

# Of Imagining

**Sir William Hamilton**

## Of Imagining:

The Profile of Imagining Robert Hopkins, 2024-03-20 What is sensory imagining and what role does it play in our lives How does visualizing a castle running through a tune in one's head or imagining the taste of fish ice cream relate to perceiving such things or to remembering them What are the connections between imagining and agency and how does it relate to emotion and other affect The Profile of Imagining offers a theory that answers these and many other questions It argues that sensory imagining involves the redeployment of resources central to perception though in a radically different context and to very different effect The result is a view that explains central features of imagining's phenomenology and functional role including its capacity to capture what it would be like to perceive its objects while acknowledging the many and striking differences between imagining and sensing Hopkins shows how the view can be extended to imagining in other forms especially the imagining of affect and uses it to argue for some surprising conclusions that imagining something is not a way to engage with its aesthetic character and that imagining provokes real feeling much less often than is usually assumed

**Powers of Imagining** Antonio T. de Nicolas, Saint Ignatius (of Loyola), 1986-06-30 This book presents a new translation of the Spiritual Exercises of Ignatius de Loyola of his Spiritual Diary of his Autobiography and some of his letters These translations are introduced by a hermeneutical commentary laying out the theory and practices of the decision making power of imagining Ignatius proposed in his Spiritual Exercises a form of decision oriented mysticism and through their use gathered around him a group of associates who became the first members of the Jesuit Order Under the control of later doctrinally oriented theologians the practical decision oriented mystical character of the original Exercises was gradually replaced by a more theoretical and devotional character Antonio T de Nicolas recovers in his translations and through his critical apparatus the original decision oriented thrust of Ignatius

**The Politics of Imagining Asia** Hui Wang, 2011-07-15 One of China's most influential intellectuals questions the validity of thinking about Chinese history and its legacy from a Western conceptual framework Wang Hui argues that we need to more fully understand China's past in order to imagine alternative ways of conceiving Asia and world order

*Philosophical Perspectives on Memory and Imagination* Anja Berninger, Ingrid Vendrell Ferran, 2022-11-04 This book explores the structure and function of memory and imagination as well as the relation and interaction between the two states It is the first book to offer an integrative approach to these two emerging areas of philosophical research The essays in this volume deal with a variety of forms of imagining and remembering The contributors come from a range of methodological backgrounds empirically minded philosophers analytic philosophers engaging mainly in conceptual analysis and philosophers informed by the phenomenological tradition Part 1 consists of novel contributions to ontological issues regarding the nature of memory and imagination and their respective structural features Part 2 focuses on questions of justification and perspective regarding both states The chapters in Part 3 discuss issues regarding memory and imagination as skills or abilities Finally Part 4 focuses on the relation between memory

imagination and emotion Philosophical Perspectives on Memory and Imagination will be of interest to scholars and advanced students working in philosophy of memory philosophy of imagination philosophy of mind and epistemology *Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 1: New Khayyami Studies* Mohammad H. Tamdgidi, 2021-06-01 Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination is a twelve book series of which this book subtitled New Khayyami Studies Quantumizing the Newtonian Structures of C Wright Mills's Sociological Imagination for A New Hermeneutic Method is the first volume Each book is independently readable although it will be best understood as a part of the whole series In the overall series the transdisciplinary sociologist Mohammad H Tamdgidi shares the results of his decades long research on Omar Khayyam the enigmatic 11th 12th centuries Persian Muslim sage philosopher astronomer mathematician physician writer and poet from Neyshabour Iran whose life and works still remain behind a veil of deep mystery Tamdgidi's purpose has been to find definitive answers to the many puzzles still surrounding Khayyam especially regarding the existence nature and purpose of the Robaiyat in his life and works To explore the questions posed he advances a new hermeneutic method of textual analysis informed by what he calls the quantum sociological imagination to gather and study all the attributed philosophical religious scientific and literary writings of Khayyam In this first book of the series following a common preface and introduction to the series Tamdgidi develops the quantum sociological imagination method framing his hermeneutic study in the series as a whole In the prefatory note he shares the origins of this series and how the study is itself a moment in the trajectory of a broader research project In his introduction he describes how centuries of Khayyami studies especially during the last two have reached an impasse in shedding light on his enigmatic life and works especially his attributed Robaiyat The four chapters of the book are then dedicated to developing the quantum sociological imagination as a new hermeneutic method framing the Khayyami studies in the series The method builds in an applied way on the results of Tamdgidi's recent work in the sociology of scientific knowledge *Liberating Sociology From Newtonian Toward Quantum Imagination Volume 1 Unriddling the Quantum Enigma* 2020 where he explored extensively in greater depth and in the context of understanding the so called quantum enigma the Newtonian and quantum ways of imagining reality In this first book he shares the findings of that research in summary amid new applied insights developed in relation to Khayyami studies In the first chapter Tamdgidi raises a set of eight questions about the structure of C Wright Mills's sociological imagination as a potential framework for Khayyami studies In the second chapter he shows how the questions are symptomatic of Newtonian structures that still continue to frame Mills's sociological imagination In the third chapter the author explores how the sociological imagination can be reinvented to be more in tune with the findings of quantum science In the last chapter the implications of the quantum sociological imagination for devising a hermeneutic method for new Khayyam and Robaiyat studies are outlined In conclusion the findings of this first book of the Omar Khayyam's Secret series are summarized CONTENTS About OKCIR i

