Survival and Sacrifice in Mars Exploration Erik Seedhouse,2015-03-26

With current technology a voyage to Mars and back will take three years That s a lot of time for things to go wrong But sooner or later a commercial enterprise will commit itself to sending humans to Mars How will the astronauts survive Some things to consider are ith current technology a voyage to Mars and back will take three years That s a lot of time for things to go wrong But sooner or later a commercial enterprise will commit itself to sending humans to Mars How will the astronauts survive Some things to consider are Who decides what medical resources are used for whom Who decides what medical resources are used for whom What is the relative weight of mission success and the health of the crew What is the relative weight of mission success and the health of the crew Do we allow crewmembers to sacrific e their lives for the good of the mission Do we allow crewmembers to sacrific e their lives for the good of the mission And what if a crewmember does perish Do we store the body for return to Earth or give the member a burial in space Questions like these and hundreds of others have been explored by science fi ction but scant attention has been paid by those designing missions Fortunately the experience gained in polar exploration more than 100 years ago provides crews and mission planners with a framework to deal with contingencies and it is this that forms the core of this book Why the parallels between polar and space exploration Because polar exploration offers a better analogy for a Mars mission today than those invoked by the space community Although astronauts are routinely compared to Lewis and Clark Mars bound astronauts will be closer in their roles to polar explorers And as much as space has been described as a New Frontier Mars bears greater similarity to the polar regions which is why so much can be learned from those who ventured there And what if a crewmember does perish Do we store the body forreturn to Earth or give the member a burial in space Questions like these and hundreds of others have been explored by science fi ction but scant attention has been paid by those designing missions Fortunately the experience gained in polar

exploration more than 100 years ago provides crews and mission planners with a framework to deal with contingencies and it is this that forms the core of this book Why the parallels between polar and space exploration Because polar exploration offers a better analogy for a Mars mission today than those invoked by the space community Although astronauts are routinely compared to Lewis and Clark Mars bound astronauts will be closer in their roles to polar explorers And as much as space has been described as a New Frontier Mars bears greater similarity to the polar regions which is why so much can be learned from those who ventured there

101 Steps to a Fitter You! Evon Lariese-Davis, 2009-08 Are you tired of trying fad diets buying miracle machines and eating cardboard meals Have you ever gone on a diet in order to lose weight for a special occasion and then regained the weight within a few months If so then 101 Steps to A Fitter You will jumpstart your journey towards a lifetime of fitness and weight management The author understands the challenges faced by women 40 years of age and older You may be among the many women who have been struggling with weight for years The last time that you were physically active was probably in high school or college Between work family and other commitments you find little time left for yourself much less time to exercise As a result you have watched in silence as the pounds slowly piled onto your body 101 Steps to A Fitter You is a practical guide to weight management that you can use for a lifetime Diet modification not dieting combined with physical activity is the solution Learn how to understand what s in the foods you eat recognize the sources of empty calories distinguish between the good fats and the bad fats lose weight without giving up all of the foods that you enjoy increase your metabolism with as little as 30 minutes of exercise a day
