Rooted in Jesus Christ Daniel Izuzquiza, 2009-04-06 Offers a Christian proposal for radical social transformation Daniel Izuzquiza here proposes a vibrant interdisciplinary theology from the unique perspective of the least of these the poor and extends an invitation to mystical political and ecclesial engagement In Rooted in Jesus Christ Izuzquiza analyzes the language of theology the role of social sciences the transformation of culture and the church's approach to politics To that end he dialogues with some of the main theological proposals of the late twentieth century from Latin American liberation theology to radical theology in the English speaking world to European political theology He also offers a more systematic development of radical ecclesiology analyzing the sources of the proposal as alternative Christian practices The result is a groundbreaking call to action and change for the entire church In this groundbreaking book Daniel Izuzquiza offers a vibrant Christian proposal for radical social transformation His wide ranging study explores the relationship between church and society by dialoguing critically and constructively with major theological currents of our day Izuzquiza's interdisciplinary theology from the perspective of the poor is truly radical at once in a political ecclesial and mystical sense We need a way forward beyond our well worn and tired debates Daniel Izuzquiza offers just that His splendid book engages and assesses postliberalism radical orthodoxy Anabaptist witness liberation theology and the role of the Jesuits in Christianity

in order to show the need for a radical ecclesiology that is unapologetically Christocentric socially attuned and ecumenically generous For anyone not invested in the current structures of power in the church university or nation state this book offers wisdom For those of us so invested this book shows a viable alternative preserving the good and challenging the rest We should all pay attention D Stephen Long author of *Speaking of God Theology Language and Truth* I am happy to recommend Daniel Izuzquiza s *Rooted in Jesus Christ Toward a Radical Ecclesiology* to serious readers in the English speaking world who may have dared to wonder if the traditional church of our time is what Jesus really had in mind And if not what might a church rooted in the Christ of the Incarnation look like Rather than superficially inspiring his readers Izuzquiza brings us face to face with what the body of Christ could be by responding more fully to the truly amazing grace of God that has come to us in Jesus of Nazareth Traditional Catholics and conservative Protestants alike as well as revolutionaries and political activists for that matter will be confronted and challenged here And rather than concerning ourselves so exclusively with tactics and strategies Izuzquiza reminds us of the importance of simply being the church radically rooted in Jesus Christ John Driver author of *Radical Faith An Alternative History of the Christian Church* *Index to Book Reviews in Religion* ,1999

Forthcoming Books Rose Army,1997-04 **The Trinitarian Wisdom of God: Louis Bouyer's Theology of the God-World Relationship** Keith Lemna,2022-12-16 Christian theology in recent decades has seen an explosion in the number of books published seeking a renewal of Trinitarian ontology There has also been a proliferation of studies dedicated to the theology of Wisdom Few if any of these books on the Trinity or on Wisdom have drawn for inspiration on the comprehensive vision of French Oratorian priest Louis Bouyer 1913 2004 one of the greatest theologians of the modern age Bouyer produced a comprehensive work of theology that integrated these two seminal concerns based on a vast re sourcing of the Christian tradition Dr Keith Lemna explores Bouyer s achievement in depth showing that at the heart of his venture was a deep contemplative penetration into God s mediation to the world his creation sustenance and redemption of creation in the Wisdom of the Eternal Son Bouyer is a decisive resource for theologians wanting to develop the Christian understanding of the Trinity and creation based on tradition but in dialogue with modern cosmological thought *The Trinitarian Wisdom of God* Louis Bouyer s *Theology of the God World Relationship* gets to the heart of Louis Bouyer s theology of the God World relationship more deeply than any other has done before In doing so Lemna recovers a great theologian at his best *The Ecclesiology of St. Basil the Great* Olga Druzhinina,2016-06-22 In this book Olga Druzhinina analyzes St Basil s understanding of the church paying special attention to his Trinitarian approach to its life Although the role of God the Trinity in the life of the church occupies a considerable place in St Basil s thought as Druzhinina demonstrates it is a subject that has not previously been addressed by scholars The analysis offered here of the life of the church as grounded in Trinitarian philanthropy provides fresh insights into St Basil s understanding of the worldwide fellowship of believers Druzhinina also brings into focus another neglected aspect of St Basil s ecclesiology his perception of

