The Columbia Guide to African American History Since 1939 Robert L. Harris, Rosalyn Terborg-Penn, 2006 This book is a multifaceted approach to understanding the central developments in African American history since 1939 It combines a historical overview of key personalities and movements with essays by leading scholars on specific facets of the African American experience a chronology of events and a guide to further study Marian Anderson's famous 1939 concert in front of the Lincoln Memorial was a watershed moment in the struggle for racial justice Beginning with this event the editors chart the historical efforts of African Americans to address racism and inequality They explore the rise of the Civil Rights and Black Power movements and the national and international contexts that shaped their ideologies and methods consider how changes in immigration patterns have complicated the conventional black white dichotomy in U S society discuss the often uneasy coexistence between a growing African American middle class and a persistent and sizable underclass and address the complexity of the contemporary African American experience Contributors consider specific issues in African American life including the effects of the postindustrial economy and the influence of music military service sports literature culture business and the politics of self designation e g Colored vs Negro Black vs African American While emphasizing political and social developments this volume also illuminates important economic military and cultural themes An invaluable resource

The Columbia Guide to African American History Since 1939 provides a thorough understanding of a crucial historical period

**Civil Rights Unionism** Robert R. Korstad, 2003-11-20 Drawing on scores of interviews with black and white tobacco workers in Winston Salem North Carolina Robert Korstad brings to life the forgotten heroes of Local 22 of the Food Tobacco Agricultural and Allied Workers of America CIO These workers confronted a system of racial capitalism that consigned African Americans to the basest jobs in the industry perpetuated low wages for all southerners and shored up white supremacy Galvanized by the emergence of the CIO African Americans took the lead in a campaign that saw a strong labor movement and the re enfranchisement of the southern poor as keys to reforming the South and a reformed South as central to the survival and expansion of the New Deal In the window of opportunity opened by World War II they blurred the boundaries between home and work as they linked civil rights and labor rights in a bid for

justice at work and in the public sphere But civil rights unionism foundered in the maelstrom of the Cold War Its defeat undermined later efforts by civil rights activists to raise issues of economic equality to the moral high ground occupied by the fight against legalized segregation and Korstad contends constrains the prospects for justice and democracy today **The Harvard Guide to African-American History** Evelyn Brooks Higginbotham,2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America **Civil Wars, Civil Beings, and Civil Rights in Alabama's Black Belt** Bertis D. English,2020-10-06 Reconstruction politics and race relations between freed blacks and the white establishment in Perry County Alabama In his fascinating in depth study Bertis D English analyzes why Perry County situated in the heart of a violence prone subregion of Alabama enjoyed more peaceful race relations and less bloodshed than several neighboring counties Choosing an atypical locality as central to his study English raises questions about factors affecting ethnic disturbances in the Black Belt and elsewhere in Alabama He also uses Perry County which he deems an anomalous county to caution against the tendency of some scholars to make sweeping generalizations about entire regions and subregions English contends Perry County was a relatively tranquil place with a set of extremely influential African American businessmen clergy politicians and other leaders during Reconstruction Together with egalitarian or opportunistic white citizens they headed a successful campaign for black agency and biracial cooperation that few counties in Alabama matched English also illustrates how a significant number of educational institutions a high density of African American residents and an unusually organized and informed African American population were essential factors in forming Perry County s character He likewise traces the development of religion in Perry the nineteenth century Baptist capital of Alabama and the emergence of civil rights in Perry an underemphasized center of activism during the twentieth century This well researched and comprehensive volume illuminates Perry County s history from the various perspectives of its black interracial and white inhabitants amplifying their own voices in a novel way The narrative includes rich personal details about ordinary and affluent people both free and unfree creating a distinctive resource that will be useful to scholars as well as a reference that will serve the needs of students and general readers **Ella Baker and the Black Freedom Movement, Second Edition** Barbara Ransby,2024-10-15 One of the most important African American leaders of the twentieth century and perhaps the most influential woman in the civil rights movement Ella Baker 1903 1986 was an activist whose remarkable career spanned fifty years and touched thousands of lives A gifted grassroots organizer Baker shunned the spotlight in favor of vital behind the scenes work that helped power the Black freedom struggle Making her way in predominantly male circles while maintaining relationships with a vibrant group of women students and activists Baker was a national officer and key figure in the NAACP a founder of the Southern Christian Leadership Conference and a prime mover in the creation of the Student Nonviolent Coordinating Committee In this definitive biography Barbara Ransby

