

Of The Cailleach

Stuart McHardy

Of The Cailleach:

The Book of the Cailleach Gearóid Ó Crualaoich, 2006-09 This powerful analysis of the wise women healer from the oral traditions of Ireland's rural communities is unique in its depth and perspective. Stories told and retold embedded in the texture of culture and community collected and studied for many decades are here translated and made available to the general reader for the first time. The figure of the wise woman the hag the Cailleach or the Red Woman are part of an oral tradition which has its roots in pre-Christian Ireland. In the hands of Gearoid O Crualaich these figures are subtly explored to reveal how they offered a complex understanding of the world of human psychology and its predicaments. The thematic structure of the book brings to the fore universal themes such as death marriage childbirth and healing and invites the reader to see the contemporary relevance of the stories for themselves. *The Legacy of the Goddess* Rachel S. McCoppin, 2023-04-10

It is often assumed that the female characters found in popular folk and fairy tales are little more than inconsequential stereotypes mostly serving as hapless victims in need of rescue boring one dimensional princesses or egotistical and conniving villains. This book presents more fully realized portraits of these female characters and the ways in which they actually represent bold and powerful connections to the goddesses of classic mythic narratives. The rich legacy of female goddesses shamans queens and priestesses is in fact preserved and celebrated through these more modern representations whether as brides who can transform into animals wise old women who live alone in the deep wilderness strong warrior maidens or witches who can conquer and command the elements of nature. In contemplating this revised analysis of female characters within global folktales and fairy tales readers can see that the goddesses of old have never truly been forgotten. **Visions of the Cailleach** Sorita D'Este, David Rankine, 2009

This unique and ground breaking work brings together for the first time the wealth of folklore stories and legends surrounding the Cailleach the pre-eminent Celtic Hag Goddess and the most significant of British supernatural figures whose myths and wisdom are as relevant today as they have ever been. **The Bringer of Life** Hayley A. Ramsey, 2023-02-15 Who and what is the divine feminine? What does She represent and where can She be found? Hayley Ramsey starts at the beginning of time itself and explains the origins of goddess veneration and follows Her history chronologically through the rise and fall of civilizations around the world. How did the worship of the goddess affect society? What caused the shift from matriarchal society to a patriarchal society? What was the relationship between religions such as Christianity and the suppression of the goddess? Ramsey will examine the connections between Mary Magdalene Jesus and the Holy Grail while considering the importance of astrological precession. Many believe that She disappeared but perhaps Her veneration went underground. Ramsey proposes the goddess and Her followers never disappeared but instead She became shrouded in allegory and symbolism by different secret societies that still exist today. Is there a connection between the medieval Knights Templar the divine feminine and modern Freemasonry? Her secrets and symbols have been used to reveal Her presence to those who know where to look for many millennia but just

what exactly are these symbols and where does one find Her today **Pagan Portals - The Cailleach** Rachel Patterson,2016-07-29 The Cailleach goddess of the ancestors wisdom that comes with age the weather time shape shifting and winter Within the pages of this book Rachel Patterson gives the reader an introduction to the mysteries myths legends and magic of the ancient hag goddess The Cailleach drawing upon ancient legends stories told and her own experiences

Queens of the Wild Ronald Hutton, 2022-05-31 A concise history of the goddess-like figures who evade both Christian and pagan traditions from the medieval period to the present day In this riveting account renowned scholar Ronald Hutton explores the history of deity-like figures in Christian Europe Drawing on anthropology archaeology literature and history Hutton shows how hags witches the Fairy Queen and the Green Man all came to be and how they changed over the centuries Looking closely at four main figures Mother Earth the Fairy Queen the Mistress of the Night and the Old Woman of Gaelic tradition Hutton challenges decades of debate around the female figures who have long been thought versions of pre-Christian goddesses He makes the compelling case that these goddess figures found in the European imagination did not descend from the pre-Christian ancient world yet have nothing Christian about them It was in fact nineteenth century scholars who attempted to establish the narrative of pagan survival that persists today
