Black Ice Trevor Hay,Xiangshu Fang,1997 The story of Mo Bing from her underground days as a Party cadre during the Civil War through denunciation during the Cultural Revolution to rehabilitation in the early 1990s Brings to life the suffering the adventure the unvanquished idealism of the otherwise anonymous heroes and heroines of Chinas post war period

*Redgrave's Ghost* Trevor Hay,2020-08-07 Reclusive antiquarian bookseller Alan Redgrave meets Fei Yun a beautiful and beguiling Chinese artist at a gallery in the summer of 2018 She takes him to the ancient oasis town of Dunhuang gateway to the Southern Silk Road Her deep involvement with Taoist philosophy and ritual including talismans and her fascination with an eighteenth century portrait lead him to wonder if there is something haunting her or him **The Tengu** Trevor

Hay,2020-08-07 In 2019 Roy a retired librarian living alone in dwindling bushland on the outskirts of Melbourne is lured out of his shell by his neighbours two migrant Chinese families who run a motel and restaurant With other neighbours and guests they get together regularly for Friday Chinese banquets retiring for after dinner ghost stories to an old Presbyterian church among the gums behind the restaurant The Temple of Ordinary Terrors He records the passage of the year in a journal that includes notes from his intercultural story telling group He finds that mortals and even some part human part goblin beings like the Japanese tengu inhabit a zone somewhere between the terrors of the supernatural world depicted in literature and art and the ordinary terrors of the natural real world In the process Roy finds a special friend and ultimately exorcises the ghost of his own loneliness which he has been inclined to idealise as solitude **A New Literary History of Modern China**

David Der-wei Wang,2017-05-22 Literature from the Chinese perspective makes manifest the cosmic patterns that shape and complete the world a process of worlding that is much more than mere representation In that spirit A New Literary History of Modern China looks beyond state sanctioned works and official narratives to reveal China as it has seldom been seen before through a rich spectrum of writings covering Chinese literature from the late seventeenth century to the present Featuring over 140 Chinese and non Chinese contributors from throughout the world this landmark volume explores unconventional forms as well as traditional genres pop song lyrics and presidential speeches political treatises and prison house jottings to name just a few Major figures such as Lu Xun Shen Congwen Eileen Chang and Mo Yan appear in a new light while lesser known works illuminate turning points in recent history with unexpected clarity and force Many essays emphasize Chinese authors influence on foreign writers as well as China s receptivity to outside literary influences Contemporary works that engage with ethnic minorities and environmental issues take their place in the critical discussion alongside writers who embraced Chinese traditions and others who resisted Writers assessments of the popularity of translated foreign language classics and avant garde subjects refute the notion of China as an insular and inward looking culture A vibrant collection of contrasting voices and points of view A New Literary History of Modern China is essential reading for anyone seeking a deeper understanding of China s literary and cultural legacy 中国文学史 1788 2013 1989 Desiring Hong

