Anna Morrison Reed 1849 1921:

Anna Morrison Reed, 1849-1921 Anna M. Morrison Reed, 1978 *Empress San Francisco* Abigail M. Markwyn, 2014-08-14 When the more than 18 million visitors poured into the Panama Pacific International Exposition PPIE in San Francisco in 1915 they encountered a vision of the world born out of San Francisco's particular local political and social climate. By seeking to please various constituent groups ranging from the government of Japan to local labor unions and neighborhood associations, fair organizers generated heated debate and conflict about who and what represented San Francisco, California, and the United States at the world's fair. The PPIE encapsulated the social and political tensions and conflicts of pre-World War I California and presaged the emergence of San Francisco as a cosmopolitan cultural and economic center of the Pacific Rim. *Empress San Francisco* offers a fresh examination of this one of the largest and most influential world's fairs by considering the local social and political climate of Progressive Era San Francisco. Focusing on the influence exerted by women, Asians, and Asian Americans, and working class labor unions among others, Abigail M. Markwyn offers a unique analysis both of this world's fair and the social construction of pre-World War I America and the West. *The Elusive Eden* Richard B. Rice, William A. Bullough, Richard J. Orsi, Mary Ann Irwin, 2017-03-17 California is a region of rich geographic and human diversity. The authors of *The Elusive Eden* masterfully balance the varying environmental and cultural forces that have shaped the history of the most populous of the United States. California's story is told with a narrative integrating the area's north-south, coastal interior, and urban-rural dichotomies. Questions of the role that Californians of every race, ethnicity, and gender are considered, reflecting the significant contribution each has made to make California what it is. The book's organization follows a chronological approach, but each part begins with a feature chapter centered around a particular theme of that period. By focusing on individuals or groups affecting a given period, the authors bring California history to life and encourage deeper thought about the issues facing Californians of the time. *How Old Are You?* Howard P. Chudacoff, 1992-02-16 Most Americans take it for granted that a thirteen-year-old in the fifth grade is behind schedule, that teenagers who marry too early are in for trouble, and that a seventy-five-year-old will be pleased at being told "You look young for your age." Did an awareness of age always dominate American life? Howard Chudacoff reveals that our intense age consciousness has developed only gradually since the late nineteenth century. In so doing, he explores a wide range of topics, including demographic change, the development of pediatrics, and psychological testing, and popular music from the early 1800s until now. Throughout our lifetimes, American society has been age-conscious. But this has not always been the case. Until the mid-nineteenth century, Americans showed little concern with age. The one-room schoolhouse was filled with students of varied ages, and children worked alongside adults. This is a lively picture of the development of age consciousness in urban middle-class culture. Dahlin, *American Historical Review*. **American Diaries: Diaries written from 1845**