Published to Date in the Series ii About this Book iv About the Author vi Note on Transliteration xv Acknowledgments xvii Preface to the Series Origins of This Study 1 Introduction to the Series The Enigmatic Omar Khayyam and the Impasse of Khayyami Studies 9 CHAPTER I The Promise and the Classical Limits of C Wright Mills s Sociological Imagination 27 CHAPTER II The Newtonian Way of Imagining Reality Society Sociology and Khayyami Studies 61 CHAPTER III Quantum Sociological Imagination As A Framework for New Khayyami Studies 109 CHAPTER IV Hermeneutics of the Khayyami Robaiyat in Quantum Sociological Imagination Source Availability and Matters of Secrecy 177 Conclusion to Book 1 Summary of Findings 215 Appendix Transliteration System and Book 1 Glossary 225 Book 1 Cumulative Glossary of Transliterations 238 Book 1 References 243 Book 1 Index 251 Understanding Imagination Dennis L Sepper, 2013-05-13

This book discusses that imagination is as important to thinking and reasoning as it is to making and acting By reexamining our philosophical and psychological heritage it traces a framework a conceptual topology that underlies the most disparate theories a framework that presents imagination as founded in the placement of appearances It shows how this framework was progressively developed by thinkers like Plato Aristotle Descartes and Kant and how it is reflected in more recent developments in theorists as different as Peirce Saussure Wittgenstein Benjamin and Bachelard The conceptual topology of imagination incorporates logic mathematics and science as well as production play and art Recognizing this topology can move us past the confusions to a unifying view of imagination for the future **Omar Khayyam's Secret: Hermeneutics**

**of the Robaiyat in Quantum Sociological Imagination: Book 2: Khayyami Millennium** Mohammad H.

Tamdgidi, 2021-06-01 Omar Khayyam s Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination is a twelve book series of which this book is the second volume subtitled Khayyami Millennium Reporting the Discovery and the Reconfirmation of the True Dates of Birth and Passing of Omar Khayyam AD 1021 1123 Each book is independently readable although it will be best understood as a part of the whole series In the overall series the transdisciplinary sociologist Mohammad H Tamdgidi shares the results of his decades long research on Omar Khayyam the enigmatic 11th 12th centuries Persian Muslim sage philosopher astronomer mathematician physician writer and poet from Neyshabour Iran whose life and works still remain behind a veil of deep mystery Tamdgidi s purpose has been to find definitive answers to the many puzzles still surrounding Khayyam especially regarding the existence nature and purpose of the Robaiyat in his life and works To explore the questions posed he advances a new hermeneutic method of textual analysis informed by what he calls the quantum sociological imagination to gather and study all the attributed philosophical religious scientific and literary writings of Khayyam In this second book of the series Tamdgidi lays down an essential foundation for the series by revisiting the unresolved questions surrounding the dates of birth and passing of Omar Khayyam Critically reexamining the manner in which Omar Khayyam s birth horoscope as reported in Zahireddin Abolhassan Beyhaqi s Tatemmat Sewan al Hekmat Supplement to the Chest of Wisdom was used by Sw mi Govinda T rtha in his The Nectar of Grace Omar Khayyam s Life and

