Kamal Gupta,2022-05-10 A real life underdog tale of one man turning the tables on the casinos and Wall Street without
selling his soul to the devil All around the world the words Wall Street conjure up a powerful image For some it is the center
of America s capitalist system and the engine of its economic growth For others it is the home of rapacious bankers and
reckless traders whose greed would lead to a global financial crisis For an Indian born blackjack player Wall Street
represented something else entirely a chance for him to play in the largest casino in the world Kamal Gupta s improbable
journey from a wide eyed Indian immigrant to an ultimate insider in the rarefied world of investment banks and hedge funds
is a uniquely American story Nowhere else would it have been possible for a scrawny computer scientist to enter the world of
high finance solely on the basis of his gambling abilities After spending seven years creating an investment methodology
Gupta went on an incredible run generating an unprecedented 103 consecutive months of positive returns while managing
money at large hedge funds His success did not go unnoticed and he found himself under constant pressure to take bigger
risks to make even more money He refused and always played it right knowing that there was such a thing as enough money
something very few if any of his Wall Street peers understood Much like Maria Konnikova s bestseller *The Biggest Bluff* *Play*
