The Cambridge Companion to Black Theology Dwight N. Hopkins, Edward P. Antonio, 2012-07-26 This volume discusses normative theological categories from a black perspective and argues that there is no major Christian doctrine on which black theology has not commented Part One explores introductory questions such as what have been the historical and social factors fostering a black theology and what are some of the internal factors key to its growth Part Two examines major doctrines which have been important for black theology in terms of clarifying key intellectual foci common to the study of religion The final part discusses black theology as a world wide development constituted by interdisciplinary approaches The volume has an important role in bringing Christian thought into confrontation with one of the central challenges of modernity namely the problem of race and racism This Companion puts theological themes in conversation with issues of ethnicity gender social analysis politics and class and is ideal for undergraduate and graduate students **Pentecostal Exorcism**

Opoku Onyinah, 2019-05-21 Witchcraft and exorcism have long been dominant features of life in African cultures This unique book provides a thorough field research based description and analysis of a specifically Pentecostal Christian response to these phenomena within the Akan culture of Ghana Anthropological studies generally claim that the ultimate goal of exorcism is modernisation Using interdisciplinary studies with a theological focus the author takes a different view arguing that it is divinatory consultation or an inquiry into the sacred and the search for meaning that underlies the current deliverance ministry where the focus is to identify and break down the so called demonic forces by the power of God and to deliver people from their torment The deliverance ministry is one attempt to contextualise the gospel for African people However preoccupation with demonisation and exorcistic practices is found to bring Christianity into tension with the Akan culture family ties and other religions In order to develop a properly safeguarded ministry of exorcism in an African context the author examines contextualisation and suggests the integration into African Christianity of divinatory consultation which has strong resonances with the biblical concept of prayer **A Plea for British Black Theologies, Volume 2** Roswith I. H. Gerloff, 2010-11-01 This volume is the appendix to volume one and includes notes bibliographies and related materials Since the Second World War more than 1 000 black independent congregations in around 300 different organizations have sprung up all over Britain The immigration of Afro Caribbeans and West Africans has led to the emergence and growth of many churches which flourish in the cities and attract a growing number of members They now play an increasingly active role in the social and ecumenical life of the nation which is reflected in cooperation with the New Instrument of the British churches They comprise a rich diversity of theological traditions and cultural inheritance some in an interesting blend some in a struggle with white elements Existence and growth of these communities have often been explained by factors inherent in British society such as social deprivation and English racism The book attempts to prove that as much these factors are a reality they do not account for the dynamics of the movement its proliferation and stability Rather these congregations are

carried by strong cultural and theological forces which molded the spiritual experience of the African diaspora They carry a living faith sound contextual theologies and a form of organization which presents a model for other ethnic minorities

**Reconciling Embrace** Robert J. Kennedy, 1998 How do we think about sacramental reconciliation at this time in history How do we minister to alienated and inactive Catholics who wish to be reconciled to the church To begin to answer these questions from back cover

**Plenty Good Room** Marcia Y. Riggs, 2008-12-01 I offer this book as an outgrowth of my faith journey in the African American Church and as an ethicist who is deeply concerned about the distorted relationship between the professed theological and ethical beliefs and moral practices with respect to gender in that church I am concerned with the way that we interpret our beliefs about justice in particular in order to match our sexual gender oppressive practices while maintaining that we received such interpretation by way of the Bible and or church tradition Marcia Y Riggs In *Plenty Good Room Women Versus Male Power in the Black Church* Riggs discusses African American church life as a case study for ethical reflection about sexual ethics and clergy ethics the prevailing silence about sexuality in the black church as well as the fact that sexuality is generally a taboo in the Christian tradition The author feels that sexism has been perpetrated by misuse of the Scriptures and by circumscribing the role of women and seeks to transform current discourse about sexual behavior and clergy misconduct from a concentration on formulating policy to re train Riggs offers both descriptive analysis and normative proposals for transforming the moral life of the African American church the way of being and doing characteristic of the African American church in the areas of Sexual gender relations Clergy ethics Ministerial ethics Ecclesial practices Riggs begins each chapter with a scenario and ends each chapter with dialogue questions for further group reflection

**Introduction to Christian Theology** Roger A. Badham, 1998-01-01 This book covers a broad spectrum of current perspectives in theology including evangelical liberal liberationist feminist and postmodern approaches A textbook for introductory theology classes in seminaries and colleges this wide ranging collection of essays also represents the best available resource for any reader seeking to explore and understand the diversity of current trends in theology and ethics

