Animals My Teachers The Autobiography Of A Veterinary Surgeon:

Animals My Teachers dr. Michel Klein, 1979 **The History of Veterinary Medicine and the Animal-Human Relationship** Bruce Vivash Jones, 2021-10-31 This comprehensive book is an exploration of the history of veterinary medicine from the ancient world to the present as well as an examination of the development of man's relationship with animals through early domestication usage for food fiber traction and transport to the current therapies and companion animals The development of the discipline of veterinary medicine is explored through the transition from art to science and man's deeper understanding of animals through research and investigation It is now possible to read both the recorded 4000 year history of animal disease and veterinary development together with the story of the animal human relationships and welfare as one cohesive text with extensive backup The book is organized so that it can be read in a linear manner or for those researching a particular topic by direct access to specific content The species covered in detail are equine bovine ovine caprine porcine canine feline avian and aquatic on every continent The History of Veterinary Medicine and the Animal Human Relationship is both an informative read and a definitive reference text for veterinary historians veterinary history societies veterinary librarians and archivists *A Concise History of Veterinary Medicine* Susan D. Jones, Peter A. Koolmees, 2022-08-25 From Ayurvedic texts to botanical medicines to genomics ideas and expertise about veterinary healing have circulated between cultures through travel trade and conflict In this broad ranging and accessible study spanning 400 years of history Susan D Jones and Peter A Koolmees present the first global history of veterinary medicine and animal healing Drawing on interdisciplinary and multi disciplinary perspectives this book addresses how attitudes toward animals disease causation theories wars problems of food insecurity and the professionalization and spread of European veterinary education have shaped new domains for animal healing such as preventive medicine in intensive animal agriculture and the need for veterinarians specializing in zoo animals wildlife and pets It concludes by considering the politicization of animal protection changes in the global veterinary workforce and concerns about disease and climate change As mediators between humans and animals veterinarians and other animal healers have both shaped and been shaped by the social cultural and economic roles of animals over time **A Life on the Middle West's Never-Ending Frontier** Willard L. Boyd, 2019-05-15 University of Iowa legend Willard L Sandy Boyd is a proud middle westerner His decades of service to the university began in 1954 when he arrived as a law professor He later became president of the University of Iowa from 1969 to 1981 and led the school through times that were fraught not just for the university but for the country During the intense polarization of the late sixties and early seventies Sandy's compassion and steady leadership ensured that dissent on campus would be honored and would not stop the university's educational mission He quickly became admired not simply for his professional achievements but also for his personal integrity His memoir interspersed with personal wisdom gleaned over more than six decades of service and leadership encapsulates Sandy's shrewd yet optimistic view of the public university as an institution At every stage in his life

in the U S Navy during World War II while practicing law or teaching and in leadership positions at Chicago s Field Museum and the University of Iowa Sandy relied on his principles of open disclosure inclusiveness and respect for differences to guide him on issues that matter This chronicle of Sandy s experiences throughout his life shows us the evolution both of the University of Iowa and of the nation writ large More importantly this book gives us a lens through which to examine our present situation whether debating free speech on campus the role of the arts and humanities in civil society or the importance of funding for educational and cultural institutions
