Annie Mare,2025-06-03 A multiverse novel about two women who fall in love despite living in worlds that are five months apart as they try to find a timeline that doesn't end in disaster in this debut novel by Annie Mare Tressa Fay Robeson has never been shy which is how she's made a name for herself as an in demand hairstylist and social media star So she can admit that spending her days at her hair salon and her nights with her tight knit group of friends and one grumpy cat is not the kind of exciting life she'd hoped for When a misdirected text from a stranger leads to a flirty exchange she surprises herself by suggesting an impulsive meetup But the woman Meryl never shows Tressa Fay brushes it off until Meryl's sister and friend show up at the salon demanding to know what's going on Because you see there's no way Meryl could have texted her Meryl has been missing for a month Tressa Fay and her tight knit group of friends soon discover they aren't dealing with a catfish but a temporal paradox As they come to terms with the idea of parallel universes they realize how many times their paths have crossed like this before But even as they understand the multiverse more and more nothing keeps Meryl from vanishing As it draws closer to the moment of Meryl's disappearance there's only one question left Have they done enough to change the outcome or have they done so much that none of them will make it past that fateful day in September
