Gammage, Antwanisha Alameen-Shavers, 2019-03-22 Challenging Misrepresentations of Black Womanhood investigates the typecasting of Black womanhood and the larger sociological impact on Black women's self-perceptions It details the historical and contemporary use of stereotypes against Black women and how these women work to challenge and dispel false perceptions The book highlights the role of racist ideas in the reproduction and promotion of stereotypes of Black femaleness in media literature artificial intelligence and the perceptions of the general public Contributors in this collection identify the racist and sexist ideologies behind the misperceptions of Black womanhood and illuminate twenty-first century stereotypical treatment of Black women such as Michelle Obama and Serena Williams and explore topics such as comedic expressions of Black motherhood representations of Black women in television dramas and literature and identity reclamation and self-determination Challenging Misrepresentations of Black Womanhood establishes the criteria with which to examine the role of stereotypes in the lives of Black women and more specifically its impact on their social and psychological well-being **Pioneer African American Educators in Washington, D.C.: Anna J. Cooper, Mary Church Terrell, and Eva B. Dykes** Marina Bacher, 2018 Anna J. Cooper Mary Church Terrell and Eva B. Dykes shaped the educational landscape in Washington D.C. in the late nineteenth and early twentieth centuries These three pioneer educators serve as examples to describe the societal circles they were involved in The many facets of their educational achievements are analyzed in the context of the educational elite of Washington Cooper Terrell and Dykes not only had to live with race discrimination but also with gender discrimination Unpublished archive material is used to illustrate how they interacted and how they treated each other Marina Bacher is a scholar author and educator Series American Studies in Austria Vol 18 Subject Education Sociology History Torches of Light Ann Short Chirhart, 2005 As turbulent social and economic changes swept the South in the first half of the twentieth century education became the flashpoint Ann Short Chirhart's study is the first to analyze such modernizing events in Georgia She shows how these changes affected the creation of the state's public school system and cast its teachers in a crucial role as mediators between transformation and tradition Depicting Georgia's steps toward modernity through teachers' professional and cultural work and the educational reforms they advocated Chirhart presents a unique perspective on the convergence of voices across the state calling for reform or continuity secularism or theology equality or enforced norms consumption or self

reliance Although most teachers black and white shared backgrounds rooted in localism and evangelical Protestantism attitudes about race and gender kept them apart African American teachers individually and collectively redefined traditional beliefs to buttress ideals of racial uplift and to press for equal access to public services White women adapted similar beliefs in different ways to enhance their efforts to train greater numbers of white students for professional and wage labor *Torches of Light* is based on such sources as government archives manuscript collections and interviews with teachers As Chirhart examines the ideas over which Georgians clashed she also shows how those ideas were embodied in New Deal and U S Department of Agriculture programs the political activities of the black Georgia Teachers and Educators Association and the Georgia legislature s 1949 Minimum Foundation Act Through two world wars and the Great Depression teachers sought to reconcile clashing beliefs not only to renegotiate class race and gender roles but also to enhance their own professionalism and authority

Robert R. Church Jr. and the African American Political Struggle Darius J. Young, 2022-04-12 Southern Conference on African American Studies Inc C Calvin Smith Book Award This volume highlights the little known story of Robert R Church Jr the most prominent black Republican of the 1920s and 1930s Tracing Church s lifelong crusade to make race an important part of the national political conversation Darius Young reveals how Church was critical to the formative years of the civil rights struggle A member of the black elite in Memphis Tennessee Church was a banker political mobilizer and civil rights advocate who worked to create opportunities for the black community despite the notorious Democrat E H Boss Crump s hold over Memphis politics Spurred by the belief that the vote was the most pragmatic path to full citizenship in the United States Church founded the Lincoln League of America which advocated for the interests of black voters in over thirty states He was instrumental in establishing the NAACP throughout the South as it investigated various incidents of racial violence in the Mississippi Delta At the height of his influence Church served as an advisor for Presidents Harding and Coolidge generating greater participation of and recognition for African Americans in the Republican Party Church s life and career offer a window into the incremental behind the scenes victories of black voters and leaders during the Jim Crow era that set the foundation for the more nationally visible civil rights movement to follow Publication of the paperback edition made possible by a Sustaining the Humanities through the American Rescue Plan grant from the National Endowment for the Humanities