chronicles Baker's long and rich career revealing her complexity radical democratic worldview and enduring influence on group centered grassroots activism Beyond documenting an extraordinary life Ransby paints a vivid picture of the African American fight for justice and its intersections with other progressive struggles worldwide throughout the twentieth century

**Capitalism Contested** Romain Huret, Nelson Lichtenstein, Jean-Christian Vinel, 2020-12-11 In the historical narrative that prevails today the New Deal years are positioned between two equally despised Gilded Ages the first in the late nineteenth century and the second characterized by the world of Walmart globalization and right wing populism in which we currently live What defines these two ages is an increasing level of inequality legitimized by powerful ideologies namely Social Darwinism at the end of the nineteenth century and neoliberalism today In stark contrast the era of the New Deal was first and foremost an attempt to put an end to inequality in American society In the historical *longue durée* it appears today as a kind of golden age when policymakers and citizens sought to devise solutions to the two major questions labor on one side social on the other that were at the heart of the American political economy during the twentieth century Capitalism Contested argues that the New Deal order remains an effective framework to make sense of the transformation of American political economy over the last hundred years Contributors offer an historicized analysis of the degree to which that political economic and ideological order persists and the ways in which it has been transcended or even overthrown The essays pay attention not only to those ideas and social forces hostile to the New Deal but to the contradictions and debilities that were present at the inauguration or became inherent within this liberal impulse during the last half of the twentieth century The unifying thematic among the essays consists not in their subject matter politics political economy social thought and legal scholarship are represented but in a historical quest to assess the transformation and fate of an economic and policy order nearly a century after its creation Contributors Kate Andrias Romain Huret William P Jones Nelson Lichtenstein Nancy MacLean Isaac William Martin Margaret O Mara K Sabeel Rahman Timothy Shenk Elizabeth Tandy Shermer Jason Scott Smith Samir Sonti Karen M Tani Jean Christian Vinel

**Time Longer Than Rope** Charles M. Payne, Adam Green, 2003-08 Time Longer than Rope unearths the ordinary roots of extraordinary change demonstrating the depth and breadth of black oppositional spirit and activity that preceded the civil rights movement The diversity of activism covered by this collection extends from tenant farmers labor reform campaign in the 1919 Elaine Arkansas massacre to Harry T Moore's leadership of a movement that registered 100 000 black Floridians years before Montgomery and from women's participation in the Garvey movement to the changing meaning of the Lincoln Memorial Concentrating on activist efforts in the South key themes emerge including the underappreciated importance of historical memory and community building the divisive impact of class and sexism and the shifting interplay between individual initiative and structural constraints Publisher description

*From Civil Rights to Human Rights* Thomas F. Jackson, 2013-07-17 Martin Luther King Jr is widely celebrated as an American civil rights hero Yet King's nonviolent opposition to racism militarism and economic injustice had deeper roots and more radical

implications than is commonly appreciated Thomas F Jackson argues in this searching reinterpretation of King s public ministry Between the 1940s and the 1960s King was influenced by and in turn reshaped the political cultures of the black freedom movement and democratic left His vision of unfettered human rights drew on the diverse tenets of the African American social gospel socialism left New Deal liberalism Gandhian philosophy and Popular Front internationalism King s early leadership reached beyond southern desegregation and voting rights As the freedom movement of the 1950s and early 1960s confronted poverty and economic reprisals King championed trade union rights equal job opportunities metropolitan integration and full employment When the civil rights and antipoverty policies of the Johnson administration failed to deliver on the movement s goals of economic freedom for all King demanded that the federal government guarantee jobs income and local power for poor people When the Vietnam war stalled domestic liberalism King called on the nation to abandon imperialism and become a global force for multiracial democracy and economic justice Drawing widely on published and unpublished archival sources Jackson explains the contexts and meanings of King s increasingly open call for a radical redistribution of political and economic power in American cities the nation and the world The mid 1960s ghetto uprisings were in fact revolts against unemployment powerlessness police violence and institutionalized racism King argued His final dream a Poor People s March on Washington aimed to mobilize Americans across racial and class lines to reverse a national cycle of urban conflict political backlash and policy retrenchment King s vision of economic democracy and international human rights remains a powerful inspiration for those committed to ending racism and poverty in our time

