Jesuits as enemies of liberal modernity supporters of medieval absolutism yet master manipulators of modern self fashioning and the printing press The evidence suggests a far more complicated relationship of both Protestants and Jesuits as co creators of the bright and dark sides of modernity including the public sphere public education plantation slavery and colonialism

The Popes against the Protestants Kevin Madigan, 2021-08-17 An account of the alliance between the Catholic Church and the Italian Fascist regime in their campaign against Protestants Based on previously undisclosed archival materials this book tells the fascinating untold and troubling story of an anti Protestant campaign in Italy that lasted longer consumed more clerical energy and cultural space and generated far more literature than the war against Italy s Jewish population Because clerical leaders in Rome were seeking to build a new Catholic world in the aftermath of the Great War Protestants embodied a special menace and were seen as carriers of dangers like heresy secularism modernity and Americanism as potent threats to the Catholic precepts that were the true foundations of Italian civilization values and culture The pope and cardinals framed the threat of evangelical Christianity as a peril not only to the Catholic Church but to the fascist government as well recruiting some very powerful fascist officials to their cause This important book is the first full account of this dangerous alliance

Protestant School Leaders: A Qualitative Research about their Self-understanding Njobati, Frederick Fondzenyuy, The study is concerned with the self understanding of Protestant secondary school principals about their school leadership in the context of Cameroon where education is rooted in missionary and colonial times The debate at international level on whether or not none state schools are widening inequality gaps and whether school leadership is contributing to enlightenment or to fundamentalism matter in researching about the Protestant school profile and leadership The study therefore seeks to answer the research question What are the perceptions of secondary school principals of Protestant schools about their school leadership The research was conceptualized as exploratory and hypothesis generating within the qualitative approach It used semi structured interviews to collect data from 26 theoretically sampled secondary school principals The data was analyzed by qualitative content analysis using the grounded theory in an iterative deductive inductive way Through the generalization process of abduction and by a deep analysis of the empirical data the criteria which constitute the categories of quality first emerged Thereafter six ideal types of leading understanding were generated and consists of 1 call for superiority leadership 2 state conformational leadership 3 ecclesiastical leadership 4 community participatory leadership 5 vocation to serve leadership and 6 diaconal leadership Further analysis revealed a multi dimensional self understanding by principals on the Protestant ethos of schools and their

leadership function Thus not all the six ideal leadership types are contributing to quality education On the one hand there are fundamentalist leaders focusing on normative aspects of discipline while on the other hand there are leaders promoting democratic values or working in a diaconal way promoting social justice Furthermore principals show little awareness of belonging to the church as a global institution *Protestants and Mysticism in Reformation Europe* Ronald K.

 ancient Israel and a metaphorical and amazing message is hidden in them for the modern human being The relationship
 between freedom and responsibility is a very current topic Who has the authority to define the limits of freedom and
 responsibility Which entity has the authority to decide who has the right to access freedoms The forces of evil including the
 Antichrist aim to take the hold of this authority by deception The great controversy between light and darkness concentrates
 on these issues and it is a battle for our mindset and attitudes Jesus Christ will have victory in the end However it is
 important to know the means of the hoax of Satan and the Antichrist so that we would not be deceived A global medical
 deception is part of the hoax Liberty of conscience not totalitarianism is at the heart of God s mindset and government The

interpretation of the trumpets has a long tradition This book continues the tradition by concentrating on the fifth and the sixth trumpet Often in Protestantism the events of the fifth and the sixth trumpet are either situated into the past so called traditional interpretation in Adventism or they are seen to reach until the present time In this book we unite the two views and think that the trumpets are repeated in history We aim to let the Bible interpret itself Both global deception and freedom of conscience are issues which are grounded on God s Word The book is a self published work and it contains 259 pages
