

The cover features a painting of a man in a brown jacket and white pants kneeling on a patterned rug in a dark, cave-like setting. He is holding a glowing golden object. A bright, ethereal light emanates from a large opening in the cave wall behind him. Above the title, a faint, glowing profile of a man's head is visible against a dark background.

Of Mormon Authorship:

Book of Mormon Authorship Revisited Noel B. Reynolds, 1997 Members of the Church of Jesus Christ of Latter day Saints view the Book of Mormon as scripture written by ancient prophets while critics believe that it is a 19th century fraud The 15 essays in *Book of Mormon Authorship Revisited* present the latest research by LDS scholars on the question in an effort to demonstrate that the weight of scholarly evidence is on the side of authenticity Part 1 contains essays dealing with accounts of how the book was produced in 1829 and 1830 with emphasis on the translation process and the witnesses who saw the plates Part 2 takes a look at the logical structure of the authorship debate and reviews the history of alternative theories and criticisms of the Book of Mormon Part 3 presents textual studies that demonstrate the plausibility of the Book of Mormon as an ancient book and part 4 updates scholars attempts to understand the ancient cultural and geographic setting of the book in both the Old and New Worlds **Book of Mormon Authorship** Charles D. Tate, 1982-01-01 Since 1830 millions of people have read the Book of Mormon and become convinced that Joseph Smith s account of its ancient origins is correct Others however assume that the book must be a fraud The Book of Mormon describes peoples cultures history and lands largely unknown to the 19th century world But today we enjoy a relative wealth of information about those times and peoples providing a background against which the Book of Mormon s claims of ancient origin can be tested This volume brings together a collection of initial efforts to mount such tests Although first published in 1982 these nine essays have not been outdated or refuted by subsequent studies The evidence and conclusions they put forward are just as persuasive today as when they were first published *Book of Mormon Authorship* Charles D. Tate, 1982 **Book of Mormon Authorship** Vernal Holley, 1989 **How The Book of Mormon Came to Pass** Lars Nielsen, 2024-04-01 Several explanations for the seemingly sudden appearance of The Book of Mormon in 1829 first published in 1830 have been put forth by both historians and apologists alike Each holds some value to its advocates while displaying obvious inconsistencies and unexplained features However significant new evidence necessitates the revision of all such authorship theories including and especially the sole authorship hypothesis that Joseph Smith Jr between the ages of twenty two and twenty three single handedly composed all the sentences in The Book of Mormon through creative writing automatic writing or inspired dictation Neoteric observations reveal deliberately hidden details in Mormonism s keystone scripture that could not have been put there by Smith What is the real story behind how the two bookending characters Nephi and Mormon got their names Where did the idea of Nephi being guided through the wilderness by a spiritually magnetic compass a curious ball having pointers spindles and writing on its sides truly come from In this book such details are called Kircherisms a new class of anachronisms in The Book of Mormon These Kircherisms have revealed a fresh set of influences an undiscovered source text and a wellspring of intriguing evidence that has never been published anywhere else With an infusion of new data this book presents a novel and distinctive exegesis as well as a mutually exclusive and collectively exhaustive framework for organizing and evaluating the

merits of all prior authorship theories One mechanism in particular has emerged as the most comprehensive evidence based and satisfying explanation for how The Book of Mormon came to pass Trigger Warning This book is not written for true believing Mormons TBMs If you are a TBM and you do not yet have a robust support system outside of the Mormon church do not read this book If you continue to read it you accept the responsibility of managing your immediate or eventual faith crisis in a way that will not result in harm to yourself or others

Bushman,1987-01-15 The core of Mormon belief was a conviction about actual events The test of faith was not adherence to a certain confession of faith but belief that Christ was resurrected that Joseph Smith saw God that the Book of Mormon was true history and not philosophy and that Peter James and John restored the apostleships

The Book of Mormon and its relationship with the Bible David J. Richards,2017-11-17

The Book of Mormon is an influential and controversial book It launched a religious movement has been believed by millions to be scripture and has been derided by others as fraudulent Despite this or perhaps as a result the book s contents have been subject to both academic neglect and popular myth This book challenges some of that neglect by examining the Book of Mormon through the lens of its relationship with the Bible a work which the Book of Mormon openly quotes and expects to be

read alongside and the only text which everyone agrees is connected to the Book of Mormon Through close examination of the Book of Mormon text and biblical parallels including three substantial case studies this book examines the ways in which the Book of Mormon draws upon and interprets the biblical text This book demonstrates the complexity with which the Book of Mormon handles biblical material and the close correlation between its reading of the Bible and the Book of Mormon s own core themes **Interpreter: A Journal of Mormon Scripture, Volume 24 (2017)** Daniel C. Howcroft, 2018 Joseph Smith founding prophet and martyr of the Church of Jesus Christ of Latter day Saints personally wrote dictated or commissioned thousands of documents Among these are several highly significant sources that scholars have used over and over again in their attempts to reconstruct the founding era of Mormonism usually by focusing solely on content without a deep appreciation for how and why a document was produced This book offers case studies of the sources most often used by historians of the early Mormon experience Each chapter takes a particular document as its primary subject considering the production of a document as an historical event in itself with its own background purpose circumstances and consequences The documents are examined not merely as sources of information but as artifacts that reflect aspects of the general culture and particular circumstances in which they were created This book will help historians working in the founding era of Mormonism gain a more solid grounding in the period s documentary record by supplying important information on major primary sources **Ashamed of Joseph** Steven A. Crane, Charles A. Crane, 2011-03-22 Mormon Prophet and Tenth President Joseph Fielding Smith once said Mormonism as it is called must stand or fall on the story of Joseph Smith He was either a prophet of God divinely called properly appointed and commissioned or he was one of the biggest frauds this world has ever seen There is no middle ground If Joseph Smith was a deceiver who willfully attempted to mislead the people then he should be exposed his claims should be refuted and his doctrines shown to be false The doctrines of false teachers will not stand the test when tried by the accepted standards of measurement the Scriptures Doctrines of Salvation 1 188 Brigham Young Prophet and Second President offered this challenge Well now examine the character of the Savior and examine the character of those who have written the Old and New Testament and then compare them with the character of Joseph Smith the founder of this work and you will find that his character stands as fair as that of any man s mentioned in the Bible We can find no person who presents a better character to the world than Joseph Smith Journal of Discourses Vol 14 p 203 Combining their research in Mormonism to author this work Charles A Crane and his son Steven A Crane would like to accept the challenge and show why many even among the LDS faith are Ashamed of Joseph *Excavating Mormon Pasts* Newell C.
