Black Power Inc. Smith-Shomade, 2012-08-21 Launched in 1980 cable network Black Entertainment Television BET has helped make blackness visible and profitable at levels never seen prior in the TV industry In 2000 BET was sold by founder Robert L Johnson a former cable lobbyist to media giant Viacom for 2 33 billion dollars This book explores the legacy of BET what the network has provided to the larger US television economy and more specifically to its target African American demographic The book examines whether the company has fulfilled its stated goals and implied obligation to African American communities Has it changed the way African Americans see themselves and the way others see them Does the financial success of the network secured in large part via the proliferation of images deemed offensive and problematic by many black communities come at the expense of its African American audience This book fills a major gap in black television scholarship and should find a sizeable audience in both media studies and African American studies **Building on the Promise of Diversity** R. intersections between diversity management and the Civil Rights Movement and affirmative action agendas a personal narrative that charts Thomas's own evolution in diversity thinking and a roadmap for mastering the powerful craft of Strategic Diversity Management™ a structured process that helps you Realize why multiple activities and good intentions are not enough for achieving sustainable progress Recast the meaning of diversity as more than just race and gender but as any set of differences similarities and tensions such as workplace functions product lines acquisitions and mergers customers and markets blended families community diversity and more Accept that a realistic goal is not to eliminate diversity tension but to use it as a catalyst to address key issues Recognize diversity mixtures analyze them accurately and make quality decisions in the midst of differences similarities and tensions Build an essential set of diversity skills and develop your diversity maturity the wisdom judgment and experience to use those skills effectively Reflect on the ways you might be diversity challenged yourself

Black on the Block Mary Pattillo, 2010-04-02 In *Black on the Block* Mary Pattillo a *Newsweek* Woman of the 21st Century uses the historic rise alarming fall and equally dramatic renewal of Chicago's North Kenwood Oakland neighborhood to explore the politics of race and class in contemporary urban America There was a time when North Kenwood Oakland was plagued by gangs drugs violence and the font of poverty from which they sprang But in the late 1980s activists rose up to tackle the social problems that had plagued the area for decades *Black on the Block* tells the remarkable story of how these residents laid the groundwork for a revitalized and self-consciously black neighborhood that continues to flourish today But theirs is not a tale of easy consensus and political unity and here Pattillo teases out the divergent class interests that have come to define black communities like North Kenwood Oakland She explores the often heated battles between haves and have-nots home owners and apartment dwellers and newcomers and old timers as they clash over the social implications of gentrification Along the way Pattillo highlights the conflicted but crucial role that middle class blacks play in transforming such districts as they negotiate between established centers of white economic and political power and the needs of their less fortunate black neighbors A century from now when today's sociologists and journalists are dust and their books are too those who want to understand what the hell happened to Chicago will be finding the answer in this one Chicago Reader To see how diversity creates strange and sometimes awkward bedfellows turn to Mary Pattillo's *Black on the Block* *Boston Globe*
