## **Black Viking:**

The Black Viking John Sneyd, 2025-06-29 The Black Viking Discovered as an infant on a brutal conquest he was raised by the very Vikings who found him growing into Einar a towering warrior of unparalleled skill With skin as black as night and clad in gleaming silver armor he cuts an unforgettable silhouette amidst the chaos of battle and the thunder of longships He s a juggernaut fiercely loyal to his foster parents the leaders of his Viking tribe Einar s life is a saga of thrilling sea voyages intense battles and a blossoming love with a fierce Viking woman But when he faces a group of people who share his heritage the first he s seen since infancy his world shatters Forced to confront his true origins Einar grapples with the moral cost of conquest and the profound questions of his identity Will he remain loyal to the only family he s ever known or embark on a new quest to discover who he truly is

*True Myth* Nashid Al-Amin, 2013-02-21 Why is it that encyclopedias assert the Vikings or Norsemen landed in parts of North America yet the Vikings have never been credited with its discovery Historians bestow this honor on Christopher Columbus who ventured here five hundred years after the Vikings having never set foot on the continent *True Myth Black Vikings of the Middle Ages* takes the reader where he or she has never been before We have always been told that Vikings or Norsemen were tall blond white and blue eyed an image that has been presented to us in books and films Now comes a book that challenges this centuries old assertion presenting evidence that these vaunted warriors were not the people popular historians have told us they were The author presents evidence that white skinned peoples in England Ireland and Wales referred to Vikings as black pagans and black devils The extent of their dominance in Europe is examined in fact the author presents a reassessment of Europe that some readers will find difficult to believe beginning with mans migrations into the continent and examining a number of black skinned peoples who called Europe home from very ancient times almost to the present The reader has never read a book like this filled with quotations from noted historians as well as from several Icelandic sagas that will take the reader on a journey he or she has never imagined A more accurate picture of Europe has never been presented before The writer revisits the last ice age presents evidence of the heavy presence of blacks in ancient Europe and revisits ancient Greece Rome and areas of Asia discussing the presence of black skinned peoples in them before arriving in Viking age Scandinavia when Norsemen embarked on a three century long assault on the continent and began migrating to Iceland and other areas of North America Once the reader has completed *True Myth Black Vikings of the Middle Ages* he or she will have to question what he or she has been taught historians once thought to be trustworthy and the notion that the races were strictly divided and had never intermingled There has never been a truer picture of Europe written and the reader now has the opportunity to embark on the most thrilling journey he or she will ever take

barred This problem lies not only with children's publishing but also with the television and film executives tasked with adapting these stories into a visual world When characters of color do appear they are often marginalized or subjected to violence reinforcing for audiences that not all lives matter The Dark Fantastic is an engaging and provocative exploration of race in popular youth and young adult speculative fiction Grounded in her experiences as YA novelist fanfiction writer and scholar of education Thomas considers four black girl protagonists from some of the most popular stories of the early 21st century Bonnie Bennett from the CW's The Vampire Diaries Rue from Suzanne Collins's The Hunger Games Gwen from the BBC's Merlin and Angelina Johnson from J K Rowling's Harry Potter Analyzing their narratives and audience reactions to them reveals how these characters mirror the violence against black and brown people in our own world In response Thomas uncovers and builds upon a tradition of fantasy and radical imagination in Black feminism and Afrofuturism to reveal new possibilities Through fanfiction and other modes of counter storytelling young people of color have reinvisioned fantastic worlds that reflect their own experiences their own lives As Thomas powerfully asserts we dark girls deserve more because we are more