Kong, Consuming South China Eric Kit-wai Ma, 2011-12-01 This is a study of the complex and changing cultural patterns in Hong Kong's relationship with the neighbouring mainland. From interviews, TV dramas, media representations and other sources, it traces the fading of Hong Kong's once influential position as a role model for less developed mainland cities and explores changing perceptions as China grows in confidence and Hong Kong encounters a powerful nation culture in the mainland. Part One, *Desiring Hong Kong*, examines the history of cross border relations and movements from the 1970s, focusing on Hong Kong as an object of desire for people in South China. Part Two, *Consuming South China*, moves to the turn of the century when, despite increased communications and a disappearing border, Hong Kong is no longer a powerful role model; it nevertheless continues to be a resourceful node in the chain of global capitalism. This is a timely and provocative discussion of a topical issue and one written in an approachable style using lively case studies. In contrast with the popular theorization that Hong Kong shows her true colour in the politics of disappearance, this book argues that Hong Kong returns with a politics of reappearance in a dense network of fear and excitement, differentiating and assimilating with the mainland at the same time. It will be of interest to scholars and students in cultural studies, political science, sociology and cultural geography. It will also have some general appeal to policy makers, journalists and the concerned public. *About Face* Alison Broinowski, 2003 This study explores how Australia appears to people from Asian societies with the most significant interactions with Australia. The surveys concentrate on people whose views are on the public record in various media, who significantly reflect opinion in their society and who can therefore be taken to be both influential and to some extent representative. The results of this comprehensive survey, which suggest Australia has an image problem in the region, are detailed. *An Economic History of Modern China* Joseph C. H. Chai, 2011 This book is a remarkable tour de force. Joseph Chai offers a fine synthesis of thinking about the nature and origins of China's long run economic growth and structural change. Through the meticulous use of an impressive range of sources, he explores some of the most challenging puzzles of China's economic history, such as its failure to match the modern industrial revolutions of Western Europe or, closer to home, to rival Japan's economic transformation in the final decades of the nineteenth century. His definition of history is broad and his narrative extends down to the present day, thereby illuminating continuities and discontinuities across not only the historical divides of 1840 and 1911 but also those of 1949 and 1979. But despite its ambitious scope, Chai's analysis is authoritative, nuanced and full of detail. It will surely become necessary reading not only within the academic community of China scholars and students but also among that even larger audience of readers seeking to understand the rise of China. Robert Ash, University of London, UK. For most people interested in the contemporary Chinese economy, the story begins with Deng Xiaoping's policy of Opening and Reform in 1978. This is especially true of students from China where modern history is still taught in a simple, politically determined framework. This situation urgently needs remedying and Joseph Chai's new book is a valuable step in this direction. Chai surveys China's economic growth from the earliest times to the present day.

explaining the key turning points and the intellectual puzzles that arise in this long evolution This book will be of interest to the general reader and will be valuable as a textbook for students studying any aspect of China's current development and prospects Christopher Howe University of London UK Joseph Chai places the recent phase of China's spectacular economic growth in its historical context in his well researched interesting and accessible overview of the economic history of China Because no similar up to date book is available in English English readers will find this book particularly welcome Valuable attributes of his exposition include analyses of various economic puzzles for example why did China which was once the world's economic leader falter suffer economic retardation fall behind Europe and begin its economic resurgence later than Japan and his thoughtful considerations of the prospects for China's future economic growth This book is highly recommended Clem Tisdell The University of Queensland Australia As a country's current development is path dependent the rise of China and its strategic implications can only be understood in a historical context Hence the key to understanding contemporary China is the understanding of its past So far there has been an absence of a comprehensive text dealing with Chinese economic history in the English language An Economic History of Modern China fills this important gap focusing on modern Chinese economic growth and comprehensively surveying the patterns of China's growth experience over the past 200 years from the Opium wars to the present day Key events are traced back to their foundations in history to explain their impact on China's modern economic growth

**Visual Culture Wars at the Borders of Contemporary China** Paul Gladston, Beccy Kennedy-Schtyk, Ming Turner, 2022-01-01 This edited collection brings together essays that share in a critical attention to visual culture as a means of representing contributing to and or intervening with discursive struggles and territorial conflicts currently taking place at and across the outward facing and internal borders of the People's Republic of China Elucidated by the essays collected here for the first time is a constellation of what might be described as visual culture wars comprising resistances on numerous fronts not only to the growing power and expansiveness of the Chinese state but also the residues of a once pervasively suppressive Western colonialism imperialism The present volume addresses visual culture related to struggles and conflicts at the borders of Hong Kong the South China Sea and Taiwan as well within the PRC with regard the so called Great Firewall of China and differences in discursive outlook between China and the West on the significances of art technology gender and sexuality In doing so it provides a vital index of twenty first century China's diversely conflicted status as a contemporary nation state and arguably nascent empire
