Black Theology--Essays on Global Perspectives Dwight N. Hopkins, 2017-06-15 Since its start in 1966 black liberation theology in the United States has continually engaged international developments with Africa and the entire world But after Nelson Mandela was released from prison in February 1990 there has been an almost twenty year break in books on black theology and international affairs Black Theology Essays on Global Perspectives bridges that post 1990 gap and makes a vital contact with Africa again This book conceptualizes black theology to take on the global reconfigurations and opportunities brought about by the rapidly shrinking earth of fast paced

worldwide contacts In other words in the specificity of the genealogy of black theology we need to reforge ties with Africa This claim is based on tradition And in the generality of the larger worldwide intertwining of technologies and economics we need a new type of black theological leadership for the twenty first century This claim is based on today s international challenges The essays in this book draw on tradition and point forward in the midst of today s worldwide challenges and favorable possibilities given the closeness of all nations and the varieties of cultures

The Rise and Demise of Black Theology Alistair Kee, 2017-11-28 Black Theology emerged in the 1960s as a response to black consciousness In South Africa it is a critique of power in the UK it is a political theology of black culture The dominant form of Black Theology has been in the USA originally influenced by Black Power and the critique of white racism Since then it claims to have broadened its perspective to include oppression on the grounds of race gender and class In this book the author contests this claim especially by Womanist black women Theology Black and Womanist Theologies present inadequate analyses of race and gender and no account at all of class economic oppression With a few notable exceptions Black Theology in the USA repeats the mantras of the 1970s the discourse of modernity Content with American capitalism it fails to address the source of the impoverishment of black Americans at home Content with a romantic imaginaire of Africa this African American movement fails to defend contemporary Africa against predatory American global ambitions

Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom The Prophethood of Black Believers James Deotis Roberts, 1994-01-01 This valuable resource from one of the founding fathers of the black theology movement discusses how to minister to the black community Using an interdisciplinary approach J Deotis Roberts shows how theological concepts can be applied to education pastoral care and political and economic issues
