Gender and the Race for Space Erinn McComb,2025-06-10 The American astronaut image was informed by early Cold War ideals of masculinity that helped mold a distinctly American anti communist masculinity which appeared on the surface anyway to resolve not only an American crisis of masculinity but helped win the Cold War on an ideological and popular level This American image focused on strict gender binaries of man as the protector controlling technology and containing communism while woman was the passive actor with spaceflight

technology left behind in the home waiting for the return of the astronaut husband Allowing women to fly into space would have represented a lack of individual control with spaceflight technology **Ladies of the Western** Michael G.

Fitzgerald, Boyd Magers, 2015-08-01 This work features interviews with 51 leading ladies who starred in B westerns A westerns and television westerns Some were well known and others were not but they all have fascinating stories to tell and they talk candidly about their careers and the many difficulties that went along with their jobs Back then conditions were often severe locations were often harsh and pay was often minimal The actresses were sometimes the only females on location and they had to provide their own wardrobe and do their own make up as well as discourage the advances of over affectionate co stars Despite these difficulties most of the women interviewed for this agree that they had fun Claudia Barrett Virginia Carroll Francis Dee Lisa Gaye Marie Harmon Kathleen Hughes Linda Johnson Ruta Lee Colleen Miller Gigi Perreau Ann Rutherford Ruth Terry and June Vincent are among the 51 actresses interviewed **Red Rose Petals - A Poetry**

Collection Dana Djokic, 2008-03-12 During the Winters of the 1980s in a small Northwest Indiana farm town called Dyer where the days and nights were long quiet and cold I would often look out our kitchen window at the massive snow drifts and wonder if and when Spring would arrive In the depths of depression and with nothing else to do these poems emerged one by one like petals dropping from a big beautiful red rose Long Flight Home Lainie Anderson, 2019-05-15 The First World War is over and air mechanic Wally Shiers has promised to return home to his fiancée Helena Alford But Wally never reckoned on charismatic fighter pilot Ross Smith and an invitation to compete in the world's most audacious air race A 10 000 prize has been offered for the first airmen to fly from England to Australia Smith is banking on an open cockpit Vickers Vimy a biplane with a fuselage that looks ominously like a coffin And who can resist a hero Wally writes to Helena to say he won't be home for another year and the love of his life is left holding her hand stitched wedding dress Using war diaries letters and Churchill Fellowship research from along the race route Long Flight Home recreates one of the most important and largely forgotten chapters in world aviation history Lainie Anderson's ambitious and moving novel is told through her narrator Wally Shiers The tale spans the decades and crosses the globe and at his journey's end we're left peering down from an open cockpit on two beacons of truth There is no heroism without honour There is no legacy without love