**Hearing Past the Pain** Jon Nilson, 2007 **Understanding and Transforming the Black Church** Anthony B. Pinn, 2010-01-01 What is the nature and purpose of the Black Church What is the relationship of the scholar of religion to the Black Church While black churches have been a major component of the religious landscape of African American communities for centuries little critical attention has been given to these questions outside an apologetic stance This book seeks to correct this trend by examining some of the major issues facing black churches in the twenty first century From a challenge to traditional ways of addressing sexism within black churches to African American Christianity s relationship to popular culture this set of reflections seeks to offer new perspectives on what it might mean to be Black and Christian in the United States Anthony Pinn s volume seeks to critically understand and sympathetically transform the Black Church Carrying on in the tradition of William R Jones Pinn s perspective on the Black Church is suspicious loving critical committed

exasperating and exhilarating One may not always agree with his conclusions but one cannot ignore his penchant for ferreting out the truth This book is a passionate yet balanced argument which must be heard by anyone who is interested in the future of the black church James H Evans JR Robert K Davies Professor of Systematic Theology Colgate Rochester Crozer Divinity School Pinn is required reading in every Black Church Studies department and theological curriculum that seeks self understanding transformation and healing and an indispensable interlocutor in the broader public conversation about the American dilemma and its democratic possibilities Walter Earl Fluker Coca Cola Professor of Leadership Studies Morehouse College

Black Theology in Britain Michael N. Jagessar, Anthony G. Reddie, 2016-04-08 Black theology as a discipline emerged in 1960s America growing out of the experiences of Black people of the African Diaspora as they sought to re interpret the central ideas of Christianity in light of struggle and oppression However a form of Black theology has been present in Britain since the time of slavery Black Theology in Britain offers the first comprehensive survey of Black theology tracing its development in Britain from the eighteenth century to today The essays cover a wide range of topics Black Liberation drama as a medium for Black theology the perspective of Black women Black theology in the pulpit and pastoral care and the work of Robert Beckford and Anthony Reddie Black Theology in Britain is a key resource for students of British history cultural studies Black theology and religious studies

**Modern Christian Thought: The twentieth century** James C. Livingston, Francis Schüssler Fiorenza, This widely acclaimed introduction to modern Christian thought formerly published by Prentice Hall provides full scholarly accounts of the major movements and thinkers theologians and philosophers in the Christian tradition since the eighteenth century Enlightenment together with solid historical background and critical assessments This second edition deals with the entire modern period in both Europe and America and is the first to include extensive treatment of modern Catholic thinkers Evangelical thought and Black and Womanist theology

A Common Journey George C. L. Cummings, 2010-01-01 A Common Journey provides the first comprehensive critical comparison of two of theology s most influential movements Black theology in the United States BTUSA and Latin American liberation theology LALT The near simultaneous emergence and growth of these two movements is only the most obvious of the similarities between them More importantly both have fostered a new theology from the perspective of the disenfranchised the powerless and the oppressed

**Full of Hope** Magdala Thompson, 2003 Six well known feminist theologians express their hope for a future of equality for men and women in many fields religion education family society and the realm of the heart

*The Expanding Boundaries of Black Politics* Georgia A. Persons, 2011-12-31 This volume joins the preceding volumes in this distinguished series in presenting contemporary research by leading political scientists addressing topics of interest to those concerned with African American affairs It captures the expanding boundaries of black politics and the persistent interests of the black community at large The anchoring symposium The Expanding Boundaries of Black Politics presents the scholarship of a cadre of young black political scientists actively engaged in the critical tasks of

moving forward the study of black politics Their concerns include expanding the boundaries of black politics along the lines of epistemology and methodology especially in regard to core issues and areas within this field In an introductory essay by Todd Shaw the work of these scholars is situated within the context of temporal shifts in scholarly emphases Overlapping issues and concerns across time as well as black political scholarship as defined in the field since its beginning are addressed The second part of this volume entitled *Maximizing the Black Vote Recognizing the Limits of Electoral Politics* concentrates on serious lingering social concerns These include the policy significance of black mayors affecting the concomitant impact of the black vote the boundaries being pushed concerning the conjunction of black theology and sexual identity a gendered analysis of familial policies and the deepening social and economic plight of young black males including felon disfranchisement The *Expanding Boundaries of Black Politics* carries forth the search for an understanding of the relationship between religion the black church and black political behavior cross racial group coalitions as concerns matters of immigration growing multiculturalism and the impact on black politics maximizing the impact of the black vote focusing on voting rights enforcement the black vote in presidential elections and the voice of the Congressional Black Caucus in American foreign policy and persistent social inequalities especially as it concerns ideology federalism and social welfare policy

