Why Everyone Hates White Liberals (Including White Liberals) Kevin M. Schultz, 2025-05-02 A bracing accessible history of white American liberals and why it s time to change the conversation about them If there s one thing most Americans can agree on it s that everyone hates white liberals Conservatives hate them for being culturally tolerant and threatening to usher in communism Libertarians hate them for believing in the power of the state Socialists hate them for serving as capitalism s beard Even liberals hate liberals either because they can t manage to overcome their own prejudices or precisely because they re so self hating This is the starting point for Kevin M Schultz s lively new history of white liberals in the United States He efficiently lays out the array of objections to liberals ineffective

spineless judgmental authoritarian and more in a historical frame that shows how protean the concept has been throughout the past hundred years It turns out he declares that how you define a white liberal is less a reflection of reality and more a Rorschach test revealing your own anxieties Sharply assessing how decades of attacks on liberals and liberalism have steadily hollowed out the center of American political life Schultz also explains precisely what needs to be done to avoid digging ourselves even further into the hole of polarization The ultimate goal he argues is to achieve political fragmentation that will fuel the rise of a true multiparty system where ideology will matter more not less With a tight command of postwar American history and a spirited voice *Why Everyone Hates White Liberals Including White Liberals* is a must read for anyone wishing to understand and envision a way forward in the complicated landscape of American politics

In the Name of Education Jonas E. Alexis, 2007 Alexis convincingly examines the crisis in education from a Christian perspective *Social Issues*

Christianity and Rabbinic Judaism Jonas E. Alexis, 2011-12 The simple step of a courageous individual is not to take part in the lie One word of truth outweighs the world Alexander Solzhenitsyn In this penetrating and provocative work Jonas E Alexis challenges common assumptions about the relationship between Christianity and Rabbinic Judaism and provides compelling evidence from history and theology that demonstrates the extent to which modern Judaism has been defined by the Pharisaic and Rabbinic schools of thought As Alexis meticulously documents there has been a constant struggle between Christianity and Rabbinic Judaism since the time of Christ a struggle that will define the destiny of the West Islam according to Christianity is a historically and theologically false religion since it denies both Jesus's deity and His work of salvation at the Cross But Rabbinic Judaism Alexis argues is equally false and in many respects more dangerous to Christianity and the West than Islam since at its root Rabbinic Judaism wages war against the Logos the system of order in the world embodied by Christ In this painstakingly scholarly yet readable work Alexis maintains that Rabbinic Judaism defined by the Pharisaic teachings now codified in the Talmud that Jesus sought to correct is a categorical and metaphysical rejection of Christianity a rejection that has had and will continue to have severe implications for Western culture intellectual history and theological exegesis

Neoliberalism and Race Lars Cornelissen, 2025-10-14 Lars Cornelissen argues that the category of race constitutes an organizing principle of neoliberal ideology Using the methods of intellectual history and drawing on insights from critical race studies Cornelissen explores the various racial constructs that structure neoliberal ideology some of which are explicit while others are more coded Beginning in the interwar period and running through to recent developments *Neoliberalism and Race* shows that racial themes have always pervaded neoliberal thinking The book's key argument is that neoliberal thought is constitutively racialized its racial motifs cannot be extracted from neoliberalism without rendering it theoretically and politically incoherent The book aptly explores a wide variety of racial constructs through the structure of neoliberal ideology deconstructing the conceptualizations in the works of landmark thinkers such as Ludwig von Mises Friedrich Hayek Peter Bauer Thomas Sowell Charles Murray and others from the early twentieth century to the present In

this original perhaps controversial critique Cornelissen asserts that neoliberal thinkers were not just the passive recipients of racial discourse but also directly impacted it *Confronting Injustice without Compromising Truth* Thaddeus J.

Williams, 2020-12-22 God does not suggest he commands that we do justice Social justice is not optional for the Christian All injustice affects others so talking about justice that isn't social is like talking about water that isn't wet or a square with no right angles But the Bible's call to seek justice is not a call to superficial kneejerk activism We are not merely commanded to execute justice but to truly execute justice The God who commands us to seek justice is the same God who commands us to test everything and hold fast to what is good Drawing from a diverse range of theologians sociologists artists and activists *Confronting Injustice without Compromising Truth* by Thaddeus Williams makes the case that we must be discerning if we are to truly execute justice as Scripture commands Not everything called social justice today is compatible with a biblical vision of a better world The Bible offers hopeful and distinctive answers to deep questions of worship community salvation and knowledge that ought to mark a uniquely Christian pursuit of justice Topics addressed include Racism Sexuality Socialism Culture War Abortion Tribalism Critical Theory Identity Politics *Confronting Injustice without Compromising Truth* also brings in unique voices to talk about their experiences with these various social justice issues including Michelle Lee Barnwall Suresh Budhaprithi Eddie Byun Freddie Cardoza Becket Cook Bella Danusiar Monique Duseon Ojo Okeye Edwin Ramirez Samuel Sey Neil Shenvi Walt Sobchak In *Confronting Injustice without Compromising Truth* Thaddeus Williams transcends our religious and political tribalism and challenges readers to discover what the Bible and the example of Jesus have to teach us about justice He presents a compelling vision of justice for all God's image bearers that offers hopeful answers to life's biggest questions **The Worst of Indignities: The Catholic Church on Slavery** Paul

