Six On Heresies:

The Teachings of the Six Heretics Claus Vogel, 1970 **The Hexagon of Heresy** James D. Gifford Jr., 2022-11-11 Have you ever wondered how we got here Have you ever wondered how Western civilization arrived at the brink of suicide How did a thoroughly Christian culture give rise to the very ideas that seek to kill it Constantinople was conquered by the Ottoman Turks Western civilization has never been conquered from without it is being conquered from within How do philosophies like deism fatalism Marxism atheism and secular humanism arise from within the confines of the Christian theological culture that is Western civilization Also why are there always exactly two sides to every fundamental disagreement Why is it either liberal or conservative sovereignty or freedom rational or volitional meticulous order or complete chaos Catholic or Protestant Lutheran or Reformed God or humanity the one or the many Why is there never a third option or even an option that can bypass the dichotomy This book attempts to provide a framework that seeks to begin answering some of those questions The answer may be something very ancient and almost forgotten in today's world Theological decisions were made long ago that planted the seeds for the destruction of both church and civilization What are they Read and find out **The Devil, Heresy and Witchcraft in the Middle Ages** Alberto Ferreiro, 2023-12-14 The study of heresy and heterodoxy and of belief in magic witchcraft and the devil has in the past 25 years made significant advances in our understanding of art and iconography ideas mentality and belief and ordinary life and popular imagination in the patristic and medieval periods At the forefront of research into this aspect of medieval intellectual history has been Jeffrey B Russell whose numerous books and articles have opened important new paths in the field To mark his retirement 17 established and emerging scholars from Europe and North America historians of art the church religions and ideas have contributed papers on the many areas which Russell has influenced Topics dealt with include elves the Christians apocrypha mysticism sexuality heresies and heresiologies apocalyptic tracts astrology hell and other Christian encounters with non believers These essays are offered as tribute to the deep impact that Russell has had on medieval studies Contributors include Alan Bernstein Richard Emmerson Alberto Ferreiro Neil Forsyth Abraham Friessen Karen Jolly Henry Ansgar Kelly Richard Kieckhefer Beverly M Kienzle Garry Macy Bernard McGinn Edward Peters Cheryl Rigs Larry J Simon Laura Smoller Catherine B Tkacz and John Tolan *Classifying Christians* Todd S. Dangerous Rock of the Popish Church Commended by Sanders William Fulke,1848 Criminal-Inquisitorial Trials in English Church Trials Henry Ansgar Kelly,2023-09-22 After inquisitorial procedure was introduced at the Fourth Lateran Council in Rome in 1215 the same year as England s first Magna Carta virtually all court trials initiated by bishops and their subordinates were inquisitions That meant that accusers were no longer needed Rather the judges themselves leveled charges against persons when they were publicly suspected of specific offenses like fornication or witchcraft or simony Secret crimes were off limits including sins of thought like holding a heretical belief Defendants were allowed full defenses if they denied charges These canonical rules were systematically violated by heresy inquisitors in France and elsewhere especially by forcing self incrimination But in England due process was generally honored and the rights of defendants preserved though with notable exceptions In this book Henry Ansgar Kelly a noted forensic historian describes the reception and application of inquisition in England from the thirteenth century onwards and analyzes all levels of trial proceedings both minor and major from accusations of sexual offenses and cheating on tithes to matters of religious dissent He covers the trials of the Knights Templar early in the fourteenth century and the prosecutions of followers of John Wyclif at the end of the century He details how the alleged crimes of criminous clerics were handled and demonstrates that the judicial actions concerning Henry VIII s marriages were inquisitions in which the king himself and his queens were defendants Trials of Alice Kyteler Margery Kempe Eleanor Cobham and Anne Askew are explained as are the unjust trials condemning Bishop Reginald Pecock of error and heresy 1457 59 and Richard Hunne for defending English Bibles 1514 He deals with the trials of Lutheran dissidents at the time of Thomas More s chancellorship and trials of bishops under Edward VI and Queen Mary

including those against Stephen Gardiner and Thomas Cranmer Under Queen Elizabeth Kelly shows there was a return to the letter of papal canon law which was not true of the papal curia In his conclusion he responds to the strictures of Sir John Baker against inquisitorial procedure and argues that it compares favorably to the common law trial by jury *Dictionary of Sects, Heresies, Ecclesiastical Parties, and Schools of Religious Thought* John Henry Blunt, 1874
