITORS M R Maki Haberfeld is a Professor of Police Science at John Jay College of Criminal Justice in New York City She has worked for the U S Drug Enforcement Administration in the New York Field Office as a special consultant Prior to that she has served in a counter terrorist unit in the Israeli Defense Forces and she left the army at the rank of Sergeant She was also a lieutenant in the Israel National Police For the past eight years Dr Haberfeld has been involved in developing coordinating and teaching in a special training program for the New York City Police Department where she teaches courses in police ethics leadership and counter terrorism She was also an Academic Coordinator of the Law Enforcement Executive Police Institute for the State of New York where she taught modules on counter terrorism response Agostino von Hassell is the president of The Repton Group LLC a New York City based consulting group that deals mostly with national security issues He has written numerous political and historical articles and is the author of two major military histories Warriors The United States Marine Corps and Strike Force Marine Corps Special Operations In 2003 he published a pictorial portrait of the United States In Honor of America He has taught as an adjunct professor in the graduate program of John Jay College of Criminal Justice in New York teaching members of the New York City Police Department in subjects such as counter terrorism and leadership He is a life member of the United States Marine Corps Combat Correspondents the National Defense Industry Association the Association of Former Intelligence Officers and the Authors Guild

The Israeli-Egyptian Peace Process in the Reporting of Western Journalists Mohammed el-Nawawy, 2002-01-30 Of the enormous number of books published on the Arab Israeli conflict most focus on its history or the political dimensions of the current peace process None however has provided an in depth look at the relationship between those who shape the events and the Western journalists who cover them In this bold new study Mohammed A el Nawawy explores the ways in which government officials try to manipulate the news media how the reporters contend with such interference the professional and newsmaking roles of the journalists and how their demographic and educational backgrounds influence their coverage of this crucial time and place Through interviews with 168 Western correspondents 94 in Israel and 74 in Egypt who together represent more than 88 percent of the whole population of foreign correspondents in the Middle East the author provides an invaluable source of information on the day to day activities of reporters in the region as well as their interactions with government officials

Islam Without a Veil Claude Salhani, 2011 Kazakhstan a former Soviet republic in Central Asia that has been under the leadership of President Nursultan Nazarbayev since independence in 1991 has proven that a mostly Muslim nation can be active on the

international scene Its leaders have worked fervently to bridge the ugly schism that has developed since the 9 11 attacks and the subsequent invasions of Arab and Muslim lands by Western forces How has Kazakhstan been able to maintain its Muslim heritage yet remain on track toward modernization while other Muslim countries have imposed strict Shari'a law upon their citizens clamped down on individual freedoms and persecuted all who do not adhere to the diktat of the ruling theocracy Claude Salhani examines the successful phenomenon of Kazakhstan today He looks at the progress it has attained in just two decades since independence While there is no doubt as to the Muslim identity of the country Kazakhstan is living proof that there can be a kinder gentler mode of Islam in which one can live at peace with oneself and with one's neighbors despite their differences *Islamophobia and Anti-Americanism* Mohamed Nimer, 2007 *Al-jazeera* Mohammed El-nawawy, Adel Iskandar, 2008-08-01 Al Jazeera the independent all Arab television news network based in Qatar emerged as ambassador to the Arab world in the events following September 11 2001 Arabic for the peninsula Al Jazeera has scooped the western media conglomerates many times With its exclusive access to Osama Bin Laden and members of the Taliban its reputation has been burnishing quickly through its exposure on CNN even as it strives to maintain its independence as an international free press news network Al Jazeera sheds light on the background of the network how it operates the programs it broadcasts its effects on Arab viewers the reactions of the West and Arab states the implications for the future of news broadcasting in the Middle East and its struggle for a free press and public opinion in the Arab world The British National Bibliography Arthur James Wells, 1999 Bookseller, 1998 **The Good Spy** Kai Bird, 2014-05-20 The Good Spy is Pulitzer Prize winning biographer Kai Bird's compelling portrait of the remarkable life and death of one of the most important operatives in CIA history a man who had he lived might have helped heal the rift between Arabs and the West On April 18 1983 a bomb exploded outside the American Embassy in Beirut killing 63 people The attack was a geopolitical turning point It marked the beginning of Hezbollah as a political force but even more important it eliminated America's most influential and effective intelligence officer in the Middle East CIA operative Robert Ames What set Ames apart from his peers was his extraordinary ability to form deep meaningful connections with key Arab intelligence figures Some operatives relied on threats and subterfuge but Ames worked by building friendships and emphasizing shared values never more notably than with Yasir Arafat's charismatic intelligence chief and heir apparent Ali Hassan Salameh aka The Red Prince Ames deepening relationship with Salameh held the potential for a lasting peace Within a few years though both men were killed by assassins and America's relations with the Arab world began heading down a path that culminated in 9 11 the War on Terror and the current fog of mistrust Bird who as a child lived in the Beirut Embassy and knew Ames as a neighbor when he was twelve years old spent years researching The Good Spy Not only does the book draw on hours of interviews with Ames widow and quotes from hundreds of Ames private letters it's woven from interviews with scores of current and former American Israeli and Palestinian intelligence officers as well as other players in the Middle East Great Game What emerges is a masterpiece level narrative of