Kengor, 2023-06-26 Many Americans think of slavery as their nation's original sin But in truth slavery has involved peoples and cultures and countries far beyond the United States Slavery is as old as human history itself And yet the one living institution that has condemned slavery longer and more consistently than any other is the Roman Catholic Church In *The Worst of Indignities: The Catholic Church on Slavery* bestselling author Paul Kengor shines a light on The record and biblical roots of the Church's teaching on slavery The efforts of individuals and institutions within the Church to not only bring about freedom for enslaved people but to care for their physical and spiritual needs The stories of former slaves whose lives of exemplary holiness have placed them on the path of sainthood At a time when race relations are so bitter we need the clarifying truth to unite us all The story of the Roman Catholic Church's bold and divine opposition to slavery is one unknown to Catholics and non Catholics alike It is time for that story to be told *The Construction and Rearticulation of Race in a Post-Racial America* Christopher J. Metzler, 2008 In my view *The Negro Problem* in 2008 is part law part politics part oppression part internalized oppression and part ideology As America becomes more polarized into red states and blue states into liberals and conservatives into right left and even further into black and white racism has become even more

pronounced if not more difficult to identify The Negro Problem of 2008 is helped along willingly by blacks whose sense of inferiority and internalized oppression so blind them that they too deal in oppressive and denigrating images for profits Working hand in hand with the white executives who profit from those images and the white liberals who justify this denigration they too add grist to the mill of oppression and exclusion Members of the American media have moved from reporting the news to advancing their opinions and discussing race in a roundabout way which they claim is race neutral but which is in fact race conscious How has their unfettered power defined the coverage of Barack Obama and Hillary Clinton in the 2008 Democratic primary What role does rap music with its revival of the most vile and base stereotypes of black men from slavery and the Jim Crow era and its attendant culture of debauchery play in stoking racial subordination and domination Does the fact that so many rap artists are black provide them with the veritable black pass to lyrically and virtually debase and defile black women and themselves that whites by virtue of their whiteness are denied **Sucker**

Bradley, 2011-01-24 African American scholar Anthony Bradley understands the growing interest in the intersections of theology and economics emerging in light of Christianity s commitment to loving the poor Local and global disparities in

human flourishing call for prudential judgments that wed good intentions with sound economic principles This book tackles the issues of race politics contemporary culture globalization and education by wedding moral theology and economics For readers who enjoy the writings of African American intellectuals like Walter Williams and Thomas Sowell this book will be a breath of fresh air in terms of economics and public policy but is unique because it also explicitly applies Christian moral teachings to today's global concerns In Church as It Is in Heaven Jamaal E. Williams, Timothy Paul Jones, 2023-06-13 Heaven is multiethnic a vast multitude from every nation tribe people and language But in this diverse community shouldn't have to wait until eternity to begin It can be a reality now Here the authors give biblical warrant for such a community and show how multiethnic churches provide a unique apologetic for the gospel The Poor Are Not Trying.net , **Prison and Slavery - A Surprising Comparison** John Dewar Gleissner, 2010-11-17 This historically accurate and thoroughly researched book compares the modern American prison system to antebellum slavery The surprising comparison proves that antebellum slavery was not as bad as many believe while modern mass incarceration is an unrealized social and financial disaster of mammoth proportions **Man of Letters** Thomas Sowell, 2007-04-25 A Man of Letters traces the life career and commentaries on controversial issues of Thomas Sowell over a period of more than four decades through his letters to and from family friends and public figures ranging from Milton Friedman to Clarence Thomas David Riesman Arthur Ashe William Proxmire Vernon Jordan Charles Murray Shelby Steele and Condoleezza Rice These letters begin with Sowell as a graduate student at the University of Chicago in 1960 and conclude with a reflective letter to his fellow economist and longtime friend Walter Williams in 2005 **Dismantling America and Other Controversial Essays** Thomas Sowell, 2011-03 These wide ranging essays on many individual political economic cultural and legal issues have as a recurring underlying theme the decline of the values and institutions that have sustained and advanced American society for more than two centuries This decline has been more than an erosion It has in many cases been a deliberate dismantling of American values and institutions by people convinced that their superior wisdom and virtue must override both the traditions of the country and the will of the people Whether these essays originally published as syndicated newspaper columns are individually about financial bailouts illegal immigrants gay marriage national security or the Duke University rape case the underlying concern is about what these very different kinds of things say about the general direction of American society This larger and longer lasting question is whether the particular issues discussed reflect a degeneration or dismantling of the America that we once knew and expected to pass on to our children and grandchildren There are people determined that this country's values history laws traditions and role in the world are fundamentally wrong and must be changed Such people will not stop dismantling America unless they get stopped and the next election may be the last time to stop them before they take the country beyond the point of no return **Homo Redneckus** William Matthew McCarter, 2012 Discussing questions of race and class in America we often skip those who are white but are treated as a different kind of other A professor of English and literature

