Bombay The Cities Within Second Edition:

Mumbai Fables Gyan Prakash, 2010-10-10 Starting from the catastrophic floods and terrorist attacks of recent years Prakash reaches back to the sixteenth century Portuguese conquest to reveal the stories behind Mumbai's historic journey Examining Mumbai's role as a symbol of opportunity and reinvention he looks at its nineteenth century development under British rule and its twentieth century emergence as a fabled city on the sea Different layers of urban experience come to light as he recounts the narratives of the Nanavati murder trial and the rise and fall of the tabloid Blitz and Mumbai's transformation from the red city of trade unions and communists into the saffron city of Hindu nationalist Shiv Sena Starry-eyed planners and elite visionaries cynical leaders and violent politicians of the street land sharks and underworld dons jostle with ordinary citizens and poor immigrants as the city copes with the dashed dreams of postcolonial urban life and lurches into the seductions of globalization

Lunatic Asylums in Colonial Bombay Sarah Ann Pinto, 2018-08-28 This book traces the historical roots of the problems in India's mental health care system It accounts for indigenous experiences of the lunatic asylum in the Bombay Presidency 1793-1921 The book argues that the colonial lunatic asylum failed to assimilate into Indian society and therefore remained a failed colonial medical enterprise It begins by assessing the implications of lunatic asylums on indigenous knowledge and healing traditions It then examines the lunatic asylum as a middle ground and the European superintendents' common sense treatment of Indian insanity Furthermore it analyses the soundscapes of Bombay's asylums and the extent to which public perceptions influenced their use Lunatic asylums left a legacy of historical trauma for the indigenous community because of their coercive and custodial character This book aims to disrupt that legacy of trauma and to enable new narratives in mental health treatment in India

The Changing World of a Bombay Muslim Community, 1870 - 1945 Salima Tyabji, 2023-07-09 Muslims formed a disparate and unwieldy community in Bombay in the nineteenth century The Islam that was professedly held in common by various groups could barely provide a sense of unity or cohesion to people so widely diverse in terms of language customs and also of forms and practices of belief By the middle of the nineteenth century a class of wealthy ship owners ship builders and merchants belonging to the varied communities that constituted the city of which Muslims formed an important part had emerged This class was outward looking modern and generally reformist in outlook Gujarati or Maharashtrian its goals of social reform education as well as political awareness were gradually beginning to be perceived as goals held across communities and increasingly across different regions The questions that were being raised in the social turmoil of the period amongst Hindus were over issues of female education the age of marriage widow remarriage and female seclusion These issues were not foreign to the Muslim community and the part played by Muslim leaders in Bombay in discussing and negotiating them was not an insignificant one taking into account the size and relative backwardness of the community Within this context this book traces the evolving identity of a Bombay family and its changing social and political views in the late nineteenth and early twentieth centuries using three main sources their family journals an individual memoir journal and letters written home from Europe

Cities in South Asia Crispin Bates, Minoru Mio, 2015-05-22 Globalisation has long historical roots in South Asia but economic liberalisation has led to uniquely rapid urban growth in South Asia during the past decade This book brings together a multidisciplinary collection of chapters on contemporary and historical themes explaining this recent explosive growth and transformations on going in the cities of this region The essays in this volume attempt to shed light on the historical roots of these cities and the traditions that are increasingly placed under strain by modernity as well as exploring the lived experience of a new generation of city dwellers and their indelible impact on those who live at the city's margins The book discusses that previously cities such as Mumbai grew by accumulating a vast hinterland of slum dwellers who depressed wages and supplied cheap labour to the city's industrial economy However it goes on to show that the new growth of cities such as Bangalore Hyderabad and Madras in south India or Delhi and Calcutta in the north of India is more capital intensive export driven and oriented towards the information technology and service sectors The book explains that these cities have

attracted a new elite of young educated workers with money to spend and an outlook on life that is often a complex mix of modern ideas and conservative tradition It goes on to cover topics such as the politics of town planning consumer culture and the struggles among multiple identities in the city By tracing the genealogies of cities it gives a useful insight into the historical conditioning that determines how cities negotiate new changes and influences There will soon be more mega cities in South Asia than anywhere else in the world and this book provides an in depth analysis of this growth It will be of interest to students and scholars of South Asian History Politics and Anthropology as well as those working in the fields of urbanisation and globalisation *The Soul of Mumbai* Ivan Raskino, *Govind Narayan's Mumbai*, 2009-02-01 Guiding the reader on a tour of the sights and sounds of an emerging city struggling to shake off colonialism and wrestling with the formation of its own budding identity Narayan s beguiling book offers descriptions of Mumbai s daily life its people and its institutions the parts of the whole that come together to create this diverse and vivacious place This valuable text is a rare and enthralling glimpse into a fascinating period and place otherwise lost to time Architecture and Urbanism in the British Empire G. A. Bremner, 2016 A comprehensive overview of the architectural and urban transformations that took place across the British Empire between the seventeenth and mid twentieth centuries exploring the built heritage of Britain s former colonial empire as a fundamental part of how we negotiate our postcolonial identities **Handbook of Religion and the Asian City** Peter van der Veer, 2015-05-19 Handbook of Religion and the Asian City highlights the creative and innovative role of urban aspirations in Asian world cities It points out that urban politics and governance are often about religious boundaries and processions in short that public religion is politics The essays show how projects of secularism come up against projects and ambitions of a religious nature a particular form of contestation that takes the city as its public arena Asian cities are sites of speculation not only for those who invest in real estate but also for those who look for housing for employment and for salvation In its potential and actual mobility the sacred creates social space in which they all can meet Handbook of Religion and the Asian City makes the comparative case that one cannot study the historical patterns of urbanization in Asia without paying attention to the role of religion in urban aspirations Provided by publisher *A Subject Index of Modern Works Added to the Library of the British Museum in the Years 1880-[95]: Works added to the library ... 1880-1885* British Museum. variety of Indian powers
