**Hijacking of the American Presidency** Assad R. Wright, 2022-05-16 In the Hijacking of the American Presidency Terrorists in the White House when Chuck Chisolm gave his report of the splinter group's intent to assassinate the sitting president and have the vice president their hand picked puppet installed in his stead the reaction by the agents and policy makers present was indicative of the view held by many that Americans would always behave according to the rule of law provided in the constitution and a belief system long considered superior to others But that's like hijacking the presidency of the United States of America one agent protested his voice almost cracking in panic And putting terrorists in the White House another joined the protest This cannot be the deputy exclaimed We are the United States of America not a Third World country ruled by juntas Later when the deputy of the Department of Defense was apprised of the plan his reaction was similar Mother of God the Department of Defense deputy shouted What you're talking about is madness madness Madness You're talking about hijacking the presidency of the United States You're talking about overthrowing the constitution of the United States and you're talking about a coup d'etat right here in the United States of America Has everybody gone mad The bottom line is since the tenets of the constitution and the long held values considered American are no longer considered sacrosanct one can expect radical changes that mirror even fractious societies Consequently our security forces can no longer be merely reactive but must be placed on a proactive footing with the ability to act preemptively if it becomes necessary

learned the first thing about it To this day fundamental truths about the crime are widely unknown including where it took place and how many people were involved This is no accident the cover up began at once and it is ongoing In August 1955 two men Roy Bryant and J W Milam were charged with the torture and murder of the 14 year old Emmett Till in Money Mississippi After their inevitable acquittal in a mockery of justice they gave a false confession to a journalist which was misleading about where the long night of hell took place and who was involved In fact Wright Thompson reveals at least eight people can be placed at the scene which was inside the barn of one of the killers on a plot of land within the six square mile grid whose official name is Township 22 North Range 4 West Section 2 West Half fabled in the Delta of myth as the birthplace of the blues on nearby Dockery Plantation Even in the context of the racist caste regime of the time the four hour torture and murder of a Black boy barely in his teens for whistling at a young white woman was acutely depraved Till s mother Mamie Till Mobley s decision to keep the casket open seared the crime indelibly into American consciousness Wright Thompson has a deep understanding of this story the world of the families of both Emmett Till and his killers and all the forces that aligned to place them together on that spot on the map As he shows the full horror of the crime was its inevitability and how much about it we still need to understand Ultimately this is a story about property and money and power and white supremacy It implicates all of us In *The Barn* Thompson brings to life the small group of dedicated people who have been engaged in the hard fearful business of bringing the truth to light Putting the killing floor of the barn on the map of Township 22 North Range 4 West Section 2 West Half and the Delta and America is a way of mapping the road this country must travel if we are to heal our oldest deepest wound
