Of Sonnets:

A Century of Sonnets Paula R. Feldman, Daniel Robinson, 2002-12-20 A Century of Sonnets is a striking reminder that some of the best known and most well respected poems of the Romantic era were sonnets It presents the broad and rich context of such favorites as Percy Bysshe Shelley's Ozymandias John Keats's On First Looking Into Chapman's Homer and William Wordsworth's Composed Upon Westminster Bridge by tracing the sonnet revival in England from its beginning in the hands of Thomas Edwards and Charlotte Smith to its culmination in the poetry of Elizabeth Barrett Browning and Dante Gabriel Rossetti Expertly edited by Paula R Feldman and Daniel Robinson this volume is the first in modern times to collect the sonnets of the Romantic period many never before published in the twentieth century and contains nearly five hundred examples composed between 1750 and 1850 by 81 poets nearly half of them women A Century of Sonnets includes in their entirety such important but difficult to find sonnet sequences as William Wordsworth's The River Duddon Mary Robinson's Sappho and Phaon and Robert Southey's Poems on the Slave Trade along with Browning's enduring classic Sonnets from the Portuguese The poems collected here express the full sweep of human emotion and explore a wide range of themes including love grief politics friendship nature art and the enigmatic character of poetry itself Indeed for many poets the sonnet form elicited their strongest work A Century of Sonnets shows us that far from disappearing with Shakespeare and the English Renaissance the sonnet underwent a remarkable rebirth in the Romantic period giving us a rich body of work that continues to influence poets even today

For Malala: A Wreath of Sonnets Patricia Maynard, 2013-10-20 A wreath of sonnets is a series of fifteen sonnets written on the same general subject The last line of the first is the first line of the next and so on The fifteenth is made up of the first lines of the previous fourteen and is also an acrostic This one reads Crown for Malala and is inspired by the young Pakistani woman who is a voice for equality and education

The Wordsworth Book of Sonnets Masson, 1995 W B Yeats was Romantic and Modernist mystical dreamer and leader of the Irish Literary Revival Nobel prizewinner dramatist and above all poet He began writing with the intention of putting his very self into his poems T S Eliot one of many who proclaimed the Irishman's greatness described him as one of those few whose history is the history of their own time who are part of the consciousness of an age which cannot be understood without them For anyone interested in the literature of the late nineteenth century and the twentieth century Yeats's work is essential This volume gathers the full range of his published poetry from the hauntingly beautiful early lyrics by which he is still fondly remembered to the magnificent later poems which put beyond question his status as major poet of modern times Paradoxical proud and passionate Yeats speaks today as eloquently as ever
