Cosmic Beginnings Soyinka I. Ogunbusola,2010-12-23 This genre falls under the category of Sci fi fantasy thriller a works that is just as exciting as the adventures of Lora Croft in Tomb Raiders I chose this genre to create characters that exist outside of the everyday urban scape theme One of the main characters is a black woman a seasoned sea captain for example I wanted to create another kind of hero in another part of the world on another kind of mission based on another mindset more of a West African theme influenced by the folklore of the ancient Yoruba of Southwestern Nigeria which is deeply submerged in cosmological and celestial influences and is viewed as individual characteristic energies expressing themselves universally in allegorical narratives These legends tend to be older than Western civilization I wanted the story to be unique and the characters just as unique This is a story told by the ancestors of the war in heaven before the creation of man this a story of the battle of illumination and darkness the fight to maintain balance between good and evil