*Beyond Liberation Theology* Ivan Petrella, 2013-01-03 Liberation theologies are the most important theological movement of our time In the 20th century their influence shook the Third and First Worlds grass root organizations and the affluent Western academy as well as the lives of priests and laypeople persecuted and murdered for living out their understanding of the Christian message In the 21st C their insights and goals remain unfortunately as valid as ever

**Empower the People** Theodore Walker, 2023-01-31 Out of such different voices as

the political philosophy of Martin Luther King black power and black nationalism the social science of William Julius Wilson and Nathan and Julia Hare the music and dance of Stevie Wonder and the blues black womanist theology and the preaching of his own home church Walker conducts a choir that is more than a chorus in a hymn that is more than a song The words call for a common struggle for comprehensive social empowerment black family by black family and black church by black church as he sets an agenda for the 1990s The rhythm and the harmony are his own as on occasion is a clear and strong solo voice Philip E Devenish University of Chicago Divinity School     Piety and Plurality Glenn Thomas Miller,2014-06-09 I began studying American theological education in the 1970s and Piety and Plurality is the third of three studies In Piety and Intellect I examined the colonial and nineteenth century search for a form of theological education that was true to the church s confessional traditions and responsible to the intellectual demands of the age In Piety and Profession I described how that model was modified under the impact of the new biblical criticism and by the American belief in professionalism In this volume I have tried to bring the story up to date Unfortunately I did not find one unifying theme for the period Rather theological education seemed to move forward on a number of different levels each with its own story Here I have tried to capture some of the dynamics of this movement and to indicate how theological educators have struggled with the plurality in their midst In the process theological education has learned to live with its contradictions and problems As important as the stories are however there is also the story of the schools struggles to live in the midst of a constant financial crisis that checked development at every stage     **African Perspectives on Culture and World Christianity** Joseph Ogbonnaya,2017-05-11 Unlike the global North the ferment of Christianity in the global South among the majority of world people has been astronomical Despite the shift in the center of gravity of Christianity to the global South intra ecclesial tensions globally remain those of the relationship of culture to religion The questions posed revolve around to what extent Western Christianity should be adapted to local cultures Should we talk of Christianity in non Western contexts or of majority world Christianity Is it appropriate to describe the shift as the emergence of global Christianity or world Christianity Should Christianity in the global South mimic Christianity in the global North or can it be different in the light of the diversity of these cultures Can Africans Asians Latin Americans Europeans and North Americans the entire global community speak of God in the same way This book is devoted to examining varieties of the intercultural process in world Christianity It understands culture broadly as a common meaning upon which communities social order is organized Culture in this sense is the whole life of people It is the integrator of the filial bond holding people together and the various institutional structures economic technological political and legal that guarantee peace and survival in societies states and nations both locally and internationally As this book shows the centrality of culture for world Christianity equally showcases the important position the scale of values occupies in world Christianity     **Reviving the Children of Nimrod** A. Pinn,2019-06-12 As Anthony Pinn argues in his latest collection humanism comes in many colors When more attention is given to issues of race as

connected to other forms of oppression it is easier to see the manner in which humanism has lived and functioned within African American communities Using the biblical figure Nimrod as symbol African American Humanist Principles demonstrates African American humanists intellectual and praxis related grounding in a history of rebellion against over determined and oppressive limitations on human doing and being Pinn maintains that it is this quest for a fuller sense of being for greater existential and ontological worth that informs the basic principles of African American humanism African American Humanist Principles is one of the only books to present the inner workings of humanist principles as the foundation for humanism from the African American perspective its form and content nature and meaning      **A Companion to Post-1945 America** Jean-Christophe Agnew, Roy Rosenzweig, 2008-04-15 A Companion to Post 1945 America is an original collection of 34 essays by key scholars on the history and historiography of Post 1945 America Covers society and culture people and movements politics and foreign policy Surveys and evaluates the best scholarship on every important era and topic Includes book review section on essential readings
