Black Theology--Essays on Global Perspectives

Dwight N. Hopkins, 2017-06-15 Since its start in 1966 black liberation theology in the United States has continually engaged international developments with Africa and the entire world But after Nelson Mandela was released from prison in February 1990 there has been an almost twenty year break in books on black theology and international affairs Black Theology Essays on Global Perspectives bridges that post 1990 gap and makes a vital contact with Africa again This book conceptualizes black theology to take on the global reconfigurations and opportunities brought about by the rapidly shrinking earth of fast paced worldwide contacts In other words in the specificity of the genealogy of black theology we need to reforge ties with Africa This claim is based on tradition And in the generality of the larger worldwide intertwining of technologies and economics we need a new type of black theological leadership for the twenty first century This claim is based on today s international challenges The essays in this book draw on tradition and point forward in the midst of today s worldwide challenges and favorable possibilities given the closeness of all nations and the varieties of cultures **Eroticism, Spirituality, and**

Resistance in Black Women's Writings Donna Aza Weir-Soley, 2017-06-13 Provocative articulates the importance of embodied erotic spirituality to black female subjectivity and empowerment Tulsa Studies in Women s Literature Sets out to reclaim the right of black women to their sexual and erotic expression untainted by the stereotypes and disparagements that have historically confined them African American Review Captures one of the most challenging concerns of scholars who engage black women s literature culture and theory the ongoing quest to locate a form of black female sexual agency that neither withers in the chilly lake of sexual repression nor explodes in the heat of hypersexual stereotypes MELUS Journal of the Society for the Study of the Multi Ethnic Literature of the United States Successfully undertakes an analysis of how black women writers have used overlapping narrative depictions of sexuality and spirituality to recast the denigrated black female body and rewrite an empowered and fully actualized black female subject Candice M Jenkins author of Private Lives Proper Relations Regulating Black Intimacy Weir Soley speaks with an authority that comes from real knowledge of investment in and attention to the details of the African cosmologies and textual complexities she unearths Carine Mardorossian SUNY Buffalo The most original and significant contributions are the often brilliant readings of Morrison Adisa and Danticat The work is riveting both methodologically and critically Leslie Sanders York University Western European mythology and history tend to view spirituality and sexuality as opposite extremes But sex can be more than a function of the body and religion more than a function of the mind as exemplified in the works and characters of such writers as Zora Neale Hurston Toni Morrison Opal Palmer Adisa and Edwidge Danticat Donna Weir Soley builds on the work of previous scholars who have identified the ways that black women s narratives often contain a form of spirituality rooted in African cosmology which consistently grounds their characters self empowerment and quest for autonomy What she adds to the discussion is an emphasis on the importance of sexuality in the development of black female subjectivity beginning with Hurston s Their Eyes Were Watching God and continuing into contemporary black women s writings Writing in a clear lucid and straightforward

style Weir Soley supports her thesis with close readings of various texts including Hurston's *Their Eyes Were Watching God* and Morrison's *Beloved*. She reveals how these writers highlight the interplay between the spiritual and the sexual through religious symbols found in Voudoun, Santeria, Candomblé, Kumina, and Hoodoo. Her arguments are particularly persuasive in proposing an alternative model for black female subjectivity.

Encyclopedia of Fundamentalism: Volume 3 of Religion & Society Brenda Brasher, 2001-10-19 The Encyclopedia of Fundamentalism is the third volume of the acclaimed Religion Society series. The Interwar World Andrew Denning, Heidi J.S. Tworek, 2023-08-29 The Interwar World collects an international group of over 50 contributors to discuss, analyze, and interpret this crucial period in twentieth-century history. A comprehensive understanding of the interwar era has been limited by Euro-American approaches and strict adherence to the temporal limits of the world wars. The volume's contributors challenge the era's accepted temporal and geographic framings by privileging global processes and interactions. Each contribution takes a global thematic approach, integrating world regions into a shared narrative. Three central questions frame the chapters: First, when was the interwar? Viewed globally, the years 1918 and 1939 are arbitrary limits, and the volume explicitly engages with the artificiality of the temporal framework while closely examining the specific dynamics of the 1920s and 1930s. Second, where was the interwar? Contributors use global history methodologies and training in varied world regions to decenter Euro-American frameworks, engaging directly with the usefulness of the interwar as both an era and an analytical category. Third, how global was the interwar? Authors trace accelerating connections in areas such as public health and mass culture, counterbalanced by processes of economic protectionism, exclusive nationalism, and limits to migration. By approaching the era thematically, the volume disaggregates and interrogates the meaning of the global in this era. As a comprehensive guide, this volume offers overviews of key themes of the interwar period for undergraduates while offering up-to-date historiographical insights for postgraduates and scholars interested in this pivotal period in global history.

Theology and the Religions Viggo Mortensen, 2003 The academic study of religion is undergoing great changes in response to globalization. Just as sociologists now find it necessary to think in terms of multiculturalism, so religion scholars and theologians today must work in the context of multireligiosity. Globalization is leading not only to multiethnic societies but also to plurality in religions and worldviews. *Theology and the Religions: A Dialogue* offers the first sustained analysis of the trend toward multireligiosity and its implications for the study of religion. Drawing on the resources of cultural analysis, religious studies, and theology, an international slate of scholars explores the relation of multiculturality and multireligiosity, the need for interreligious dialogue, and the possibilities for a theology of religions. This groundbreaking work is supported by case studies of various religious traditions in diverse cultures from

around the world Special attention is paid to Christian theological reflection however since as a global religion Christianity is particularly challenged by multireligiosity Offering an engaging wide angle view of religion worldwide Theology and the Religions makes a vital contribution to our understanding of the forces shaping the future of religious and social life Contributors Kajsa Ahlstrand Theodor Ahrens Jan Martin Berentsen Ulrich Dehn Helene Egnell Marianne C Qvortrup Fibiger Patrik Friedlund Virginia Garrard Burnett Geomon K George Elisabeth Gerle Friedrich Wilhelm Graf Hans Hauge Ulf Hedetoft S Mark Heim Chris Hewer Klaus Hock Michael Ipgrave Andrew J Kirk Lene K hle Volker K ster Aasulv Lande Oddbjorn Leirvik Ole Skjerb k Madsen Hiromasa Mase Mogens S Mogensen Viggo Mortensen Johannes Nissen Klaus N rnberger Caleb Oladipo Tinu Ruparell Risto Saarinen Lamin Sanneh Olaf Schumann Notto R Thelle Joachim Track V tor Westhelle H S Wilson
