## **Black Spirits:**

**Elemental and Ancestral Spirits, Or the Gods and the Glorified** Gerald Massey, 2008-11-01 The two primary elements were those of darkness and light Sut was the power of darkness Horus the power of light In one representation the two elements were imaged by means of the black bird of Sut and the white bird or golden hawk of Horus Thus we can identify two elemental powers as old as night and day which are primeval in universal mythology and these two powers or animistic souls were divinized as the two gods Sut and Horus with the two birds of darkness and light the black vulture and the gold hawk depicted back to back as their two representative types or personal totems from Elemental and Ancestral Spirits or The Gods and the Glorified It goes unappreciated by modern Egyptologists but it is embraced by those who savor the concept of a hidden history of humanity and those who approach all human knowledge from the perspective of the esoteric Gerard Massey's massive Ancient Egypt The Light of the World first published in 1907 and the crowning achievement of the self taught scholar redefines the roots of Christianity via Egypt proposing that Egyptian mythology was the basis for Jewish and Christian beliefs Here Cosimo proudly presents Book 3 of Ancient Egypt in which Massey explains how the original elemental spirits of early humans were transformed into deities and how the concept of a soul developed from animalistic representations of natural forces Peculiar and profound this work will intrigue and delight readers of history religion and mythology British author GERALD MASSEY 1828 1907 published works of poetry spiritualism Shakespearean criticism and theology but his best known works are in the realm of Egyptology including A Book of the Beginnings and The Natural Genesis **The Black Arts Enterprise and the Production of African American Poetry** Howard Rambsy, 2013-08-29 Devoted chiefly to the period from 1965 1976 Tragic Spirits Manduhai Buyandelger, 2022-12-22 A highly readable ethnographic study of the resurgence of shamanism among nomadic Mongolians in a time of radical political and economic change The Journal of Asian Studies Winner Francis Hsu Book Prize from the Society for East Asian Anthropology Shortlisted ICAS International Convention of Asia Scholars Book Prize The collapse of socialism at the end of the twentieth century brought devastating changes to Mongolia Economic shock therapy an immediate liberalization of trade and privatization of publicly owned assets quickly led to impoverishment especially in rural parts of the country where Tragic Spirits takes place Following the travels of the nomadic Buryats Manduhai Buyandelger tells a story not only of economic devastation but also a remarkable Buryat response to it the revival of shamanic practices after decades of socialist suppression Attributing their current misfortunes to returning ancestral spirits who are vengeful over being abandoned under socialism the Buryats are now at once trying to appease their ancestors and recover the history of their people through shamanic practice Thoroughly documenting this process Buyandelger situates it as part of a global phenomenon comparing the rise of shamanism in liberalized Mongolia to its similar rise in Africa and Indonesia In doing so she offers a sophisticated analysis of the way economics politics gender and other factors influence the spirit world and the crucial workings of cultural

**People of the Bear Mother** T. D. Austin,2012-08 The most powerful shaman of the People of the Bear Mother invites a young woman to take her soul s great adventure by painting a new piece of animal art on the walls in the deepest chambers of the awesome Great Cave The time has come for Little Bear to make the life altering choice to overcome her fear of the terrifying old shaman and in doing so unalterably change all the lives her soul will subsequently experience even as her lion eye reappears in each lifetime to identify her avatar But before she may embark on her hero s journey she must be initiated as hunter and then as Seer through trials ordeals and the revelations of

her people's mythology expressed in the art of the Cave The tale builds to an unexpected climax as one soul experiences many lifetimes in a hunting culture where being born female or male homosexual or heterosexual young or old are equally valid ways of being human Inspired by the work of Joseph Campbell and the artwork of France's 35 000 yearold Chauvet Cave the novel takes a fresh look at and is a new take on the life ways and religion of our earliest ancestors through Little Bear's encounters with shamans hunters avatars and painted caves This story reveals that the spiritual messages hidden within this magnificent incredibly ancient art are the same metaphysical beliefs of the New Age and the same universal human truths at the heart of every world religion and mystical philosophy 2011 Book Competition Finalist Awards USA Best Book Awards for New Age Fiction IBA for Chick Lit Women's Fiction IBA for Gay Lesbian Fiction
