Enchanted Evenings Geoffrey Block, 2009-10-30 This new second edition of *Enchanted Evenings* offers theater lovers an illuminating behind the scenes tour of some of America's best loved most admired and most enduring musicals Readers will find such all time favorites as *Show Boat* *Carousel* *Kiss Me Kate* *Guys and Dolls* *My Fair Lady* *West Side Story* *Sweeney Todd* *Sunday in the Park with George* and *Phantom of the Opera* Geoffrey Block provides a documentary history of each of the musicals showing how each work took shape and revealing at the same time how the American musical evolved from the 1920s to today both on stage and on screen The book's particular focus is on the music offering a wealth of detail about how librettist lyricist composer and director work together to shape the piece Block also includes trenchant social commentary and lively backstage anecdotes Jerome Kern Cole Porter the Gershwins Rodgers and Hart Kurt Weill Rodgers and Hammerstein Lerner and Loewe Frank Loesser Leonard Bernstein Stephen Sondheim Andrew Lloyd Webber and other luminaries emerge as hardworking craftsmen under enormous pressure to sell tickets without compromising their dramatic vision The second edition includes a greatly expanded chapter on Sondheim a new chapter on Lloyd Webber and two new chapters on the film adaptations of the main musicals featured in the text including such hard to find films as the original 1936 version of *Anything Goes* and the 1959 film adaptation of *Porgy and Bess* Packed with information including a complete discography and plot synopses and song by song scenic outlines for each of the fourteen shows *Enchanted Evenings* is an essential reference as well as a riveting history A solid and fascinating work that should become a model of how to investigate and report on the evolution of a musical Block's research is persuasive and his writing vivid Indispensable for anyone who cares to know more about Broadway musicals than *Playbill* can provide Steven Bach *The Los Angeles Times* Book Review **Modern Nicaraguan Poetry** Steven F. White, 1993 This work demonstrates that twentieth century Nicaraguan poetry can not be comprehended in its fullest dimension without an understanding of the literary traditions of France and the United States Ever since Ruben Dario established Hispanic America's literary independence from Spain in

the nineteenth century with his modernista revolution poets in Nicaragua actively have engaged in a dialogue with the works of French and North American authors as a means of assimilating and transforming them and thereby inventing a profoundly Nicaraguan literary identity This process has resulted in what might be called a double genealogy in Nicaraguan poetry certain poets attracted to the alchemical properties of the poetic word and a transcendent mythic meta reality seem to have descended from French literary forebears others interested in an expansive poeticized version of history and verisimilitude have roots that might be traced to North American soil This division is a provisional experimental means of grouping Nicaraguan poets based not on the traditional compartmentalization of literary generations but on the family resemblances of poetic affinities Presented here is an effective analysis of the familial nature of the Nicaraguan poets achieving their own literary independence by taking into account socio political and historical considerations common literary themes as well as the intertextual relations that form the basis of international literary dialogues This rigorous but flexible approach to modern Nicaraguan poetry enables the reader to accompany the poets on their journeys toward God and the end of the world into a timeless Nicaraguan landscape invaded by U S Marines beyond a contemporary urban portrait of Los Angeles through the horrifying European battlefields of World War I and the trenches of Nicaragua s revolution against the Somoza dictatorship The English speaking reader probably will be unfamiliar with most of the seven preeminent Nicaraguan poets whose works are the subject of this book but it is hoped that the reader will realize that the poetry of Nicaraguans Alfonso Cortes Salomon de la Selva Jose Coronel Urtecho Pablo Antonio Cuadra Joaquin Pasos Carlos Martinez Rivas and Ernesto Cardenal is worthy of serious study Furthermore the poems of these authors take on a richer meaning when they are studied as co presences in relation to certain texts by Baudelaire Rimbaud Mallarme and Supervielle or in an American context by poets such as Whitman Pound Eliot and Masters A relatively small country with a rich diverse tradition in poetry Nicaragua has maintained high literary standards generation after generation and has produced poets of a world class stature whose time has come for greater recognition

Love is Not a Liquid Asset John Faithful Hamer, 2020-04-19 Sex is love s fast forward button If you re normal sooner or later you re going to fall in love with the person you re sleeping with or they re going to fall in love with you whether you like it or not Passionate love as Jonathan Haidt rightly observes in *The Happiness Hypothesis* 2006 is a drug Its symptoms overlap with those of heroin and cocaine Passionate love alters the activity of several parts of the brain including parts that are involved in the release of dopamine Any experience that feels intensely good releases dopamine and the dopamine link is crucial here because drugs that artificially raise dopamine levels as do heroin and cocaine put you at risk of addiction The feelings we develop for someone we re sleeping with are powerful This is largely a function of oxytocin a hormone normally associated with mother infant bonding In most mammals oxytocin is released solely during breastfeeding where it helps to forge a powerful bond between mother and child But in certain species large quantities of oxytocin are also released during sex where it helps to forge a powerful bond between lovers In *Blueprint* 2019 Nicholas A Christakis

maintains that these modifications of the oxytocin reflex are nothing short of astounding a set of physiological experiences that originally evolved to facilitate mother child bonding have in our species evolved to facilitate and support pair bonding The neural circuits that light up in a woman s brain are similar whether she looks at her baby or her partner Evolution seems to have selected for human neediness This explains the voracious nature of human sexuality Unlike tigers bears and salamanders who only have sex during the mating season we have sex all year round What s more we have a great deal of sex that s clearly not going to result in pregnancy e g gay sex straight sex after menopause etc Sex s primary purpose has long since transcended procreation Sexual desire renders us needy It takes us out of ourselves and into the world making hunters of us all If the greatest friendships fall into our laps serendipitously like the treasure you find buried in your own backyard the greatest loves of our lives are like spoils we bring home from the field of battle **Hearings** United States.
