AB Bookman's Weekly, 1999 **Recovering the Black Female Body** Michael Bennett, Vanessa D. Dickerson, 2001
Recovering the Black Female Body recognizes the pressing need to highlight through scholarship the vibrant energy of African American women's attempts to wrest control of the physical and symbolic construction of their bodies away from the distortions of others **African-American Writers** Philip Bader, 2014-05-14 African American authors have consistently explored the political dimensions of literature and its ability to affect social change African American literature has also provided an essential framework for shaping cultural identity and solidarity From the early slave narratives to the folklore and dialect verse of the Harlem Renaissance to the modern novels of today **Evidence of Things Not Seen** Rhonda D. Frederick, 2022-07-15 Evidence of Things Not Seen Fantastical Blackness in Genre Fictions is an interdisciplinary study of blackness in genre literature of the Americas The fantastical in fantastical blackness is conceived by an unrestrained imagination because it lives despite every attempt at annihilation This blackness amazes because it refuses the limits of anti blackness As put to work in this project fantastical blackness is an ethical praxis that centers black self knowledge as a point of departure rather than as a reaction to threatening or diminishing dominant narratives Mystery romance fantasy mixed genre and science fictions unrestrained imaginings profoundly communicate this quality of blackness specifically here through the work of Barbara Neely Colson Whitehead Nalo Hopkinson and Colin Channer When black writers center this expressive quality they make fantastical blackness available to a broad audience that then uses its imaginable vocabularies to reshape extra literary realities Ultimately popular genres imaginable possibilities offer strategies through which the made up can be made real **British Women Mystery Writers** Mary Hadley, 2015-10-02 Many aspects of British detective fiction are intriguingly different from the American detective fiction And confusingly many of the British women detectives who have made it to American television are far from typical of the latest women detectives This work is a study of British detective fiction with female protagonists written by women Authors included are P D James Jennie Melville Liza Cody Val McDermid Joan Smith and Susan Moody Special attention is paid to the evolution of the British female sleuth from the 1960s to the year 2000 particularly the 1980s and how this shaped and altered detective fiction Also discussed is the effect of the British judicial system and gun laws on detective fiction and real life the types of crimes women detectives usually investigate why certain directions have been taken and which ones may be taken in the future issues being raised by the authors and new women authors of detective fiction with female protagonists **The Female Trickster** Ricki Stefanie Tannen, 2014-02-25 The Female Trickster presents a Post Jungian postmodern perspective regarding the role of women in contemporary Western society by investigating the re emergence of female trickster energy in all aspects of popular culture Ricki Tannen explores the psychological aspects of what happened when women's imagination was legally and psychologically enclosed millennia ago and demonstrates how the re emergence of Trickster energy through the female imagination has the radical potential to

effect a transformation of western consciousness Examples are drawn from a diverse range of sources from Jane Austen and female sleuth narratives to Madonna and Sex and the City illustrating how Trickster energy is used not to maintain power and control but to integrate and unite the paradoxical through humour Subjects covered include imagination and metaphor the traditional trickster law and the imagination humour Eros using logos the postmodern female trickster This highly original perspective on women s role in contemporary culture will offer readers a new vision of how humour psychologically operates as a healthy adaptation to trauma and adversity It will be of great interest to all analytical psychologists and psychoanalysts as well as those in women s cultural legal and literary studies **Sleuths in Skirts** Frances A.

Engel, 2002 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play s various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality **African American Writers** Lynda Koolish, 2001 This volume of photos of African American authors

major reinterpretation of African American literature from the late eighteenth century to the present by demonstrating how its authors are centrally concerned with racially different experiences of time Daylanne K English argues that from Phillis Wheatley to Suzan Lori Parks African American writers have depicted distinctive forms of temporality to challenge racial injustices supported by dominant ideas of time The first book to explore the representation of time throughout the African American literary canon Each Hour Redeem illuminates how the pervasive and potent tropes of timekeeping provide the basis for an overarching new understanding of the tradition Combing literary historical legal and philosophical approaches Each Hour Redeem examines a wide range of genres including poetry fiction drama slave narratives and other forms of nonfiction English shows that much of African American literature is characterized by strategic anachronism the use of prior literary forms to investigate contemporary political realities as seen in Walter Mosley s recent turn to hard boiled detective fiction By contrast strategic presentism is exemplified in the Black Arts Movement and the Harlem Renaissance and their

investment in contemporary political potentialities for example in Langston Hughes and Amiri Baraka's adaptation of the jazz of their eras for poetic form and content Overall the book effectively demonstrates how African American writers have employed multiple and complex conceptions of time not only to trace racial injustice but also to help construct a powerful literary tradition across the centuries THI=OMAS THORPE'S CATALOGUE OF BOOKS thomas thorpe,1839 *Books and Pamphlets, Including Serials and Contributions to Periodicals* Library of Congress. Johnson,Kim Nelson,2007-08 Alice Meredith and Mossy find out all too soon that life in the fast lanes ain't easy especially when you're a young black woman from the south If you looked up sassy broad in the dictionary you'd find a picture of Alice Jones flashing a toothy smile at you Being a woman of the night had made her hard to the core However despite her occupation she considered herself a lady determined to live life by her own rules even if it meant breaking everyone else's rules in the process Although they were sisters Meredith and Alice were complete opposites When she was forced to leave the south Meredith moved in with Alice With no money and no job she was forced into the family business It didn't take her long to realize that if she didn't find a safer way to make a living she wasn't going to make it Some secrets are meant to be kept But Mossy found that keeping a secret was a heavy burden And even the strongest person had her breaking point Running from a secret that refused to be left behind drove Mossy right into Meredith's life and right into another mess