**A New Protestant Labor Ethic at Work** Ken Estey,2011-01-01 Estey proposes a labor ethic that emphasizes the protest in Protestantism The purpose of this ethic is to interrupt the drudgery of the Protestant work ethic which Estey asserts is the dominant cultural ideal in the U S Protestantism must not be about capitulation to capitalism and a Protestant ethic that works must be one that questions and confronts authority in order to undo the newest and oldest forms of dehumanization as they pertain to workers labor issues and conditions in the workplace

Critical Race Consciousness Gary Peller,2015-10-23 Despite the apparent racial progress reflected in Obama s election the African American community in the United States is in a deep crisis on many fronts economic intellectual cultural and spiritual This book sets out to trace the ideological roots of this crisis Challenging the conventional historical narrative of race in America Peller contends that the structure of contemporary racial discourse was set in the confrontation between liberal integrationism and black nationalism during the 1960s and 1970s Arguing that the ideology of integration that emerged was highly conservative apologetic and harmful to the African American community this book is sure to provide a new lens for studying and learning from American race relations in the twentieth century

**I Am a Man!** Steve Estes,2005 The civil rights movement was first and foremost a struggle for racial equality but questions of gender lay deeply embedded within this struggle Steve Estes explores key groups leaders and events in the movement to understand how activists used race a

**Inclusive Citizenship** Naila

Kabeer,2005-05 The absence of gender awareness in policy and planning in the past has given rise to a variety of efficiency welfare and equity costs This book develops an analytical framework and a set of tools which can assist planners as well as trainers to ensure that gender is systematically integrated into different aspects of their work It offers an inventory of the kinds of assumptions which lead to gender blind policy and assesses integrationist and transformatory strategies by feminist advocates to influence the mainstream policy agenda An analytical framework for examining the gender inequalities generated by key institutions through which development takes place occupies a central place in the book A selection of original case studies from the Indian context serves to illustrate different aspects of the framework and its application

**American Labor and the Cold War** Robert W. Cherny,William Issel,Kieran Walsh Taylor,2004 The American labor movement seemed poised on the threshold of unparalleled success at the beginning of the post World War II era Fourteen million strong in 1946 unions represented thirty five percent of non agricultural workers Why then did the gains made between the 1930s and the end of the war produce so few results by the 1960s This collection addresses the history of labor in the postwar years by exploring the impact of the global contest between the United States and the Soviet Union on American workers and labor unions The essays focus on the actual behavior of Americans in their diverse workplaces and communities during the Cold War Where previous scholarship on labor and the Cold War has overemphasized the importance of the Communist Party the automobile industry and Hollywood this book focuses on politically moderate conservative workers and union leaders the medium sized cities that housed the majority of the population and the Roman Catholic Church These are all original essays that draw upon extensive archival research and some upon oral history sources

**Notable Black Memphians** Miriam DeCosta-Willis,2008 *Tennessee Women* Sarah Wilkerson Freeman,Beverly Bond,2010-10-01 Including suffragists civil rights activists and movers and shakers in politics and in the music industries of Nashville and Memphis as well as many other notables this collective portrait of Tennessee women offers new perspectives and insights into their dreams their struggles and their times As rich diverse and wide ranging as the topography of the state this book will interest scholars general readers and students of southern history women s history and Tennessee history Tennessee Women Their Lives and Times shifts the historical lens from the more traditional view of men s roles to place women and their experiences at center stage in the historical drama The eighteen biographical essays written by leading historians of women illuminate the lives of familiar figures like reformer Frances Wright blueswoman Alberta Hunter and the Grand Ole Opry s Minnie Pearl Sarah Colley Cannon and less well known characters like the Cherokee Beloved Woman Nan ye hi Nancy Ward antebellum free black woman Milly Swan Price and environmentalist Doris Bradshaw Told against the backdrop of their times these are the life stories of women who shaped Tennessee s history from the eighteenth century challenges of western expansion through the nineteenth and twentieth century struggles against racial and gender oppression to the twenty first century battles with community degradation Taken as a whole this collection of women s

