Hollywood's African American Films Ryan Jay Friedman,2011-07-27 In 1929 and 1930 during the Hollywood studios conversion to synchronized sound film production white controlled trade magazines and African American newspapers celebrated a vogue for Negro films Hollywood s African American Films argues that the movie business turned to black musical performance to both resolve technological and aesthetic problems introduced by the medium of talking pictures and at the same time to appeal to the white Broadway audience that patronized their most lucrative first run theaters Capitalizing on highbrow associations with white slumming in African American cabarets and on the cultural linkage between popular black musical styles and natural acoustics studios produced a series of African American cast and white cast films featuring African American sequences Ryan Jay Friedman asserts that these transitional films reflect contradictions within prevailing racial ideologies arising most clearly in the movies treatment of African American characters decisions to migrate Regardless of how the films represent these choices they all prompt elaborate visual and narrative structures of containment that tend to highlight rather than suppress historical tensions surrounding African American social mobility Jim Crow codes and white exploitation of black labor

Shaping the Future of African American Film Monica White Ndounou,2014-04-29 In Hollywood we hear it s all about the money It s a ready explanation for why so few black films get made no crossover appeal no promise of a big payoff But what if the money itself is color coded What if the economics that governs film production is so skewed that no film by about or for people of color will ever look like a worthy investment unless it follows specific racial or gender patterns This Monica Ndounou shows us is precisely the case In a work as revealing about the culture of filmmaking as it is about the distorted economics of African American film Ndounou clearly traces the insidious connections between history content and cash in black films How does history come into it Hollywood s reliance on past performance as a measure of potential success virtually guarantees that historically underrepresented underfunded and undersold African American films devalue the future prospects of black films So the cycle continues as it has for nearly a century Behind the scenes the numbers are far from neutral Analyzing the onscreen narratives and off screen circumstances behind nearly two thousand films featuring African Americans in leading and supporting roles including such recent productions as Bamboozled Beloved and Tyler Perry s Diary

of a Mad Black Woman Ndounou exposes the cultural and racial constraints that limit not just the production but also the expression and creative freedom of black films Her wide ranging analysis reaches into questions of literature language speech and dialect film images and narrative acting theater and film business practices production history and financing and organizational history By uncovering the ideology behind profit driven industry practices that reshape narratives by about and for people of color this provocative work brings to light existing limitations and possibilities for reworking stories and business practices in theater literature and film

Sidney Poitier Aram Goudsouzian, 2011-01-20 In the first full biography of actor Sidney Poitier Aram Goudsouzian analyzes the life and career of a Hollywood legend from his childhood in the Bahamas to his 2002 Oscar for lifetime achievement Poitier is a gifted actor a great American success story an intriguing personality and a political symbol his life and career illuminate America s racial history In such films as *Lilies of the Field* *In the Heat of the Night* and *Guess Who s Coming to Dinner* Poitier s middle class mannered virtuous screen persona contradicted prevailing film stereotypes of blacks as half wits comic servants or oversexed threats His screen image and public support of nonviolent integration assuaged the fears of a broad political center and by 1968 Poitier was voted America s favorite movie star Through careful readings of every Poitier film Goudsouzian shows that Poitier s characters often made sacrifices for the good of whites and rarely displayed sexuality As the only black leading man during the civil rights era Poitier chose roles and public positions that negotiated the struggle for dignity By 1970 times had changed and Poitier was the target of a backlash from film critics and black radicals as the new heroes of blaxploitation movies reversed the Poitier model In the 1970s Poitier shifted his considerable talents toward directing starring in and producing popular movies that employed many African Americans both on and off screen After a long hiatus he returned to starring roles in the late 1980s More recently the film industry has reappraised his career and Poitier has received numerous honors recognizing his multi faceted work for black equality in Hollywood As this biography affirms Poitier remains one of American popular culture s foremost symbols of the possibilities for and limits of racial equality

