Anna Gaskell Anna Gaskell, Matthew Drutt, 2002 Essays by Dr Francis McKee Matthew Drutt and Niall MacKenzie Foreword by Louisa Stude Sarofim Feminism Reframed Alexandra M. Kokoli, 2009-10-02 *Feminism Reframed* Reflections on Art and Difference addresses the on going dialogue between feminism art history and visual culture from contemporary scholarly perspectives Over the past thirty years the critical interventions of feminist art historians in the academy the press and the art world have not only politicised and transformed the themes methods and conceptual tools of art history but have also contributed to the emergence of new interdisciplinary areas of investigation including notably that of visual culture Although the impact of such fruitful transformations is indisputable their exact contribution to contemporary scholarship remains a matter for debate not least because feminism itself has changed significantly since the Women's Liberation Movement *Feminism Reframed* reviews and revises existing feminist art histories but also reasserts the need for continuous feminist interventions in the academy the art world and beyond With contributions by Anthea Behm Alisia Grace Chase Jennifer G Germann Catherine Grant Joanne Heath Ruth Hemus Alexandra Kokoli Beth Anne Lauritis Griselda Pollock Karen Roulstone Anne Swartz and Sue Tate Coming at the moment when contemporary art practices are themselves involved in re cycling re evaluating and re enacting the past this collection asks how feminism's own troubled histories can be reframed productively in the present The questions that feminism raised in the 1970s and 80s are still pertinent and are addressed in a number of original essays What does gender equality mean in the arts How can women's subjectivities be articulated or performed differently in art practices Can attention to gender enable us to engage with complex differences of race sexuality and class of age and generation Do we need new interpretative and conceptual models for writing about art Alexandra Kokoli's thoughtful and illuminating introduction reminds us that reframing is a risky but exciting business if it makes us ask these questions anew with attention to the politics and aesthetics of the present Rosemary Betterton Lancaster University

Twentieth Century United States Photographers Kristin G. Congdon, Kara Kelley Hallmark, 2008-04-30 Profiles seventy six American photographers both well known and more obscure who have made significant contributions to the field of photography throughout the twentieth century The Disembodied Spirit Alison Ferris, 2003 **Flash Art**, 2002 Frieze Art Fair Yearbook, 2007 Robert Gober Matthew Drutt, Robert Gober, 2006 Foreword by Josef Helfenstein Introduction and Interview by Matthew Drutt Artbibliographies Modern, 2005 **Art Journal**, 1960 Artforum International, 2003 **Art Now Gallery Guide**, 2003 Desvelar lo invisible Victoria Combalía Dexeus, Juan Carlos Rego de la Torre, 2005 **Reframing Photography** Rebekah Modrak, Bill Anthes, 2011 In an accessible yet complex way Rebekah Modrak and Bill Anthes explore photographic theory history and technique to bring photographic education up to date with contemporary photographic practice Servants and Paternalism in the Works of Maria Edgeworth and Elizabeth Gaskell Julie Nash, 2007 *Servant characters* Nash contends enable these writers to give voice to the contradictions inherent in the

popular paternalistic philosophy of their times because the situation of domestic servitude itself embodies such inconsistencies. Servants whose labor was essential to the economic and social function of eighteenth and nineteenth century British society made up the largest category of workers in England by the nineteenth century and yet were expected to be socially invisible. At the same time they lived in the same houses as their masters and mistresses and were privy to the most intimate details of their lives. Both Edgeworth and Gaskell created servant characters who challenge the social hierarchy thus exposing the potential for dehumanization and corruption inherent in the paternalistic philosophy. Nash's study opens up important avenues for future scholars of women's fiction in the nineteenth century.

BOOK JACKET Fashion Forward, 2020-05-18 **Elizabeth Gaskell** Sandro Jung, 2010 Assembles fourteen original essays on Gaskell the Victorian novelist of social problem fiction *Elizabeth Gaskell* Patsy Stoneman, 1987 When Patsy Stoneman's *Elizabeth Gaskell* first appeared in 1987 it was welcomed as the first major full length feminist study of Gaskell. Victorian Studies. Though long out of print it is still widely used and cited in university contexts making it certain that this augmented edition will be equally welcome. This pioneering study described as a model of feminist criticism. The Year's Work in English Studies reveals Gaskell as an important social analyst who deliberately challenged the Victorian disjunction between public and private ethical values maintaining a steady resistance to aggressive authority and advocating female friendship rational motherhood and the power of speech as forces for social change. Since 1987 Gaskell's work has risen from minor to major status. Despite a wealth of subsequent gender oriented criticism however Stoneman's combination of psychoanalytic and political analysis which Choice found thought provoking in 1987 remains challenging in its use of modern motherhood theories. This new edition therefore presents the original text unchanged except for bibliographical updating together with a new critical Afterword. Patsy Stoneman's extensive new Afterword offers detailed evaluation of all the Gaskell criticism published between 1985 and 2004 which has a bearing on her subject and thus provides both a wide ranging debate on the social implications of motherhood and an invaluable survey of Gaskell criticism over the last twenty years. This edition with an updated bibliography and index will bring a well known classic to a new audience while also offering a uniquely comprehensive overview of current Gaskell studies.

Book jacket Victorian Women Writers and the Other Germany Linda Hughes, 2022-06-09 Shedding new light on the alternative emancipatory Germany discovered and written about by progressive women writers during the long nineteenth century this illuminating study uncovers a country that offered a degree of freedom and intellectual agency unheard of in England. Opening with the striking account of Anna Jameson and her friendship with Ottilie von Goethe Linda K Hughes shows how cultural differences spurred ten writers advocacy of progressive ideas and provided fresh materials for publishing careers. Alongside well known writers Elizabeth Gaskell George Eliot Michael Field Elizabeth von Arnim and Vernon Lee this study sheds light on the lesser known writers Mary and Anna Mary Howitt Jessie Fothergill and the important Anglo Jewish lesbian writer Amy Levy. Armed with their knowledge of the German language each of these women