OAH Newsletter, 2004 *Great Thinkers and Doers* Teresa Zackodnik, 2025-07-01 A corrective history of the essential role that Black women played in the early Black press In *Great Thinkers and Doers* Teresa Zackodnik looks at the vital and largely overlooked role of Black women readers writers and editors in the development of the Black press in the nineteenth and early twentieth centuries Understanding the relationship between the Black press and Black women s political and community organizing helps illuminate how important Black women were to this media phenomenon in its first one hundred years In the nineteenth century Zackodnik reveals the Black press was second only to the Black church in its centrality to Black politics and communities but histories of its development have long credited its founding and development

to the Black men who were its editors Despite their underrepresentation in the leadership of Black public politics and the Black press women were overrepresented in the mutual benevolent moral improvement and literary societies that functioned as community centers of political oratorical and print culture work These societies supplied the Black press with content a readership and distribution nodes in Black communities throughout the nation Zackodnik examines the vital opportunity that this networking of the Black press with literary societies offered Black women readers to enter Black print space and advance communal goals She also explores how Black women gained a foothold within publications often initially with gateway genres such as letters to the editor and women s columns and shaped the Black press This book will change how we understand the early Black press and overlooked Black feminist print practices *The Other Women's Movement* Dorothy Sue Cobble, 2005-08-21 American feminism has always been about more than the struggle for individual rights and equal treatment under the law In this book the author retrieves an alternative tradition of women s reform that sought answers to questions increasingly pressing today how to balance work and family and how to address growing economic inequalities This book traces the history of American social justice feminism from the 1930s into the present and to link that continuous tradition with the leadership of labor women Back cover **Reproduction and Society** Carole Joffe, Jennifer Reich, 2025-05-30 The new edition of *Reproduction and Society* assembles an authoritative collection of the best scholarship on reproductive matters to help students and readers think critically and more expansively about acts of reproduction as social phenomena The social political and personal meanings of reproduction have become increasingly important and surround us in the news during elections and even within popular culture In the aftermath of the United States Supreme Court s decision to overturn a nearly 50 year old precedent guaranteeing a constitutional right to abortion these issues have become even more pressing Exploring the topic from a sociological lens and drawing on influential writing from other fields including history economics anthropology and medicine editors Carole Joffe and Jennifer Reich are assured and accessible guides as they lead readers across six core thematic areas analyzing reproductive self determination and why it matters From a reproductive justice perspective the new edition examines issues related to contraception and sterilization abortion pregnancy maternal fetal conflicts and uses of reproductive technologies Readers will encounter classical texts that have contributed to the foundation of this exciting field as well as more recent research that continues to push the field forward all in the service of sharpening their understanding of why reproductive politics have been and continue to be contentious complicated and high stakes Refreshed and significantly expanded with over two dozen new selections the second edition of this reader will have wide appeal for undergraduate and graduate students who are new to the study of reproduction both in courses that focus on the topic across different disciplines and as a supplement to courses on the family gender health care social problems and sexuality *Ballots, Babies, and Banners of Peace* Melissa R. Klapper, 2014-08-22 *Ballots Babies and Banners of Peace* explores the social and political activism of American Jewish women from approximately 1890 through

World War II Written in an engaging style the book demonstrates that no history of the suffrage birth control or peace movements in the United States is complete without analyzing the impact of Jewish women s presence The volume is based on years of extensive primary source research in more than a dozen archives and hundreds of published primary sources many of which have previously never been seen Voluminous personal papers and institutional records paint a vivid picture of a world in which both middle class and working class American Jewish women were consistently and publicly engaged in all the major issues of their day and worked closely with their non Jewish counterparts on behalf of activist causes Page 4 of cover