Works 1941 to determine Khayyam's birth date Tamdgidi uncovers a number of serious internal inconsistencies and factual inaccuracies that prevented T rtha and since then other scholars more or less taking for granted his results from arriving at a reliable date for Khayyam's birth hurling Khayyami studies into decades of confusion regarding Khayyam's life and works Tamdgidi then shares in the book the detailed account of his own discovery of Khayyam's true date of birth for the first time a finding that eluded Khayyami studies for centuries and is bound to revolutionize the studies for decades to come Tamdgidi then turns his attention to the task of definitively establishing the true date of passing of Omar Khayyam Conducting an in depth superposed analysis of Beyhaqi's Tatemmat Sewan el Hekmat Supplement to the Chest of Wisdom Abdorrahman Khazeni's Mizan ol Hekmat Balance of Wisdom Nezami Arouzi's Chahar Maqaleh Four Discourses and Yar Ahmad Rashidi Tabrizi's Tarabkhaneh House of Joy amid other relevant texts he succeeds in firmly reconfirming and further discovering in a textually reliable way not only the year the season the month and the day but even the most likely time of day at which the poet mathematician astronomer and calendar reformer died as a solar centenarian completing his 102nd solar year age Strange is that these discoveries are made just in time as we approach the first solar millennium of Omar Khayyam's birth date on June 10 1021 at sunrise of Neyshabour Iran and the ninth solar centennial of his passing on June 10 1123 on the eve also of his birthday closing the circle of his life's coming and going

**Imagination, Philosophy, and the Arts** Matthew Kieran, Dominic Lopes, 2003 Imagination Philosophy and the Arts is the first comprehensive collection of papers by philosophers examining the nature of imagination and its role in understanding and making art Imagination is a central concept in aesthetics with close ties to issues in the philosophy of mind and the philosophy of language yet it has not received the kind of sustained critical attention it deserves This collection of seventeen brand new essays critically examines just how and in what form the notion of imagination illuminates

fundamental problems in the philosophy of art

**Problems of Theoretical Psychology** International Society for

Theoretical Psychology. Conference, 1996

**Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum**

**Sociological Imagination: Book 3: Khayyami Astronomy** Mohammad H. Tamdgidi, 2021-06-01 Omar Khayyam's Secret

Hermeneutics of the Robaiyat in Quantum Sociological Imagination is a twelve book series of which this book is the third

volume subtitled Khayyami Astronomy How Omar Khayyam's Newly Discovered True Birth Date Horoscope Reveals the

Origins of His Pen Name and Independently Confirms His Authorship of the Robaiyat Each book is independently readable

although it will be best understood as a part of the whole series In the overall series the transdisciplinary sociologist

Mohammad H Tamdgidi shares the results of his decades long research on Omar Khayyam the enigmatic 11th 12th centuries

Persian Muslim sage philosopher astronomer mathematician physician writer and poet from Neyshabour Iran whose life and

works still remain behind a veil of deep mystery Tamdgidi's purpose has been to find definitive answers to the many puzzles

still surrounding Khayyam especially regarding the existence nature and purpose of the Robaiyat in his life and works To

explore the questions posed he advances a new hermeneutic method of textual analysis informed by what he calls the

quantum sociological imagination to gather and study all the attributed philosophical religious scientific and literary writings

of Khayyam Omar Khayyam's true birth date horoscope as newly discovered in this series is comprised of a dazzling number

of Air Triplicities sharing a vertex on a Sun Mercury Cazimi point on the same Ascendant degree 18 of Gemini Among other

features his Venus Sextile with Moon also plays a lifelong secretly creative role to intentionally balance his chart These

features would not have escaped the attention of Omar Khayyam a master astronomer and expert in matters astrological no

matter how much he embraced doubted or rejected astrological interpretations In this third book of the series conducting an

in depth hermeneutic analysis of Khayyam's horoscope Tamdgidi reports having discovered the origins of Khayyam's pen

name in his horoscope The long held myth that Khayyam was a parental name even if true in no way takes away from the new

finding it only adds to its intrigue Tamdgidi's hermeneutic analysis of Khayyam's horoscope in intersection with extant

Khayyami Robaiyat also leads him to discover an entirely neglected signature quatrain that he proves could not be from

anyone but Khayyam one that provides a reliably independent confirmation of his authorship of the Robaiyat He also shows

how another neglected quatrain reporting its poet to have aged to a hundred is from Khayyam This means all the extant

Khayyami quatrains are now in need of hermeneutic reevaluation Tamdgidi's further study of a sample of fifty Khayyami

Robaiyat leads him to conclude that their poet definitively intended the poems to remain in veil that they were considered to

be a collection of interrelated quatrains and not sporadic separate quatrains written marginally in pastime that they were

meant to offer a life's intellectual journey as in a book of life that the poems critically nuanced engagement with astrology

was not incidental but essential throughout the collection and that judging from the signature quatrain discovered 1000

quatrains were intended to comprise the collection Oddly it appears that after all The Khayyam who stitched his tents of

wisdom was a trope that had its origins in Omar Khayyam's horoscope heavens