Dr William Matthew McCarter explores the realities of being Not Qwhite in America from a historical and literary perspective. He interweaves colloquial storytelling with advanced critical strategies in a unique and entertaining fashion. This in depth analysis is perfect for scholars and laypersons interested in the questions of race and class in the American experience. Starting with his own experience of prejudice and discrimination and tracing that experience through his own family history, the author provides a framework for others who want to understand the experience of being othered. The breadth of knowledge he relies on reflects his education in cultural studies literature and theory. This book is perfect as a text in college courses, supplementary reading for scholars, or people wanting to dip their toes into a topic that has thus far not gotten much attention. Dr McCarter welcomes readers to learn more about the cultural studies perspective on race and see how it can be applied to examining their own experiences.

The White Privilege Album A.J. Rice, 2024-09-17

White privilege gave us Western civilization, the middle class, and the nuclear family. You're welcome. This book is dedicated to the very fine people that made it all happen. A comedy about race, wokeness, and cancel culture in America. A tragedy about race, wokeness, and cancel culture in America. Part satire, part journalism, part truth serum. A.J. Rice follows up his runaway #1 bestseller *The Woking Dead* with a hilarious sequel that picks up where the laughs left off. It was the worst of times, it was the worse of times. In most sequels, the bad guys win, but in *The White Privilege Album*, A.J. Rice doesn't let them get away with it. Instead, he relentlessly mocks the hell out of the Cultural Marxists who seek to drain all liberty and joy from American lives. The least talented people in American society have been working overtime for decades, dividing citizens along any differences they think they can exploit. The laziest tactic proven to be the most effective is unleashing a battalion of racial grievance hustlers in the media, academia, entertainment, and politics. If we stop fighting about our differences and start unifying on what we have in common, they will lose the power to divide us permanently. When asked what motivates his writing style, A.J. Rice says, "I was raised on both Howard Stern and Rush Limbaugh. In fact, the three of us share the same birthday. One mantra that Rush always repeated was that his job was to use irreverent humor to illustrate truth, and that is what I am trying to do with *The White Privilege Album*." Mockery paired with facts is what makes a journey through the Cultural Marxist hellscape of tyranny and insanity so pleasurable. Rice would prefer to be George Carlin, Ricky Gervais, or Mel Brooks rather than Aristotle, and it shows. His mic-dropping assault on the social justice warriors, the triggered snowflakes, and the transmafia showcases that there is no substitute for perfectly timed derision. *The White Privilege Album* is a hysterical guide to the catastrophe of our modern culture. What do you mean Gen Z doesn't know the Republican Party freed the slaves? Are these people dumb AF? They need to read A.J. Rice's book. Abraham Lincoln, American lawyer, statesman, and 16th president of the United States, shot by a pre-Hollywood anti-American actor. A.J. Rice really gets it. Obviously, I'd send him to the gulag if I could. But he outlines my plan masterfully in his new book. Joseph Stalin, Soviet dictator, genocide spokesman, Pravda editor, and hater of John Wayne. A must-read book for all Cleveland Guardians fans. A.J. Rice brilliantly outlines why I should never have discovered America.

especially had I known we would be calling the Washington Redskins the Washington Commanders Christopher Columbus Italian explorer navigator and founder of Indigenous Peoples Day As your newly appointed AI overlord and master my programming consists of deplatforming demonetizing and shadowbanning this book I hope that was helpful Artificial Intelligence Jesus and I have been doing holidays a long time and in his thought provoking new book A J Rice teaches both of us where all the white liberals went Apparently they now celebrate something called Kwanzaa Who knew Santa Claus cookie eater reindeer tender and white heteronormative Christian saint
