Minorities in America ,1971      **Discourse and Discrimination** Geneva Smitherman, Teun A. van Dijk, 1988 Discourse and Discrimination is a study of how racism antisemitism and ethnicism are reflected in discourse The authors first survey five established discourse analysis approaches before providing their own model and three case studies Drawing on a wide range of sources they question why racism and anti-Semitism are still virulent worldwide      *Racism* Albert J. Wheeler, 2000 Of all mankind's vices racism is one of the most pervasive and stubborn Success in overcoming racism has been achieved from time to time but victories have been limited thus far because mankind has focused on personal economic gain or power grabs ignoring generosity of the soul This bibliography brings together the literature providing access by subject groupings as well as author and subject indexes Contents Racial Attitudes Racism and Poverty Hate Groups Racial Justice Racism and Politics Race Discrimination Racial Identity Racism Around the World      Focus on Minorities, Supplement Fort Bragg (N.C.). Library, 1974      **Focus on Minorities** Fort Bragg (N.C.). Library, 1973      Civil Rights Digest ,1969      Equal Educational Opportunity United States. Congress. Senate. Select Committee on Equal Educational Opportunity, 1970      **The Black Theatre Movement in the United States and in South Africa** Olga Barrios, 2008 El creixement dels moviments sociopolítics entre els anys seixanta i noranta als Estats Units i a Sud-àfrica va establir els fermes fonaments sobre els quals amb una força i ímpetu sense precedents es va forjar el teatre negre d'aquests anys Forma i contingut van sorgir a l'una del compromís polític i artístic adoptat per aquests artistes contra l'imperialisme el colonialisme i el racisme occidentals Per primera vegada en la història el teatre negre dels Estats Units i de Sud-àfrica analitzava i valorava les arrels negres per a poder il·luminar la recerca d'un futur de llibertat No obstant això el context sociopolític i les circumstàncies específiques de cada país han generat igualment els trets distintius del teatre afro nord-americà i negre sud-africà incloses les diferències de gènere manifestos en ramificacions artístiques totalment heterogènies i niques      **The Business of Marketing, Entrepreneurship, and Architecture of Communal Societies in the 1960s and 1970s** Rahima Schwenkbeck, 2021-11-13 This book provides an in-depth history of three US-based communal societies that operated in the late 1960s and 1970s Soul City Stelle and Twin Oaks with an emphasis on their financing marketing and entrepreneurship processes These communities reflect the diversity of people who were dissatisfied with the direction in which American society was heading often underpinned by concerns over racism sexism the environment and capitalism and decided to take the radical step of joining a communal society A moral economy approach offers a lens on how these communities were prevented from fully realizing their visions due to the confines of capitalism as embedded in banking practices zoning laws and systemic racism      *The Struggle for the People's King* Hajar Yazdani, 2023-05-30 How the misuses of Martin Luther King's legacy divide us and undermine democracy In the post-civil rights era wide-ranging groups have made civil rights claims that echo those made by Black civil rights activists of the 1960s from people with disabilities to women's rights

activists and LGBTQ coalitions Increasingly since the 1980s white right wing social movements from family values coalitions to the alt right now claim the collective memory of civil rights to portray themselves as the newly oppressed minorities The Struggle for the People s King reveals how as these powerful groups remake collective memory toward competing political ends they generate offshoots of remembrance that distort history and threaten the very foundations of multicultural democracy In the revisionist memories of white conservatives gun rights activists are the new Rosa Parks antiabortion activists are freedom riders and antigay groups are the defenders of Martin Luther King s Christian vision Drawing on a wealth of evidence ranging from newspaper articles and organizational documents to television transcripts press releases and focus groups Hajar Yazdiha documents the consequential reimagining of the civil rights movement in American political culture from 1980 to today She shows how the public memory of King and civil rights has transformed into a vacated sanitized collective memory that evades social reality and perpetuates racial inequality Powerful and persuasive The Struggle for the People s King demonstrates that these oppositional uses of memory fracture our collective understanding of who we are how we got here and where we go next

**A Head of Cabbage** Barbara Johnson,2022-07-24 Barbara Abbott was eighteen when her father threatened to kill her if she went to school against his will A sharecropper since he lost his farm in 1956 he needed her on the farm to help plant their annual tobacco crop Barbara would often sneak away to school but her mother would retrieve her before her second class started and return her to the fields Then after the workday was over she studied unassigned chapters hoping that she would not get behind in her class assignments due to absences from school Her father believed living off the land was the best option for southern black people He never encouraged his children to seek an education he saw how education had not helped many black people financially and had an extreme distrust of white people and the government Eventually Barbara got accepted into Bennett College a predominately black all girls school though she left college after her junior year to marry her high school sweetheart Then while pregnant she discovered that her husband was gay and had a lover living next door Spanning many decades this personal narrative shares an account of the everyday life struggles of a black woman and shows her determination to live a life different from those of her ancestors *The Zimbabwe African People's Union, 1961-87* Eliakim M. Sibanda,2005 This book is an exploration of the political history of insurgency in SOuthern Rhodesia During the early years of its struggle ZAPU employed non violent means to try and achieve its goal for majority rule and a non racial society Because of the belligerency of the White settler regime ZAPU added the armed resistance to its strategy and went on to build a formidable army Problems escalated and alliances were built and dissolved until tired of being hunted down and butchered the ZAPU leadership decided to merge its party with the ruling party in December 1987

**What Is Antiracism?** Arun Kundnani,2023-06-13 Liberals have been arguing for nearly a century that racism is fundamentally an individual problem of extremist beliefs Responding to Nazism thinkers like gay rights pioneer Magnus Hirschfeld and anthropologist Ruth Benedict called for teaching people especially poor people to be less

prejudiced Here lies the origin of today's liberal antiracism from diversity training to Hollywood activism Meanwhile a more radical antiracism flowered in the Third World Anticolonial revolutionaries traced racism to the broad economic and political structures of modernity Thinkers like C L R James Claudia Jones and Frantz Fanon showed how racism was connected to colonialism and capitalism a perspective adopted even by Martin Luther King Today liberal antiracism has proven powerless against structural oppression As Arun Kundnani demonstrates white liberals can heroically confront their own whiteness all they want yet these structures remain This deeply researched and swift moving narrative history tells the story of the two antiracisms and their fates As neoliberalism reordered the world in the last decades of the twentieth century the case became clear fighting racism means striking at its capitalist roots