stories illuminates previously unrevealed historical dimensions that give readers a greater understanding of Tennessee's place within environmental and human rights movements and its role as a generator of phenomenal cultural life

**Radical Volunteers** Katherine J. Ballantyne, 2024-05 *Radical Volunteers* tells the largely unknown story of southern student activism in Tennessee between the Brown decision in 1954 and the national backlash against the Kent State University shootings in May 1970. As one of the first statewide studies of student activism and one of the few examinations of southern student activism, it broadens scholarly understanding of New Left and Black student radicalism from its traditionally defined hotbeds in the Northeast and on the West Coast. By incorporating accounts of students from both historically Black and predominantly white colleges and universities across Tennessee, *Radical Volunteers* places events that might otherwise appear random and intermittent into conversation with one another. This methodological approach reveals that students joined organizations and became activists in an effort to assert their autonomy, and as a result, student power became a rallying cry across the state. Katherine J. Ballantyne illuminates a broad movement comprised of many different sorts of students: white and Black, private and public, western, middle, and east Tennesseans. Importantly, Ballantyne does not confine her analysis to just campuses. Indeed, *Radical Volunteers* also situates campus activism within their broader communities. Tennessee student activists built upon relationships with Old Left activists and organizations, thereby fostering their otherwise fledgling enterprises and creating the possibility for radical change in the politically conservative region. But framing student activism over a long period of time across Tennessee as a whole reveals disjuncture as much as coherence in the movement. Though all case studies contain particular and representative features, Tennessee's diversity lends itself well to a study of regional variations. While outnumbered, Tennessee student activists secured significant campus reforms, pursued ambitious community initiatives, and articulated a powerful countervision for the South and the United States.

Steel Barrio Michael Innis-Jiménez, 2013-06-24 The richly documented history of Mexican South Chicago here yields a sophisticated, rounded, and compelling study of the evolution of an immigrant place. Attentive to structural factors shaping migration and assimilation, Innis-Jiménez also tells textured human stories of the work, play, and solidarity that created and recreated an enduring community, snatching life from discrimination and hardship. David Roediger, University of Illinois. Since the early twentieth century, thousands of Mexican Americans have lived, worked, and formed communities in Chicago's steel mill neighborhoods. Drawing on individual stories and oral histories, Michael Innis-Jiménez tells the story of a vibrant, active community that continues to play a central role in American politics and society. Examining how the fortunes of Mexicans in South Chicago were linked to the environment they helped to build, *Steel Barrio* offers new insights into how and why Mexican Americans created community. This book investigates the years between the World Wars, the period that witnessed the first massive influx of Mexicans into Chicago. South Chicago Mexicans lived in a neighborhood whose literal and figurative boundaries were defined by steel mills, which dominated economic life for Mexican immigrants. Yet while the mills provided jobs for

Mexican men they were neither the center of community life nor the source of collective identity Steel Barrio argues that the Mexican immigrant and Mexican American men and women who came to South Chicago created physical and imagined community not only to defend against the ever present social political and economic harassment and discrimination but to grow in a foreign polluted environment Steel Barrio reconstructs the everyday strategies the working class Mexican American community adopted to survive in areas from labor to sports to activism This book links a particular community in South Chicago to broader issues in twentieth century U S history including race and labor urban immigration and the segregation of cities Michael Innis Jim nez is a native of Laredo Texas and Assistant Professor in the Department of American Studies at the University of Alabama He lives in Tuscaloosa where he working on his next book on Latino a immigration to the American South In the Culture Labor History series      *Employment with a Human Face* John W.
