Blacks in East Texas History Bruce A. Glasrud, Archie P. McDonald, 2008 Founded in 1962, the East Texas Historical Journal began accepting articles on African American history at a time when most scholarly journals considered the topic out of the mainstream at best. Since that beginning, the journal has published some forty articles in the field. Now Bruce A. Glasrud and Archie P. McDonald have gathered a collection of some of the best articles on black history from the East Texas Historical Journal; their samplings span the nineteenth and twentieth centuries and cover the principal themes and topics of African American history in the eastern portion of the Lone Star State. The book concludes with a listing of all articles on African American history from the East Texas Historical Journal. *Blacks in East Texas History* will enlighten and inform students and scholars of regional and African American history as well as those interested in the trials and progress of African Americans in the American South and Southwest.

The Black Theatre Movement in the United States and in

South America Olga Barrios Herrero, 2011-11-28 El creixement dels moviments sociopolítics entre els anys seixanta i noranta als Estats Units i a Sudàfrica va establir els fermes fonaments sobre els quals amb una força i ímpetu sense precedents es va forjar el teatre negre d'aquests anys. Forma i contingut van sorgir a l'una del compromís polític i artístic adoptat per aquests artistes contra l'imperialisme, el colonialisme i el racisme occidentals. Per primera vegada en la història, el teatre negre dels Estats Units i de Sudàfrica analitzava i valorava les arrels negres per a poder il·luminar la recerca d'un futur de llibertat. No obstant això, el context sociopolític i les circumstàncies específiques de cada país han generat igualment els trets distintius del teatre afro nord-americà i negre sud-africà incloses les diferències de gènere manifestos en ramificacions artístiques totalment heterogènies i niques.

UNTOLD HISTORY Bernadine E. Ahonkhai, ED. D, 2025-01-06 *UNTOLD HISTORY* illustrates how African history is intertwined with and foundational to American history. The book begins this narrative in the fourteenth century when European seafarers discovered the coastal regions of Africa, describes the meeting of the three worlds: Africa, Europe, and the New World, later known as America, and details the increasing interactions of the three worlds after the 1450s. The author dispels some of the misconceptions about pre-colonial Africa by presenting the history and culture of the African continent from a distinctively African lens. As such, this book chronicles some prominent African empires and kingdoms, Africa-European bilateral trade relations, the trans-Atlantic Slave trade, and contemporary Africans in the United States. The book highlights stories of contemporary Africans residing in the United States and documents the contributions of early and contemporary Africans to the history, economic development, culture, and prominence of the United States of America. It concludes with a snapshot of contemporary Africa. The book provides a framework for understanding the history of Africa prior to the arrival of European merchants on its shores, African civilizations, cultures, legacy, and contributions to America. Educators can use the book to supplement their course on American History, World History, African American History, in pre-collegiate or collegiate settings. This book can help educators to reimagine the teaching and learning of the United States history by centering on important narratives in Africa and with Africans in the American diaspora. The book is organized chronologically and can help the reader to understand the past as it relates to the present world. To facilitate teaching, each chapter opens with a quotation that introduces the content of the chapter and ends with study discussion questions that educators can use or adapt as appropriate for instruction and to ensure full comprehensive understanding of the content presented.