the church as a two dimensional heaven and earth mystical reality with a strong bond between both parts the heavenly and the earthly *Exploring Ecclesiology* Brad Harper, Paul Louis Metzger, 2009-03-01 In this introduction to ecclesiology respected scholars Brad Harper and Paul Louis Metzger offer a solidly evangelical yet ecumenical survey of the church in mission and doctrine Combining biblical historical and cultural analysis this comprehensive text explores the church as a Trinitarian eschatological worshipping sacramental serving ordered cultural and missional community It also offers practical application addressing contemporary church life issues such as women in ministry evangelism social action consumerism in church growth trends ecumenism and the church in postmodern culture The book will appeal to all who are interested in church doctrine particularly undergraduates and seminarians *The People of God's Presence* Terry L. Cross, 2019-10-15 In an age when the church is sometimes viewed as irrelevant and inauthentic leading Pentecostal theologian Terry Cross calls the people of God to a radical change of structure and mission based on theological principles Cross whose work is respected by scholars from across the ecumenical landscape offers an introduction to ecclesiology that demonstrates how Pentecostals can contribute to and learn from the church catholic A forthcoming volume by the author *Serving the People of God's Presence* will focus on the role of leadership in the church *The Holy Spirit of Communion* Marek Jagodziński, 2023-08-14 Communion is a dynamic reality love unity of life mutual penetration the closest union The Holy Spirit is the Communion within the Trinity and forms the communion between God man and the world between people in the Church and within whole reality of this world Showing pneumatology as a dimension of the entire dogmatic theology determines the originality of this monograph Typically theologians focused their works on pneumatology itself Marek Jagodziński's monograph is especially up to date since the pentecostal awakening in Christianity carries certain dangers They take the forms of over exposing the Holy Spirit at the expense of the Son of God overly simplified ecumenism emphasising charisms over the institution and putting personal experience over the community faith of the Church The study is not only a presentation of ideas but brings new and inspiring elements to the scientific discussion It is an original and creative contribution to the theoretical achievements of theology as a discipline of science The dissertation brings a new name for the Third Divine Person Communion in the Holy Trinity Communion reflects the mission of the Holy Spirit which embraces the Church and the sacraments voices a golden mean between forgetting about the Holy Spirit and the Joachimism of proclaiming the era of the Holy Spirit The monograph justifies the simultaneous existence of Christology and pneumatology brings a new perspective on Filioque and is of significance for ecumenism ***Ecclesiology and the Scriptural Narrative of 1 Peter*** Patrick Thomas Egan, 2016-03-24 The relationship between the church and the scriptures of Israel is fraught with complexities particularly in regard to how the first Christians read scripture in light of the gospel of Christ Patrick Egan examines the text of 1 Peter in light of its numerous quotations of scripture and demonstrates how the epistle sets forth a scriptural narrative that explains the nature and purpose of the church Egan argues that 1 Peter sets forth an ecclesiology based in a participatory christology in which

the church endures suffering in imitation of Jesus role as the suffering servant The epistle admonishes the church to a high moral standard in light of Christ s atoning work while also encouraging the church to place hope in God s final vindication of his people Addressing the churches of Asia Minor 1 Peter applies the scriptural narrative to the church in unexpected ways

Books in Print Supplement ,1985 **Ecumenism Today** Francesca Aran Murphy, Christopher Asprey, 2008 What is Ecumenism Is Christian unity a legitimate hope or just a pious illusion The aim of this book is to analyze the real obstacles that stand in the path to unity and to propose solutions where these are possible Distinguished authors from the main Christian denominations offer a unique insight into the problem of Christian divisions and the relationships between Christian communities This work is not a politically correct exercise in diplomacy rather it informs the reader about the actual state of the ecumenical dialogue The Incarnation as God's First Intention Edwin Chr. van Driel, 2025-10-21 In The Incarnation as God s First Intention Edwin Chr van Driel advocates a transformative perspective on the incarnation proposing that God s decision to become incarnate was not a response to human sin but was instead God s first and foundational intention Engaging the historical and theological roots of this supralapsarian before the fall Christology van Driel a leading scholar on the topic invites readers to reconsider long held views on God s engagement with creation With clarity and depth van Driel unpacks how understanding the incarnation as God s original purpose reshapes the doctrines of creation election salvation and eschatology His insights offer a fresh framework for the church s mission in today s world suggesting that God s presence with us is not merely a remedy for human fallenness but rather God s first intention and ultimate goal for creation Written for students theologians and all who seek a deeper understanding of God s relation to the world this book challenges readers to see the incarnation God s dwelling among us as God s central purpose **The Sunday School Journal** ,1879 **The Church School Journal** ,1879 **The Gospel in the Western Context** Gert-Jan Roest, 2018-10-02 In The Gospel in the Western Context Gert Jan Roest focuses on discerning a Western contextual gospel an endeavour that is very relevant to the current state of Christianity in the postmodern and post Christendom West After giving an in depth analysis and synthesis of how Hendrikus Berkhof and Colin Gunton read the Western context and contextualize their Christology he develops a gospel centred model for reading the context Meanwhile he makes a creative and much needed attempt to connect the two disciplines of systematic theology and missiology and convincingly shows that both disciplines cannot only enrich one another but also can give church practitioners insight and wisdom for their tasks