Blaxploitation Films of the 1970s Novotny Lawrence, 2007-12-12 During the early years of the motion picture industry black performers were often depicted as shuckin and jivin caricatures Specifically black males were portrayed as toms coons and bucks while the mammy and tragic mulatto archetypes circumscribed black femininity This misrepresentation began to change in the 1950s and 1960s when performers such as Dorothy Dandridge and Sidney Poitier were cast in more positive roles These performers paved the way for the black exploitation or blaxploitation

movement which began in 1970 and flourished until 1975 The movement is characterized by films that feature a black hero or heroine black supporting characters a predominately black urban setting a display of black sexuality excessive violence and a contemporary rhythm and blues soundtrack Blaxploitation films were made across varying genres but the questionable elements of some of the pictures caused them to be referred to as blaxploitation films with little or no regard given to their generic categorization This book examines how *Cotton Comes to Harlem* 1970 *Blacula* 1972 *The Mack* 1973 and *Cleopatra Jones* 1973 can be classified within the detective horror gangster and cop action genres respectively and illustrates the manner in which the inclusion of blackness represents a significant revision to the aforementioned genres *Literary Adaptations in Black American Cinema* Barbara Tepa Lupack, 2002 By contrast in the works of black writers from Oscar Micheaux to Toni Morrison the black experience has been more fully more accurately and usually more sympathetically realized and from the early days of film select filmmakers have looked to that literature as the basis for their productions

Slow Fade to Black Thomas Cripps, 1977-02-03 Set against the backdrop of the black struggle in society *Slow Fade to Black* is the definitive history of African American accomplishment in film both before and behind the camera from the earliest movies through World War II As he records the changing attitudes toward African Americans both in Hollywood and the nation at large Cripps explores the growth of discrimination as filmmakers became more and more intrigued with myths of the Old South the lost cause aspect of the Civil War the stately mansions and gracious ladies of the antebellum South the happy slaves singing in the fields Cripps shows how these characterizations culminated in the blatantly racist attitudes of Griffith's *The Birth of a Nation* and how this film inspired the N A A C P to campaign vigorously and successfully for change A lively thorough history of African Americans in the movies *Slow Fade to Black* is also a perceptive social commentary on evolving racial attitudes in this country during the first four decades of the twentieth century

The Marcus Garvey and Universal Negro Improvement Association Papers, Vol. V Marcus Garvey, 2023-09-01 The fifth volume of this monumental series chronicles what was perhaps the stormiest period in the history of Marcus Garvey and the UNIA the aftermath of the tumultuous 1922 convention Outside the UNIA a growing list of opponents including the black Socialists A Philip Randolph and Chandler Owen and the NAACP's Robert Bagnall and William Pickens were turning their criticism of the controversial Jamaican into a Garvey Must Go campaign Meanwhile Garvey's former UNIA ally Rev J W H Eason who had been impeached at the 1922 convention was emerging as a dangerous rival Eason was assassinated in January 1923 just as he was to testify against Garvey in the latter's mail fraud trial Though it may be impossible to determine if Garvey had a role

in the killing the murder generated negative publicity that did untold damage to Garvey and his organization Throughout all this the federal government pressed its case against Garvey and his co defendants on mail fraud charges stemming from irregularities in the sale of Black Star Line stock In June 1923 a jury found Garvey guilty and he was sentenced to five years in prison Internecine feuds wracked the movement while Garvey languished in New York City s Tombs prison awaiting bail so that he could mount an appeal As soon as he was released in September 1923 he turned his energy to reconsolidating the UNIA while considering the best appeal strategy For the UNIA Garvey resurrected an old commercial message that economic salvation was to be found in ships In March 1924 he reconstituted the defunct Black Star Line as the Black Cross Navigation and Trading Co and bought a ship the S S General Goethals in time for a tour of it by convention delegates The shipboard tour proved to be a highlight of the 1924 convention during which UNIA leadership was stunned by the Liberian government s formal repudiation of the movement s African colonization plans Despite the UNIA s unexpected setback in Liberia the movement continued to spread into new places particularly in America s southern states Generously illustrated with photographs and facsimile documents Volume V of The Marcus Garvey and Universal Negro Improvement Association Papers upholds the impeccable editorial standards of the first four volumes Once again a wealth of new sources collected from around the world demonstrates how vitally important Marcus Garvey and the mass movement he controlled were to Afro American history The fifth volume of this monumental series chronicles what was perhaps the stormiest period in the history of Marcus Garvey and the UNIA the aftermath of the tumultuous 1922 convention Outside the UNIA a growing list of opponents including the black So Encyclopedia of African American History, 1896 to the Present Paul Finkelman,2009 Alphabetically arranged entries from A to C that explores significant events major persons organizations and political and social movements in African American history from 1896 to the twenty first century
