Birds in Colour

Bruce Campbell

256 British birds are illustrated in colour and fully described in this book of bird identification.

They are grouped under Orders, Sub-Orders and Families, and each Order is given a short general section.

The beautiful paintings of Karl Asger Tinggaard together with the text by Bruce Campbell will make this book a welcome addition to the bird lover's library, while for others it may serve as a first guide and easy reference to the birds they see in various parts of the country.
