Subcommittee on Criminal Justice, 1979      Adoption and Foster Care, 1975, Hearings Before the Subcommittee on Children and Youth of ..., 94-1, April 28 & 29, 1975; July 14 & 18, 1975 United States. Congress. Senate. Committee on Labor and Public Welfare, 1975      Sociology of Families Cheryl Albers, 1999-03-11 A comprehensive selection of readings provided to support David Newman's book of the same name      *Laws and Policies on Surrogacy* Harleen Kaur, 2021-09-27 This book is an essential guide on surrogacy discussing various legal issues that arise in surrogacy cases. It provides a comprehensive coverage to various issues pertaining to surrogacy arrangements due to failure to meet the needs of those involved in surrogacy be it the intended parents or the surrogate mother with special emphasis on the most vulnerable party the surrogate child. In the wake of this existing imbalance the call to reform the practice of surrogacy has also increased. The book provides a comprehensive coverage to various laws and policy regulations in existence dealing with surrogacy and unravels the latest trends and developments happening around the world as surrogacy gains importance. The international perspectives highlight policies and practices being adopted and followed by various nations with regard to surrogacy regulation and associated parenthood rules. This book also analyses some of the significant cross border disputes revolving around surrogacy and explores briefly the jurisprudence of the European Court of Human Rights on matters of parentage and citizenship for children born of trans national surrogacy with special reference to the prospects of a convention on international surrogacy currently being studied by The Hague Conference on Private International Law. Further it highlights the issues and questions relating to surrogacy arrangements that are so far unresolved and unanswered and suggests measures for improvements to the existing proposed surrogacy legislation in India and need for uniform international regulation. The book is a great resource for legal practitioners academics students policy makers infertility clinics and charitable organizations working on this issue      Trafficking in Human Beings Silvia Scarpa, 2008-07-17 In recent decades the international community has focused its attention on trafficking in persons one of the most worrying phenomena of the 21st century. In Part I this book examines trafficking in persons in the light of the recent definition of the phenomenon given by the UN Trafficking Protocol and various other international legal instruments including treaties and soft law. It analyses trafficking causes and consequences and the most common forms of exploitation related to it. Part II reviews the most important international conventions against slavery and the slave trade and the Protocol to Prevent Suppress and Punish Trafficking in Persons Especially Women and Children. It also analyses the most important policy documents setting the basic standards of protection for trafficked victims namely the United Nations High Commissioner for Human Rights Recommended Principles and Guidelines on Human Rights and Human Trafficking and comments on the extension of the jus cogens principle of international law that prohibits slavery to argue that trafficking in persons ought rightly to be considered

a part of it Part III deals with the Council of Europe and the European Union and their fight against trafficking in people arguing that the focus has been placed mistakenly on the prosecution of traffickers rather than on the protection of trafficked victims The book concludes with a recommendation to shift towards a more balanced approach to trafficking in persons and the overriding need to conduct further research on specific issues related to the spread of trafficking and the exploitation of its victims
